Weber 5e Text Lab Manual Package:

Lab Manual for Health Assessment in Nursing Janet R. Weber, Jane H. Kelley, Ann D. Sprengel, 2013-11-25 Lab Manual for Health Assessment in Nursing 5e serves as a laboratory manual and a study guide for the student. Each chapter of the lab manual corresponds to a chapter in the main textbook, assisting students with comprehending and applying the theoretical content. Students will fully develop their assessment skills using the new interview guides and assessment guides. Students will also develop independence and readiness for test taking by answering questions designed to hone these skills. Critical thinking skills are further developed when students participate in the Critical Thinking and Case Study activities.

Health Assessment in Nursing Janet R. Weber, Jane H. Kelley, 2013-11-14 Innovative, systematic and user friendly. Health Assessment in Nursing has been acclaimed through four previous editions for the way it successfully helps RN level students develop the comprehensive knowledge base and expert nursing assessment skills necessary for accurate collection of client data. Maintaining the text's hallmarks in depth, accurate information, a compelling Continuing Case Study, and practical tools that help students develop the skills they need to collect both subjective and objective data, the Fifth Edition now features an exciting array of new chapters, a greater focus on diversity and health assessment through the lifespan, over 150 new illustrations, more than 300 new photos of actual registered nurses and nurse practitioners performing assessments, and an expanded array of teaching and learning tools.
