Weiwei-isms Ai Weiwei, 2012-12-01 This collection of quotes demonstrates the elegant simplicity of Ai Weiwei's thoughts on key aspects of his art, politics and life. A master at communicating powerful ideas in astonishingly few words, Ai Weiwei is known for his innovative use of social media to disseminate his views. The short quotations presented here have been carefully selected from articles, tweets and interviews given by this acclaimed Chinese artist and activist. The book is organized into six categories: freedom of expression, art and activism, government power and moral choices, the digital world, history, the historical moment and the future, and personal reflections. Together, these quotes span some of the most revealing moments of Ai Weiwei's eventful career, from his risky investigation into student deaths in the 2008 Sichuan earthquake to his arbitrary arrest in 2011, providing a window into the mind of one of the world's most electrifying and courageous contemporary artists.

Select Quotes from the Book *On Freedom of Expression*: Say what you need to say plainly and then take responsibility for it. A small act is worth a million thoughts. Liberty is about our rights to question everything. *On Art and Activism*: Everything is art. Everything is politics. The art always wins. Anything can happen to me, but the art will stay. Life is art. Art is life. I never separate it. I don't feel that much anger. I equally have a lot of joy. *On Government Power and Making Moral Choice*: Once you've tasted freedom, it stays in your heart and no one can take it. Then you can be more powerful than a whole country. I feel powerless all the time, but I regain my energy by making a very small difference that won't cost me much. *Tips on surviving the regime*: Respect yourself and speak for others. Do one small thing every day to prove the existence of justice. *On the Digital World*: Only with the Internet can a peasant I have never met hear my voice, and I can learn what's on his mind. A fairy tale has come true. The Internet is uncontrollable. And if the Internet is uncontrollable, freedom will win. It's as simple as that. The Internet is the best thing that could have happened to China. *On History, the Historical Moment and the Future*: If a nation cannot face its past, it has no future. We need to get out of the old language. The world is a sphere; there is no East or West. *Personal Reflection*: I've never planned any part of my career except being an artist. And I was pushed into that corner because I thought being an artist was the only way to have a little freedom. Anyone fighting for freedom does not want to totally lose their freedom. Expressing oneself is like a drug. I'm so addicted to it. — *Ai Weiwei*

Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist. One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including fittingly the most celebrated fake Warhol saying, "In the future, everyone will be world famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems, in which a superficial embrace of superficiality often disguises provocative, unconventional ideas, provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: "I think an artist is anybody who does something well." "I went to a psychiatrist once and he never called me back. They always say that time changes things, but you actually have to change them yourself." "I've never met a person I couldn't call a beauty." "New things are always better than old things." "I'm still a commercial artist." "I was always a commercial artist."

Pharrell-isms Pharrell Williams, 2023-05-02 An essential, inspiring collection of quotations about creativity, social justice, and more from musician, producer, artist, and designer Pharrell Williams. Rising to global fame with his hit single "Happy," Pharrell Williams has influenced every corner of music, from cowriting and producing the monumental track "Alright" with Kendrick Lamar to composing music for the Academy Award-winning film *Hidden Figures*. But his work also extends to fashion design and the visual arts, and he has collaborated with leading artists and designers, including Takashi Murakami, Daniel Arsham, and Comme des Garçons. Gathered from interviews and other sources, this compelling and provocative collection of quotations offers new insights into the personality and creative process of one of today's most exciting and intriguing artists. Select quotations from the book: "Self-awareness is a muscle that needs exercise. It needs a regimen. You've got to continue to reinvent yourself today all the while thinking about tomorrow." "Music is the key, the skeleton key that's opened every door for me." "There is no humanity without education. There is no education without demand. The only way to make life better for yourself, the only true and lasting way, is to make life better for others."

Arsham-isms Daniel Arsham, 2021-04-13 A collection of compelling quotations from a rising star in contemporary art, architecture, and design. The work of renowned contemporary artist Daniel Arsham blurs the lines between art, architecture, archeology, and design. In his distinctive style, he takes ancient art works and objects from twentieth-century pop culture and casts sculptures of them in geological materials such as quartz or volcanic ash, colliding past, present, and future in haunted yet playful visions that prompt viewers to question their everyday surroundings. Gathered from interviews and other sources, *Arsham-isms* is a collection of lively, thought-provoking, and memorable quotations from this exciting young creative talent on a wide range of subjects, including art, architecture, film, design, pop culture, the art world, and what it means to be a globally recognized artist.

(Inter)Facing Death Sam Han, 2019-10-16 In modern times death is understood to have undergone a transformation not unlike religion Whereas in the past it was out in the open it now resides mostly in specialized spaces of sequestration funeral homes hospitals and other medical facilities A mainstay in so called traditional societies in the form of ritual practices death was usually messy but meaningful with the questions of what happens to the dead or where they go lying at the heart of traditional culture and religion In modernity however we are said to have effectively sanitized it embalmed it and packaged it but it seems that death is back In the current era marked by

economic political and social uncertainty we see it on television on the Internet we see it almost everywhere Inter Facing Death analyzes the nexus of death and digital culture in the contemporary moment in the context of recent developments in social cultural and political theory It argues that death today can be thought of as interfaced that is mediated and expressed in various aspects of contemporary life rather than put to the side or overcome as many narratives of modernity have suggested Employing concepts from anthropology sociology media studies and communications Inter Facing Death examines diverse phenomena where death and digital culture meet including art online suicide pacts the mourning of celebrity deaths terrorist beheadings and selfies Providing new lines of thinking about one of the oldest questions facing the human and social sciences this book will appeal to scholars and students of social and political theory anthropology sociology and cultural and media studies with interests in death Introduction to International and Global Studies, Third Edition Shawn C.
