The nineteenth century was a period of peak popularity for travel to Latin America where a new political independence was accompanied by loosened travel restrictions. Such expeditions resulted in numerous travel accounts, most by men. However, because this period was a time of significant change and exploration, a small but growing minority of female voyagers also portrayed the people and places that they encountered. *Women through Women's Eyes* draws from ten insightful accounts by female visitors to Latin America in the nineteenth century. These firsthand tales bring a number of Latin American women into focus: nuns, market women, plantation workers, the wives and daughters of landowners and politicians, and even a heroine of the independence movement. Questions of family life, religion, women's labor, and education are addressed in addition to the interrelationships of men and women within the structure of Latin American societies. *Women through Women's Eyes* is a perceptive look at Latin American women from various walks of life during this period. Within these pages, the reader catches lengthy glimpses of the women on both sides of the travel accounts, author and

subject and thereby may examine them all and their societies close up **Globalization, 3rd Edition** Eleonore Kofman, Gillian Youngs, 2008-01-01 This fully revised textbook focuses on the major topics of globalization **Through Women's Eyes & America Concise History 3e** + James A.
