Victory Over Tourette's Syndrome and Tic Disorders Denise Buzbuzian,2007-04-01 The result of one mother s tireless quest to find natural ways to treat her son s Tourette s syndrome this Woodland Health Series booklet outlines the most recent and effective ways to treat these conditions using natural supplements and alternative therapies Her journey will not only help heal the body but also touch the heart of those struggling with Tourette s syndrome and other tic disorders The Stress Rx Trupti Gokani,2025-05-14 What if good health body mind and spirit came down to what we think and how we manage stress According to the Centers for Disease Control and Prevention CDC stress is the number one cause of disease Yet most people have no idea how stress has thrown their lives off balance disconnecting them from who they really are In The Stress Rx A Neurologist s Ayurvedic Prescription for Happiness and Health Dr Trupti Gokani uses the ancient wisdom of ayurveda and her Three Brain Model TM to show you how to find true holistic health As a neurologist who has spent over two decades in clinical practice Dr Gokani has a powerful message to share What if instead of changing your diet adding supplements or more exercise you focused on shifting your brain programs What if changing how you and your brain perceive stress could take care of 80 to 90 percent of your struggles If this shift could reduce your risk of disease and improve your longevity far more than any dietary change pill or exercise routine would you be interested in giving it a try The Stress Rx will show you how **The Wellness Sense** Om Swami,2015-08-04 Why do certain foods harm some people and help others How come the same weight loss program shows different results on different individuals And why do some people

fall sick more often than others. Answers to these questions and many more lie in Ayurveda where your body is not just looked upon as a holder of flesh and bones but the finest vehicle of experiencing all pleasures and sorrows. In Ayurveda, as in yoga and tantra, the health of an individual is not just the state of his physical body but an aggregate of the body, senses, mind, and soul. Your body is a sacred space; it is the seat of your consciousness. The Sanskrit word for health is *svasthya*; it means self-dependence or a sound state of the body and mind. If examined further, it means your natural state. *sva* means natural, and *sthya* means state or place. Ayurveda aims to restore your natural state, balance, so you may be free of mental and physical afflictions. More often than not, and certainly in adults, most physical disorders are the result of a repressed and bruised consciousness. Mental afflictions create diseases in the physical body, and physical diseases in turn disturb the state of mind. You can treat the disease in the physical body, but that's merely treating the symptom. It is not the permanent solution. The modern system of medicine is mostly symptom-driven. If I have a headache, it'll tell me to take a pain killer. Ayurveda does not believe in treating the symptoms. Its advocates understanding the patient and treating the cause of the symptom, and not the symptom itself. In order to do that, the ancient scriptures took a far more holistic approach to health by combining our lifestyle with our natural tendencies, which vary from one person to another. In other words, it understood that one man's medicine could be another man's poison. Expounding on the esoteric aspects of the ancient wisdom in simple terms, this book shows you how to take care of yourself better and how to lead a healthier life in our present world, a world where we have all the comforts yet we are restless. We have organic breakfast on the table but no time to eat it; we've the comfiest mattress but little sleep. The key to wholesome living and your wellbeing is entirely in your hands. This book is a must-read for those who are serious about their health.

ABOUT THE AUTHOR Om Swami is a mystic who lives in the Himalayan foothills. An advanced yogin, Swami did thousands of hours of intense meditation in complete seclusion in Himalayan caves and woods.
