

A person wearing a white, flowing robe is lying on their back on a thick bed of fallen autumn leaves. The person's head is tilted back, and their arms are spread out to the sides. The background is a dense layer of leaves in various shades of brown, orange, and green, suggesting a forest floor in autumn. The overall mood is peaceful and contemplative.

Time, Space, and Metaphysics Bede Rundle, 2009-09-24

Time Space and Metaphysics engages with major philosophical questions concerning time and space a framework for the investigation being provided by the debate between the absolutists and the relationists so between Newton and Leibniz and their followers The investigation brings to the fore questions of the nature and reality of time and space and leads on to more recent debates such as those relating to anti realism time travel temporal parts geometry convention and the infinitude of time and space These in turn raise more general issues issues involving such concepts as those of identity objectivity causation facts and verifiability Their examination falls within metaphysics thought of as the investigation and analysis of fundamental philosophical concepts but there is also metaphysics of a more contentious character where the subject matter is provided by propositions which transcend what can be known either through experience or by pure reasoning In this connection a central aim is to show how without dismissing them as nonsensical we may arrive at a fruitful interpretation of such propositions

Being an Independent Thinker by Thinking of Others Miguel A. Ornelas S., 2020-08-20 Throughout the ages people have used ancient scripture made reference to the words of past queens and kings or have attempted to validate their claims by documenting bits and pieces from recognizable authority figures to support their ideas and writings I believe that to a high degree it is done to give their perspective validity In a deeper sense it may potentially be used to corner the reader to a predetermined train of thought You see every book I read and each topic I researched had what I interpreted as a biased

representation of facts The author or writer seemed to lead and tailor their writing to their way of thinking how they viewed life which in the grand scheme of things that is why people write I am doing neither and desire to have you be the judge In the process of putting this book together I sought input from various people as I was getting close to finalizing this project but out of respect to all that will purchase and read this material I reserve the crediting and discrediting of the material to be left in your hands I took on this endeavor as a bucket list item but along the way I began to feel obligated to share some insight my insight on the many topics that I will be touching on throughout the book but the more I began to read up on and write about the clearer the message that I was to deliver became My wish is that you open your mind and take what is been read what is being talked about and what is being seen and regardless of the person writing saying or doing those things you take it in Reason with it Seek to understand it Once you ve done that form your own conclusion After all it is your life your thoughts and your beliefs The idea behind what I have written is that you expand your belief system to accept things that resonate with your own thoughts because there is only one you in this universe and my wish is that you become the best you that you can be by being the only person that sets limits to your belief system May your life be that of continuous growth

Alpha and Omega God Mathewos T. Abera, 2012-07 The book is about the Alpha and Omega God It is my testimony in regard to the existence and the will of the Deity creator for the entire creation activities I started to write about this supernatural and omnipotent God from the beginning which is unknown time I then proceeded in writing all the way to the time of eternity In the book I have talked and tried to prove the creatorship and rulership situation or condition of the Trinity God I have done this to make peoples of this world believe in existence of the almighty and the ubiquitous God who caused every thing seen and unseen to emerge and exist as they are found now
