Histories Herodotus,James Romm,2014-03-15 This volume includes a wealth of helpful footnotes more than a dozen maps and illustrations a chronology of the Archaic Age a glossary of main characters places and terms suggested further reading and an index of proper nouns The Histories Book 4: Melpomene Herodotus,2012-11-01 Herodotus was an ancient Greek historian who lived in the fifth century BC c 484 425 BC He has been called the Father of History and was the first historian known to collect his materials systematically test their accuracy to a certain extent and arrange them in a well constructed and vivid narrative The Histories his masterpiece and the only work he is known to have produced is a record of his inquiry being an investigation of the origins of the Greco Persian Wars and including a wealth of geographical and ethnographical information The Histories were divided into nine books named after the nine Muses the Muse of History Clio representing the first book then Euterpe Thaleia Melpomene Terpsichore Erato Polymnia Ourania and Calliope for books 2 to 9 respectively *The History* Herodotus,2010-05-15 David Grene one of the best known translators of the Greek classics splendidly captures the peculiar quality of Herodotus the father of history Here is the historian investigating and judging what he has seen heard and read and seeking out the true causes and consequences of the great deeds of the past In his History the war between the Greeks and Persians the origins of their enmity and all the more general features of the civilizations of the world of his day are seen as a unity and expressed as the vision of one man who as a child lived through the last of the great acts in this universal drama In Grene s remarkable translation and commentary we see the historian as a storyteller combining through his own narration the skeletal historical facts and the imaginative reality toward which his story reaches Herodotus emerges in all his charm and complexity as a writer and the first historian in the Western tradition perhaps unique in the way he has seen the interrelation of fact and fantasy Reading Herodotus in English has never been so much fun Herodotus crowds his fresco like pages with all shades of humanity Whether Herodotus s view is tragic mythical or merely common sense it provided him with a moral salt with which the diversity of mankind could be savored And savor it we do in David Grene s translation Thomas D Evelyn Christian Science Monitor Grene s work is a monument to what translation intends and to what it is hungry to accomplish Herodotus gives more sheer pleasure than almost any other writer Peter Levi New York Times Book Review **The Histories** Herodotus,1996 The story of the Greek city states uniting to repel a superior Persian army is the main theme in this classical narrative but Herodotus fleshes out his text with digressions describing the wonders of Egypt and recounting stories and folk tales Herodotus: Histories Herodotus,2013-12-12 Considered one of the most important works of history in Western literature Herodotus s Histories is a key text for the study of ancient Greece and the Persian Empire Book V not only describes the revolt of the east Greeks against their Persian masters which led to the great Persian Wars of 490 479 BC but also provides fascinating material about the mainland Greek

states in the sixth century BC The importance of Herodotus as the freshest and liveliest of all classical Greek prose authors and the historical centrality of the period covered are the main reasons for studying Book V This is an up to date edition and commentary on the Greek text of the book providing extensive help with the Greek and basic historical information as well as new insights on more advanced matters *Histories* Herodotus,1996 This work comprises the first western historical writing It provides a history of the then known world and provides answers to questions such as why did Pheidippides run from Marathon to Athens and why did Leonides and the Spartans comb their hair before the battle of Thermopylae

Herodotus Herodotus,Walter Blanco,Jennifer Tolbert Roberts,1992 This Norton Critical Edition offers an introduction to Herodotus for students approaching the history of Western Civilization or classical Greece for the first time It features a new translation and selection of Herodotus s The Histories by Walter Blanco supplemented by critical works chosen by Jennifer Roberts

Herodotus: Histories Book VIII Herodotus,2007-12-13 The Battle of Salamis was the first great and unexpected victory of the Greeks over the Persian forces under Xerxes whose defeat had important consequences for the subsequent history and self image of Europe This battle forms the centre piece of book VIII of Herodotus Histories The book also illuminates Greek views of themselves and of peoples from the East the problematic relationships between different Greek states in the face of the invasion and the role of the divine in history This introduction and commentary pays particular attention to the history and culture of Achaemenid Persia and the peoples of its empire It offers much help with the language of the text which has been prepared for ease of reading and deals with major literary and historical questions It will be of especial use to intermediate and advanced Greek students but also provides up to date scholarly materials for graduate students and professional classicists *The History of Herodotus* Herodotus,2015-05-01 The History of Herodotus is now considered as the founding work of history in Western literature Written from the 450s to the 420s BC in the Ionic dialect of classical Greek The Histories serves as a record of the ancient traditions politics geography and clashes of various cultures that were known in Western Asia Northern Africa and Greece at that time It is not an impartial record but it remains one of the West s most important sources regarding these affairs Moreover it established without precedent the genre and study of history in the Western world although historical records and chronicles existed beforehand It stands as one of the first accounts of the rise of the Persian Empire the events of and causes for the Greco Persian Wars between the Achaemenid Empire and the Greek city states in the 5th century BC Herodotus portrays the conflict as one between the forces of slavery the Persians on the one hand and freedom the Athenians and the confederacy of Greek city states which united against the invaders on the other The Histories was at some point divided into the nine books of modern editions conventionally named after the Muses **The History of Herodotus** Herodotus,2016-05-20 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references

Herodotus, Histories Herodotus,2018-07-28 While it is undeniable that Herodotus makes some mistakes in his work his Histories are generally reliable and scholarly studies in all disciplines concerning his work from archaeology to ethnology and more have continued to substantiate all of his most important observations Herodotus identifies himself in the prologue to his work as a native of Halicarnassus on the south west coast of Asia Minor modern Turkey and this is accepted as his birthplace even though Aristotle and the Suda claim he was a native of Thurii This discrepancy is generally understood as a mistake made in an ancient source possibly a translation of Herodotus work as Herodotus may have lived on the island of Thurii but had not been born there He traveled widely in Egypt Africa and Asia Minor and wrote down his experiences and observations providing later generations with detailed accounts of important historical events such as the Battle of Marathon in 490 BCE and Thermopylae and Salamis in 480 BCE everyday life in
