

Women and Enlightenment in Eighteenth-Century Britain

KAREN O'BRIEN

Women And Enlightenment In Eighteenth Century Britain

Paul-Gabriel Boucé

Women And Enlightenment In Eighteenth Century Britain:

Women and Enlightenment in Eighteenth-Century Britain Karen O'Brien, Karen Elisabeth O'Brien, 2009-03-05 An original study of how Enlightenment ideas shaped the lives of women and the work of eighteenth century women writers Women and Enlightenment in Eighteenth-century Britain, 2009 *Women and Enlightenment in Eighteenth-century Britain* Karen O'Brien, 2014-05-14 An original study of how Enlightenment ideas shaped the lives of women and the work of eighteenth century women writers *Sexuality in Eighteenth-century Britain* Paul-Gabriel Boucé, 1982 **Gender and Enlightenment Culture in Eighteenth-Century Scotland** Rosalind Carr, 2014-01-28 Presents major new research on gender in the Scottish Enlightenment What role did gender play in the Scottish Enlightenment Combining intellectual and cultural history this book explores how men and women experienced the Scottish Enlightenment It examines Scotland in a European context investigating ideologies of gender and cultural practices among the urban elites of Scotland in the 18th century The book provides an in depth analysis of men's construction and performance of masculinity in intellectual clubs taverns and through the violent ritual of the duel Women are important actors in this story and the book presents an analysis of women's contribution to Scottish Enlightenment culture and it asks why there were no Scottish bluestockings *British Women and the Intellectual World in the Long Eighteenth Century* Teresa Barnard, 2016-03-09 Highlighting the remarkable women who found ways around the constraints placed on their intellectual growth this collection of essays shows how their persistence opened up attributes of potent female imagination radical endeavour literary vigour and self education that compares well with male intellectual achievement in the long eighteenth century Disseminating their knowledge through literary and documentary prose with unapologetic self confidence women such as Anna Barbauld Anna Seward Elizabeth Inchbald and Joanna Baillie usurped subjects perceived as masculine to contribute to scientific political philosophical and theological debate and progress This multifaceted exploration goes beyond traditional readings of women's creativity to add fresh at times controversial insights into the female view of the intellectual world Bringing together leading experts on British women's lives work and writings the volume seeks to rediscover women's appropriations of masculine disciplines and to examine their interventions into the intellectual world Through their engagement with a unique perspective on women's lives and achievements the essays make important contributions to the existing body of knowledge in this important area that will inform future scholarship *Women in Eighteenth-Century Scotland* Deborah Simonton, 2016-12-05 The eighteenth century looms large in the Scottish imagination It is a century that saw the doubling of the population rapid urbanisation industrial growth the political Union of 1707 the Jacobite Rebellions and the Enlightenment events that were intrinsic to the creation of the modern nation and to putting Scotland on the international map The impact of the era on modern Scotland can be seen in the numerous buildings named after the luminaries of the period Adam Smith David Hume William Robertson the endorsement of Robert Burns as the national poet hero the preservation of the Culloden battlefield as a tourist attraction

and the physical geographies of its major towns Yet while it is a century that remains central to modern constructions of national identity it is a period associated with men Until recently the history of women in eighteenth century Scotland with perhaps the honourable exception of Flora McDonald remained unwritten Over the last decade however research on women and gender in Scotland has flourished and we have an increasingly full picture of women s lives at all social levels across the century As a result this is an appropriate moment to reflect on what we know about Scottish women during the eighteenth century to ask how their history affects the traditional narratives of the period and to reflect on the implications for a national history of Scotland and Scottish identity Divided into three sections covering women s intimate intellectual and public lives this interdisciplinary volume offers articles on women s work criminal activity clothing family education writing travel and more Applying tools from history art anthropology cultural studies and English literature it draws on a wide range of sources from the written to the visual to highlight the diversity of women s experiences and to challenge current male centric historiographies

The Spiritual Lives and Manuscript Cultures of Eighteenth-Century English Women

Cynthia Aalders,2024-05-01 The Spiritual Lives and Manuscript Cultures of Eighteenth Century English Women explores the vital and unexplored ways in which women s life writings acted to undergird guide and indeed shape religious communities Through an exploration of various significant but understudied personal relationships including mentorship by older women spiritual friendship and care for nonbiological children the book demonstrates the multiple ways in which women were active in writing religious communities The women discussed here belonged to communities that habitually communicated through personal writing At the same time their acts of writing were creative acts powerful to build and shape religious communities these women wrote religious community The book consists of a series of interweaving case studies and focuses on Catherine Talbot 1721 70 Anne Steele 1717 78 and Ann Bolton 1743 1822 and on their literary interactions with friends and family Considered together these subjects and sources allow comparison across denomination for Talbot was Anglican Steele a Baptist and Bolton a Methodist Further it considers women s life writings as spiritual legacy as manuscripts were preserved by female friends and family members and continued to function in religious communities after the death of their authors Various strands of enquiry weave through the book questions of gender and religion themselves inflected by denomination themes related to life writings and manuscript cultures and the interplay between the writer as individual and her relationships and communal affiliations The result is a variegated and highly textured account of eighteenth century women s spiritual and writing lives

Literary Salons Across Britain and Ireland in the Long Eighteenth Century

Amy Prendergast,2015-08-25 The eighteenth century salon played an important role in shaping literary culture while both creating and sustaining transnational intellectual networks Focusing on archival materials this book is the first detailed examination of the literary salon in Ireland considered in the wider contexts of contemporary salon culture in Britain and France

Women and Politeness in Eighteenth-Century England Soile Ylivuori,2018-10-29 This first in depth study of

women's politeness examines the complex relationship individuals had with the discursive ideals of polite femininity. Contextualising women's autobiographical writings, journals and letters with a wide range of eighteenth-century printed didactic material, it analyses the tensions between politeness discourse which aimed to regulate acceptable feminine identities and women's possibilities to resist this disciplinary regime. Ylivuori focuses on the central role the female body played as both the means through which individuals actively fashioned themselves as polite and feminine and the supposedly truthful expression of their inner status of polite femininity.
