World of Warcraft's newest expansion Warlords of Draenor Players must mount a charge on Draenor and defeat the Iron Horde before the future is unmade With a level 90 character boost and the level cap raised to 100 players can join and take their place among Warcraft's finest The expansion introduces Garrisons personal fortresses for players to build and manage along with all new dungeons raids world bosses challenge modes scenarios and more **New Mana** Matt Tomlinson, Ty P. K?wika Tengan, 2016-04-13 Mana a term denoting spiritual power is found in many Pacific Islands languages In recent decades the term has been taken up in New Age movements and online fantasy gaming In this book 16 contributors examine mana through ethnographic linguistic and historical lenses to understand its transformations in past and present The authors consider a range of contexts including Indigenous sovereignty movements Christian missions and Bible translations the commodification of cultural heritage and the dynamics of diaspora Their investigations move across diverse island groups Papua New Guinea Solomon Islands Vanuatu Fiji Tonga Samoa Hawai i and French Polynesia and into Australia North America and even cyberspace A key insight that the volume develops is that mana can be analysed most productively by paying close attention to its ethical and aesthetic dimensions Since the late nineteenth century mana has been an object of intense scholarly interest Writers in many fields including anthropology linguistics history religion philosophy and missiology have long debated how the term should best be understood The authors in this volume review mana's complex intellectual history but also describe the remarkable transformations going on in the present day as scholars activists church leaders artists and entrepreneurs take up mana in new ways The Archives Aa. Vv., 2015-04-21T00:00:00+02:00 The digital age has witnessed the development of a new kind of archive immaterial living and moving largely user generated and conceived for managing a wide variety of audio visual materials besides traditional films and videos The first part of this anthology investigates the ways in which media forms like web documentaries video art and digital art web series amateur productions and also mobile films can be stored and preserved within the new digital repositories The second part focuses on archival and preservation practices of the video game This approach understands the archive not simply as a memory box but as a fully contemporary practice that locates new media objects in the present and acknowledges their changing cultural and social configurations The democratic often immaterial living mobile nature of contemporary archives forces us to question whether or not the traditional notion of the archive still has a heuristic value Or if it would be perhaps better to reject any conventional idea of archive and embrace the notion of an archive Metagaming Stephanie Boluk, Patrick LeMieux, 2017-04-04 The greatest trick the videogame industry ever pulled was convincing the world that videogames were games rather than a medium for making metagames Elegantly defined as games about games metagames implicate a diverse range of practices that stray outside the boundaries and bend the rules from technical glitches and forbidden strategies to Renaissance painting algorithmic trading professional sports and the War on Terror In Metagaming Stephanie Boluk and Patrick LeMieux demonstrate how games always extend beyond the screen and how modders mappers streamers spectators

analysts and artists are changing the way we play Metagaming uncovers these alternative histories of play by exploring the strange experiences and unexpected effects that emerge in on around and through videogames Players puzzle through the problems of perspectival rendering in Portal perform clandestine acts of electronic espionage in EVE Online compete and commentate in Korean StarCraft and speedrun The Legend of Zelda in record times with or without the use of vision Companies like Valve attempt to capture the metagame through international e sports and online marketplaces while the corporate history of Super Mario Bros is undermined by the endless levels of Infinite Mario the frustrating pranks of Asshole Mario and even Super Mario Clouds a ROM hack exhibited at the Whitney Museum of American Art One of the only books to include original software alongside each chapter Metagaming transforms videogames from packaged products into instruments equipment tools and toys for intervening in the sensory and political economies of everyday life And although videogames conflate the creativity criticality and craft of play with the act of consumption we don t simply play videogames we make metagames

EGods William Sims Bainbridge, 2013-04-04 William Bainbridge contends that the worlds of massively multiplayer online roleplaying games provide a new perspective on the human quest one that combines the arts and simulates most aspects of real life The quests in gameworlds also provide meaning for human action in terms of narratives about achieving goals by overcoming obstacles

Imho (In My Humble Opinion) R. J. Lavalley, 2009-01-01 The intention of IMHO is to make readers think presenting the facts that proponents and opponents of technology use to support their positions in a way that lets readers determine what these facts really mean Ultimately IMHO is a reminder that the future of human communication is in our hands and that we are the active participants in the shaping of it

Digital Gaming Re-imagines the Middle Ages Daniel T. Kline, 2013-09-11 Digital gaming's cultural significance is often minimized much in the same way that the Middle Ages are discounted as the backward and childish precursor to the modern period Digital Gaming Reimagines the Middle Ages challenges both perceptions by examining how the Middle Ages have persisted into the contemporary world via digital games as well as analyzing how digital gaming translates adapts and remediates medieval stories themes characters and tropes in interactive electronic environments At the same time the Middle Ages are reinterpreted according to contemporary concerns and conflicts in all their complexity Rather than a distinct time in the past the Middle Ages form a space in which theory and narrative gaming and textuality identity and society are remediated and reimagined Together the essays demonstrate that while having its roots firmly in narrative traditions neomedieval gaming where neomedievalism no longer negotiates with any reality beyond itself and other medievalisms creates cultural palimpsests multiply layered trans temporal artifacts Digital Gaming Re imagines the Middle Ages demonstrates that the medieval is more than just a stockpile of historically static facts but is a living subversive presence in contemporary culture
