Inger, Jeri Inger, 2018-06-04 This book illustrates the unique systemic approach of the Ingers who are well known teachers and co founders of the Family Studies Institute in Portland Oregon Their work combines elements of the reflective team approach with a model of co therapy It is a fresh and innovative application of systemic thinking to the field of family therapy The book consists of a full length description of one family consultation with detailed commentary on the process of the interview provided by the Ingers The theoretical basis of their model is a carefully explained and the interview itself is discussed by a range of American and British therapists taking part in a family therapy exchange **Therapeutic Conversations with Adolescents** Janet Sasson Edgette, 2023-10-12 *Therapeutic Conversations with Adolescents* takes readers into the office of a seasoned therapist where they can be a fly on the wall of live therapy sessions Full of actual dialogue and the processing behind the choice of responses and interventions this book stands in contrast to the dozens of books about adolescent therapy that discuss only theory conjecture and generic strategies Teenagers today need therapists who can offer robust and

unpretentious therapeutic relationships as well as conversations that matter enough to hold their clients attention and make them want to come back for more Readers will come away from this book understanding how to tread the delicate balance between the support and confrontation the forthrightness and discretion and the humor and tenacity that therapists need to make a real and lasting impact with teenagers
