Tiger Panzerkampfwagen Steve Stone:

Tiger Steve Stone,2015-12-11 The main track had snapped and a road wheel had been blown off From a distance the Tiger still looked every bit as menacing as it had always been this tank though had seen its fair share of battle and had the scars on its armour to prove it The crew of the Tiger was huddled together dead in their steel tomb After a successful campaign the tank lay lifeless in a field flames flickering from the engine compartment after being hit in the rear several times A testament to its armour that it had survived so many hits One of the most feared weapons of World War II the Tiger tank was a formidable tank at the forefront of tank design in its day The Tiger nickname given by Ferdinand Porsche dominated the battlefields of Europe with its astonishing size heavy armour speed and firepower when it arrived in 1942 Tiger follows Tiger and Panther crews into battle in some intense and brutal battles against the Red Army Even with a tank as formidable as the Tiger the German Army would suffer eventual defeat This story is based on true accounts and gives an intimate picture of the tough existence for German tank crews The life and death decisions these crews had to make during World War II on the Eastern Front The 1st Schutzstaffel Panzer Division In the Battle of the Bulge Steve Kane,2020-02-26 Merriam Press World War 2 History An extremely readable account of the 1st SS Panzer Division Leibstandarte Adolf Hitler LAH throughout the Ardennes Offensive relating the actions of the LAH and a variety of German units who fought with them as well as considerable detail about the American units that fought against the 1st SS Panzer Division Contents Background The Saga of Kampfgruppe Peiper The Rest of the Saga Analysis Appendices Waffen SS U S Army Officer Rank Equivalents Chronology Bibliography Afterword End Notes 128 photos 14 maps *The Bullet Garden* Stephen Hunter,2024-06-04 July 1944 The lush rolling hills of Normandy are dotted with a new feature German snipers From their vantage points they pick off hundreds of Allied soldiers every day bringing the D Day invasion to its knees It s clear that someone is tipping off these snipers with the locations of American GIs but who And how General Eisenhower demands his intelligence service to find the best shot in the Allied military to counter this deadly SS operation Enter Pacific hero Earl Swagger assigned this crucial and bloody mission With crosshairs on his back Swagger can t trust anyone as he infiltrates the shadowy corners of London and France for answers *The Armoured Campaign in Normandy* Stephen Napier,2015-07-01 Beginning with the D day landings this is a brutally frank appraisal of the planned use and actual results of the deployment of armour by both German and Allied commanders in the major tank battles of the Normandy campaign including operations Epsom Goodwood Cobra and Totalize The Armoured Campaign in Normandy is a critique of Montgomery s plans to seize territory and break out and describes how they failed in the face of German resistance It details the poor planning and mistakes of British senior commanders and how the German Army s convoluted chain of command contributed to their own defeat these were decisions taken which cost the lives of the tank crews of both sides ordered to carry them out Official reports war diaries after action reports letters regimental histories memoirs of generals and recollections of tank men are used to tell the inside story of the
