Thus Spoke Laozi Translation Commentaries:

Thus Spoke Laozi Charles Q. Wu, 2016-06-30 Daodejing Tao Te Ching by Chinese philosopher Laozi Lao Tzu is one of the most popular Chinese texts with more than 100 translations available Why another Author Charles Q Wu believes that his explorations of the infinite nature of the Daodejing can bring the readers yet another step closer to what Laozi actually says and how he says it through still another translation The strength of Wu s version comes from his superior bilingual talents and unique cross cultural perspective drawing widely from both Chinese and Western sources He provides his target audience of nonacademics and non Chinese readers with line by line bilingual text and commentaries and tries to retain the original beauty of the poetry and paradoxes of Laozi s writings His ambition here is for English speaking readers to experience what Laozi sounds like as if they were reading the work in Chinese Taking a fresh look at what is known as the Wang Bi edition of Laozi s immortal work Wu makes use of new findings from recent archaeological discoveries and invites readers to participate in the translation and interpretation as an open door open ended process Rather than claiming finality in his translation Wu sees himself as a tour guide leading readers toward unexpected aha moments as they encounter a more thorough understanding the Daodejing

East-West Exchange and Late Modernism Zhaoming Qian, 2017-11-07 In East West Exchange and Late Modernism Zhaoming Qian examines the nature and extent of Asian influence on some of the literary masterpieces of Western late modernism Focusing on the poets William Carlos Williams Marianne Moore and Ezra Pound Qian relates captivating stories about their interactions with Chinese artists and scholars and shows how these cross cultural encounters helped ignite a return to their early experimental modes Qian s sinuous readings of the three modernists last books of verse Williams s Pictures from Brueghel 1962 Moore s Tell Me Tell Me 1966 and Pound s Drafts and Fragments of Cantos CX CXVII 1969 expand our understanding of late modernism by bringing into focus its heightened attention to meaning in space its obsession with imaginative sensibility and its increased respect for harmony between humanity and nature

From Metaphysical Representations to Aesthetic Life Massimiliano Lacertosa, 2023-07-01 What is Chinese philosophy What is philosophy itself How can one understand unfamiliar philosophical stances How can comparison become a prominent philosophical tool In this book Massimiliano Lacertosa examines these questions by proposing an ethical understanding of the aesthetic encounter with the other and the world Through the analysis of the works of Laozi Zhuangzi Nietzsche and Heidegger among others this book explores the possibilities of stepping out of the anthropocentric standpoint and seeing the relation of objects in the world under a different light This implies a shift from the metaphysical representation of the world divided between the sensible and the supersensible to an aesthetic and undivided experience of the world in which one partakes in the constant transformation of the myriad things Approachable yet rigorous this book is essential reading for anyone interested in the most fundamental issues of philosophy and in the challenges of doing philosophy in a multicultural context

Philosophical Approaches to Politics and Ethics Guorong Yang, 2025-04-24 In

Philosophical Approaches to Politics and Ethics Yang Guorong investigates influential political and ethical topics in Chinese and Western philosophies This is the first and only English language translation of the text originally authored by one of the most influential living philosophers in China Yang looks general issues such as moral behaviour humanism wisdom or how to do philosophy as well as at broad topics from various discourses such as the relationship between rights and duties or humaneness and propriety and more concentrated discussions such as the Gettier Problem or Zhang Zai s thought Throughout Yang draws on resources from Chinese and Western traditions to develop post comparative philosophical reflections on these issues in this way Yang engages in what he calls world philosophy New Daoism Kwan-Yuk Claire Sit,2023-10-10 The Dao that can be a road is not the eternal Dao The word Dao can be a method to talk about or can be a road to walk on yet neither meaning can convey the full significance of Dao the Primal Wisdom New Daoism analyzes the old Daoist classic Laozi also called Daodejing through the prism of the modern anthroposophic teaching of Rudolf Steiner The author Kwan Yuk Claire Sit has spent more than twenty years diligently studying these two subjects Such resolute research has enabled her to bring refreshingly new perspectives to both Daoism and Anthroposophy She cogently explains why Daoism can now be regarded as esoteric Christianity and how the practice of Daoism can lead to the mystical union with the Christ spirit within Claire Sit provides practical advice on matters such as how to manifest one s wishes She presents a so called persist resist principle what one persists in wanting will resist appearing illustrating how calmness and quietude of the mind are conducive to the fulfillment of one s goals The author s simple and plain language explores deep and subtle aspects of Dao incorporating numerous anecdotes to illustrate this path of self realization Whether a seasoned or new student of Laozi and Anthroposophy readers will find this book inspiring and informative *Modern Chinese Counter-Enlightenment* Peng Hsiao-yen,2023-06-06 In Modern Chinese Counter Enlightenment Affect Reason and the Transcultural Lexicon Peng Hsiao yen argues that a trend of Counter Enlightenment had grown from the late Qing to the May Fourth era in the 1910s to the 1920s and continued to the 1940s She demonstrates how Counter Enlightenment was manifested with case studies such as Lu Xun s writings in the late 1900s the Aesthetic Education movement from the 1910s to 1920s and the Science and Lifview debate in the 1920s During the period the life philosophy movement highlighting the epistemic debate on affect and reason is connected with its counterparts in Germany France and Japan The movement had widespread and long term impact on Chinese philosophy and literature Using the transcultural lexicon as methodology this book traces how the German term Lebensanschauung lifview a key concept in Rudolf Eucken s life philosophy constituted a global tide of Counter Enlightenment that influenced the thought of leading Chinese intellectuals in the Republican era Peng contends that Chinese intellectuals transcultural connections with others in the philosophical pursuit of knowledge triggered China s self transformation She has successfully reconstructed the missing link in the Chinese theater of the worldwide dialectic of Enlightenment and Counter Enlightenment This book can be considered a milestone in modern Chinese and cultural studies

It is also the most ambitious attempt in developing a new kind of interdisciplinary studies an attempt that bears a philosophic weight and cuts across the disciplines of Sinology comparative literature intellectual history and translation studies At the same time it seeks to demonstrate a new theory of Transcultural Lexicon which should appeal to all scholars interested in cultural theories Leo Ou fan Lee Chinese University of Hong Kong In the age ruled by the myth of technoscientific triumphalism this timely and refreshing book unearths a critical strand of thought and sensibility against enlightenment rationality in modern China Drawing on historical archives and debates Peng Hsiao yen stages a compelling critique of industrial modernity and the pursuit of wealth and power at the cost of emotional ties community and organic lifeways Ban Wang Stanford University
