Way To Live Christian Practices For Teens:

Way to Live Dorothy C. Bass, Don C. Richter, 2002 Written by a team of adults and teens Way to Live discusses concrete ways youth can practice Christianity in everyday life This book answers teens yearning for a meaningful way of life by inviting them into an abundant way of life Jesus offers and challenging them to join others in practicing their faith Through teen friendly language and relevant examples Way to Live uses stories and ideas that make Christian practice come alive Practices such as forgiveness work play stuff justice prayer food and time are discussed as ways to nourish a more meaningful life offered by Jesus Christ 18 teens and 18 adults joined together to write Way to Live Their collective wisdom and experience offers things that readers can do rather than things not to do It also presents each practice as a gift and not a task that engages readers in the real world Great for youth ministry and small group study Way to Live is perfect for individual use too Way to Live Leader's Guide Dorothy C. Bass, Don C. Richter, Lani Wright, Susan Briehl, 2002

Practicing Our Faith Dorothy C. Bass, 2019-03-01 Twelve time honored Christian practices that will help us and the world to flourish Practicing Our Faith offers help to Christians who are asking how our faith can help us discern what we might do and who we might become How can we live faithfully and with integrity in a world where the pace of existence is so fast and life's patterns are changing all around us Can we conduct our daily lives in ways that help us not just get by but flourish as individuals as communities and as a society in concert with creation and in communion with God These questions are on the hearts and minds of many seekers who are exploring spirituality today They are also at the heart of Practicing Our Faith Practices are those shared activities that address fundamental needs of humankind and creation and that woven together form a way of life The twelve practices explored in this book are practices that human beings simply cannot do without particularly at this time in history This book will stimulate your imagination It will encourage you to reflect It initiates a conversation that will spread into many contexts each of which presents unique opportunities for noticing discussing and living the practices of faith Practicing Discernment with Youth David F. White, 2018-09-13 Throughout history youth have been at the center of their communities energy and creativity including their efforts to seek faith and justice However today's adolescents have been relegated as passive learners and consumers lacking full adult power for longer than any age cohort in history This book traces the modern domestication of adolescence from its ancient roots through several key moments of its descent into passivity Empowering youth as agents of Christian faith in the world is not only a social need but is theologically warranted The church and the broken world need the gifts of youth This book elaborates four pedagogical movements listening understanding remembering dreaming and acting as key for noticing and nurturing the faith commitments of youth Too much of contemporary youth ministry represents an attempt to pump energy into our youth to get them excited about what we have to offer This approach attends to energies already present in the lived experiences and hidden commitments of youth and connects them to God's mission in the world **Questioning Our Faith in Practice**

In the Midst of Chaos Bonnie J. Miller-McLemore, 2019-03-01 How the daily practices of life with children can shape our faith In the Midst of Chaos explores parenting as spiritual practice building on Bonnie J Miller McLemore s fresh conceptions of children from her book Let the Children Come She questions conventional perceptions that spiritual practices require silence solitude and uninterrupted prayer and that assume a life unburdened by care of others She is both honest about the difficulties and attentive to the blessings present in everyday life and demonstrates that the life of faith encompasses children and the adults who care for them Miller McLemore explores how parents might use seven daily practices such as play reading chores and saying goodbye or goodnight as rich opportunities to shape both parent and child morally and spiritually Through these experiences she shows how the very care of children forms and reforms the faith of adults themselves contrary to the belief that adults must form children In the Midst of Chaos also goes beyond the typical focus on individual self fulfillment by tackling difficult questions of social justice and mutuality in the ways families live together Readers will find in this book an invitation to love those around them in the midst of life s craziness and to live more deeply in grace
