When They Severed Earth from Sky Elizabeth Wayland Barber, Paul T. Barber, 2012-01-02 Why were Prometheus and Loki envisioned as chained to rocks What was the Golden Calf Why are mirrors believed to carry bad luck How could anyone think that mortals like Perseus Beowulf and St George actually fought dragons since dragons don't exist Strange though they sound however these myths did not begin as fiction This absorbing book shows that myths originally transmitted real information about real events and observations preserving the information sometimes for millennia within nonliterate societies Geologists' interpretations of how a volcanic cataclysm long ago created Oregon's Crater Lake for example is echoed point for point in the local myth of its origin The Klamath tribe saw it happen and passed down the story for nearly 8 000 years We however have been literate so long that we've forgotten how myths encode reality Recent studies of how our brains work applied to a wide range of data from the Pacific Northwest to ancient Egypt to modern stories reported in newspapers

have helped the Barbers deduce the characteristic principles by which such tales both develop and degrade through time. Myth is in fact a quite reasonable way to convey important messages orally over many generations although reasoning back to the original events is possible only under rather specific conditions. Our oldest written records date to 5 200 years ago but we have been speaking and mythmaking for perhaps 100 000. This groundbreaking book points the way to restoring some of that lost history and teaching us about human storytelling.

When the scrolling never ends and time is wasted we realize we have become subject to hopeless dreams. Social media plays an instrumental role in shaping our views of reality and creating a facade of happiness. This trend of vanity and virtual contentment undoubtedly creates an online competition which sadly can lead to jealousy, confusion, distortion and of course insecurities. Meet two friends who are not only brainwashed by social media's ideals but are infatuated by their abusive partners. Has social media prevented them from escaping the harsh reality of their situation or are they literally blinded by love? Unravel what happens as you follow each character on their journey to happiness and uncover what lays beneath the hidden surface.
