### **Time Atlantic Edition Front Page Lee Iacocca:**

**A Patriot's History of the United States** Larry Schweikart, Michael Allen, 2014-11-25 For the past three decades many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of dead white men. As a result, more emphasis is placed on Harriet Tubman than on George Washington, more about the internment of Japanese Americans during World War II than about D Day or Iwo Jima, more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. **A Patriot's History of the United States** corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long overdue acknowledgment of America's true and proud history. **Canadian Periodical Index**, 1997

**New York Magazine**, 1987-11-16 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. **The Atlantic**, 1985 **The Director**, 1991-04 **Popular Mechanics**, 2000-01 Popular Mechanics inspires, instructs, and influences readers to help them master the modern world. Whether it's practical DIY home improvement tips, gadgets, and digital technology information on the newest cars or the latest breakthroughs in science, PM is the ultimate guide to our high-tech lifestyle. [Go Like Hell](#) Albert J. Baime, 2009 By the early 1960s the Ford Motor Company, built to bring automobile transportation to the masses, was falling behind. Young Henry Ford II, who had taken the reins of his grandfather's company with little business experience, knew he had to do something to shake things up. Baby boomers were taking to the road in droves, looking for speed, not safety; style, not comfort. Meanwhile, Enzo Ferrari, whose cars epitomized style, lorded it over the European racing scene. He crafted beautiful sports cars, science fiction on wheels, but was also called the Assassin because so many drivers perished while racing them. [Go Like Hell](#) tells the remarkable story of how Henry Ford II, with the help of a young visionary named Lee Iacocca and a former racing champion turned engineer, Carroll Shelby, concocted a scheme to reinvent the Ford company. They would enter the high-stakes world of European car racing, where an adventurous few threw safety and sanity to the wind. They would design, build, and race a car that could beat Ferrari at his own game at the most prestigious and brutal race in the world, something no American car had ever done. [Go Like Hell](#) transports readers to a risk-filled, glorious time in this brilliant portrait of a rivalry between two industrialists, the cars they built, and the pilots who would drive them to victory or doom. [New York Magazine](#), 1990-08-27 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for
