Through Western Eyes Eastern Orthodoxy A Reformed Perspective:

Through Western Eyes Robert Letham, 2010-09-20 The culture of the Eastern Church to many is alien Yet there are recognizable family resemblances This book aims to start to get to know one another again from a Reformed Protestant perspective

Eastern Orthodoxy Through Western Eyes Donald Fairbairn, 2002-01-01 In the last decade Eastern Orthodoxy has moved from being virtually unknown to Western Christians to being a significant presence on the religious scene in North America and Great Britain In light of Orthodoxy's growing presence this book will introduce Western Christians to the Eastern Orthodox vision of the Christian life by examining Orthodox theology and worship and will also alert readers to the cultural and historical factors that shape any interpretation of the Christian faith [The Ashgate Research Companion to John Owen's Theology](#) Mr Mark Jones, Mr Kelly M Kopic, 2015-07-28 As a revival in Owen studies and reprints has taken place this much needed Companion by an international group of leading scholars helpfully explores key questions related to Owen's method theology and pastoral practice Examining his thought through such topics as his epic work on the Holy Spirit his developed view of faith and reason and his contribution to the place of toleration this book offers an authoritative exploration of Britain's greatest theologians

Systematic Theology Robert Letham, 2019-11-19 This comprehensive systematic theology by respected theologian Robert Letham covers the whole field of Reformed Christian doctrine from biblical historical and theological angles Letham begins with God's ultimate self-revelation as the Father the Son and the Holy Spirit in indivisible union continuing on with the works of God in creation providence and grace He draws deeply from Scripture and important voices from the church to provide a clear and concise articulation of the Reformed faith He also addresses current issues such as feminism charismatic gifts sexual ethics environmentalism other religions the nature of truth and civil liberties Each chapter is followed by discussion questions with a glossary of terms included at the end This work grounds theological understanding and practice in the life and ministry of the church accessible to pastors students scholars and anyone who desires to understand believe and live scriptural doctrine more fully

Hidden and Revealed Dmytro Bintsarovskiy, 2021-07-14 A major contribution to ecumenical reflection on the doctrine of God The past century has seen renewed interest in the doctrine of God While theological traditions disagree their shared commitment to Nicene orthodoxy provides a common language for thinking and speaking about God This dialogue has deepened our understanding of this shared way of thinking about God but little has been done across ecumenical lines to explore God's hiddenness in revelation In *Hidden and Revealed* Dmytro Bintsarovskiy explores the hiddenness and revelation of God in two separate theological streams Reformed and Orthodox Bintsarovskiy shows that an understanding of both traditions reflects a deep structure of shared language history and commitments while nevertheless reflecting real differences With Herman Bavinck and John Meyendorff as his guides Bintsarovskiy advances ecumenical dialogue on a doctrine central to our knowledge of God

John Owen Ryan M. McGraw, 2017-08-18 This book is a thorough study of John Owen Owen has

become recognized as one of the greatest Reformed theologians Great Britain ever produced as well as one of the most significant theologians of the Reformed orthodox period His theological interests were eclectic exegetically based and he sought to meet the needs of his times This volume treats key areas in Owen s thought including the Trinity Old Testament exegesis covenant theology the law and the gospel the nature of faith in relation to images of Christ and prolegomena The common theme tying them together is that John Owen helps us better understand the development and interrelationship of theology exegesis and piety in Reformed orthodox theology By setting him in his international and cross confessional contexts the author seeks to use Owen as a window into the trajectory of Reformed orthodoxy in several key areas
