Waterloo Archive Volume I British Sources:

The Waterloo Archive Gareth Glover, 2012-03-27 The British archives of the Napoleonic wars are unique brimming with personal letters to family and friends or journals that record their innermost thoughts The human aspect of war comes to the fore the humor and exhilaration the fears and miseries the starvation and exhaustion the horror and the joy It is usually accepted that very few common soldiers of this period could read or write and that the few letters and journals that do exist emanate from more senior officers who were required to be able to write to perform their duties Volume I proved this to be a fallacy and this volume continues with a further three accounts and shows how the ordinary soldier saw things giving a different aspect to our studies Also included The poignant final letters of older family men such as Major Arthur Heyland jar noticeably with the bawdy and carefree scribbles of youth by such as Ensign Kinchant including describing his visits to bordellos who also lost his life that day A long series of letters by Lieutenant Frederick Johnston of the 6th Inniskillings and of Lieutenant George Blathwayt of the 23rd Light dragoons sheds important light on cavalry regiments who have few previously published memoirs A very interesting letter by Second Lieutenant Richard Cocks Eyre of the 2nd Battalion 95th Rifles makes a mockery of the myth that British troops did not openly plunder the local farmhouses before the battle for food and fuel to burn A letter by a civilian visitor to the area six weeks after the battle ends this volume which will engage and fascinate the reader

The Waterloo Archive Volume I: British Sources Gareth Glover, 2010-01-30 Originally published in 1900 this book features excerpts from Alexander Cavali Mercer's account of the battle of Waterloo As an artillery officer at the sharp end this is his eye witness account of the events that lead to Napoleon's final defeat in June 1815 This is the contemporary view of how the events were conveyed to the public of Great Britain Featuring original engravings from the Illustrated London News and the Graphic and many paintings from the era this book was written during the height of the British Empire and the triumphalist mood of the day is reflected in the tone of the text This detailed military history provides an echo of the contemporary attitudes to this turbulent time which shaped the destiny of the British Empire This book is part of the Military History From Primary Sources series a new military history range compiled and edited by Emmy Award winning author and historian Bob Carruthers The series draws on primary sources and contemporary documents to provide a new insight into the true nature of warfare The series consultant is David McWhinnie creator of the award winning PBS series Battlefield

The Waterloo Archive Gareth Glover, 2014-10-30 So much has been written on the subject of the Battle of Waterloo and the campaign that surrounds it that the reader might think that there is simply nothing new to tell However the archives of Europe are teeming with fascinating documents personal letters to family and friends private journals and official reports that have been virtually ignored in many standard histories of the period In the ground breaking Waterloo Archive series Gareth Glover has set out to unearth this buried material and to finally expose it to public scrutiny In doing so he brings the human aspect of war and military campaigning to the fore the humor and exhilaration the fears and miseries

the starvation and exhaustion the horror and the joy He also provides an invaluable new source which will challenge preconceptions disprove theories destroy myths and allow for a complete re evaluation of many key aspects of the campaign In this sixth and final volume in the series published to coincide with the two hundredth anniversary of the campaign Glover has again turned his attention to the British sources **The Waterloo Archive Volume IV: British Sources** Gareth Glover,2012-10-24 In the first groundbreaking volume of a new series acclaimed Napoleonic scholar Gareth Glover brings together previously unpublished material relating to the Battle of Waterloo The range and unique nature of much of the research will intrigue and fascinate enthusiasts and historians alike The wealth of hitherto unseen British material contained in Volume I includes a series of letters written by a senior officer on Wellington s staff to Sir Thomas Graham immediately following the battle the letters of a member of the Wedgwood family in the Guards at Waterloo the journal of Sergeant Johnston of the Scots Greys detailing all his experiences including a very rare transcript of his own court martial and letters from eminent surgeons including those of Hume Davy and Haddy James who recall their harrowing tales of the horrific wounds suffered at Waterloo In addition to these letters and journals this volume will include 21 original line drawings created by Cavali Mercer to accompany his famous book on his experiences at Waterloo but which was never published Subsequent volumes will include French German Dutch and Belgian material that has never been translated into English before *The Waterloo Archive: German sources* Gareth Glover,2013 This volume translates the memoirs and letters from the troops of Hanover Brunswick and Nassau into English for the first time It seeks to put this right and to bring to life the human story of these German soldiers many of whom entered the fight alongside the British at Waterloo with mixed emotions

The Waterloo Archive: British sources Gareth Glover,2014 In this new series acclaimed Napoleonic scholar Gareth Glover brings together previously unpublished material relating to the Battle of Waterloo The hitherto unseen British material contained in Vol 1 includes a series of letters written by a senior officer on Wellington s Staff to Sir Thomas Graham immediately following the battle the letters of a member of the Wedgewood family in the Guards at Waterloo the journal of Sgt Johnston of the Scots Greys detailing all his experiences including a very rare transcript of his own court martial letters from eminent surgeons including those of Hume Davy and Haddy James who served at Waterloo with their harrowing tales of the wounds suffered Vol 2 concerns German troops which formed the majority of Wellington s forces present at the Battle of Waterloo including those of Nassau Brunswick Hanover and the King s German Legion and left a large number of first hand accounts of their role in the battle Early British histories of the battle have largely sidelined the achievements of the German troops and there is a great need to provide an English version of much of the original German source material to redress the imbalance This volume is intended to remedy that situation by publishing sixty of these reports and letters fully translated into English for the first time giving a clearer insight into the significant role these troops played Publisher *Nursing the English from plague to Peterloo, 1660-1820* Alannah Tomkins,2025-01-21 This book studies the negative stereotypes around

the women who worked as sick nurses in this period and contrasts them with the lived experience of both domestic and institutional nursing staff Furthermore it integrates nursing by men into the broader history of care as a constant if little recognised presence It finds that women and men undertook caring work to the best of their ability and often performed well despite multiple threats to nurse reputations on the grounds of gender norms and social status Chapters consider nursing in the home in general hospitals in specialist institutions like the Royal Chelsea Hospital and asylums plus during wartime illuminated by multiple accounts of individual nurses In these settings it employs the sociological concept of dirty work to contextualise the challenges to nurses and nursing identities

The Life and Novels of Isabella St John

Julia Gasper, 2025-01-24 Isabella St John s novels were published in the 1830s in the generation after Jane Austen and she went further than Austen in her sharply satirical picture of the English upper class Nobody knew it more thoroughly than she did as she had been born into an aristocratic family who were furious at her decision to marry a man who offered her neither wealth nor status Driven by circumstances to earn her living by writing she produced a series of novels and stories of considerable originality and merit deeply concerned with women s rights and the injustice of society in her time Her sense of humour acute observation and boldness in writing about political issues set her apart from the run of romantic and didactic authors of her time This is Regency society portrayed without flattery or varnish sentimentality or pretension just utterly authentic inside knowledge St John travelled widely on the continent and her books depict scenes in France Switzerland Italy Portugal and Nice as well as England She devoted her old age to charitable activities
