Volition And Personality:

Volition and Personality Julius Kuhl, Jürgen Beckmann, 1994 This is an impressive book which presents a profoundly new approach to analyzing human behavior The fundamental concept is to focus on how people link motivation with action and why they do or do not stick with their original intentions The fascinating studies reported here attempt to separate people into two groups 1 State oriented individuals who focus under stress on past present or future states rather than on options available for action versus 2 Action oriented individuals who focus under stress on action alternatives This book will be of great interest to both behavioral and cognitive psychologists psychophysicists and specialists in sport as well as aviation psychology Control of Human Behavior, Mental Processes, and Consciousness Walter J. Perrig, Alexander Grob, 2013-05-13 In this book an international group of leading scientists present perspectives on the control of human behavior awareness consciousness and the meaning and function of perceived control or self efficacy in people's lives The book breaks down the barriers between subdisciplines and thus constitutes an occasion to reflect on various facets of control in human life Each expert reviews his or her field through the lens of perceived control and shows how these insights can be applied in practice Why People Do the Things They Do Nicola Baumann, Miguel Kazén, Markus Quirin, Sander L. Koole, 2018-05-07 A unique and comprehensive book by leading researchers looking at motivation and volition How can we motivate students patients employees and athletes What helps us achieve our goals improve our well being and grow as human beings These issues which relate to motivation and volition are familiar to everyone who faces the challenges of everyday life This comprehensive book by leading international scholars provides integrative perspectives on motivation and volition that build on the work of German psychologist Julius Kuhl The first part of the book examines the historical trail of the European and American research traditions of motivation and volition and their integration in Kuhl's theory of personality systems interactions PSI The second part of the book considers what moves people to action how needs goals and motives lead people to choose a course of action motivation The third part of the book explores how people once they have committed themselves to a course of action convert their goals and intentions into action volition The fourth part shows what an important role personality plays in our motivation and actions Finally the fifth part of the book discusses how integrative theories of motivation and volition may be applied in coaching training psychotherapy and education This book is essential reading for everyone who is interested in the science of motivating people *The Psychology of Implicit Emotion Regulation* Sander L. Koole, Klaus Rothermund, 2012-12-06 Emotion regulation has traditionally been conceived as a deliberative process but there is growing evidence that many emotion regulation processes operate at implicit levels Implicit emotion regulation is initiated automatically without conscious intention and aims at modifying the quality of emotional responding This special issue showcases recent advances in theorizing and empirical research on implicit emotion regulation Implicit emotion regulation is pervasive in everyday life and contributes considerably to the effectiveness of emotion regulation The

contributions to this special issue highlight the significance of implicit emotion regulation in psychological adaptation goal directed behavior interpersonal behavior personality functioning and mental health Cognitive Interference Irwin G. Sarason, Gregory R. Pierce, Barbara R. Sarason, 2014-06-03 In this volume the first synthesis of work on cognitive interference leading researchers theorists and clinicians from around the world confront a number of important questions about intrusive thoughts and suggest a challenging agenda for the future *International Perspectives on Psychological Science: The state of the art : state of the art lectures* Paul Bertelson, Paul Eelen, Géry d'.
