

UNFINISHED SENTENCES

The funniest thing I ever saw was
 If I had 24 hours to live
 On Saturdays I usually
 I feel best when people
 I'd like to spend a long holiday in
 I wish politicians would
 I have never
 Parents should always
 My children will
 This world would be a better place if
 The thing that worries me most is
 I never worry about
 Some day I am going to
 I like people who
 I get very angry if
 I find it difficult to
 I'd like to be more and less
 I am not interested in
 Studying is
 If I could be somewhere else now, I'd

Discourse Intonation in L2 Dorothy M. Chun, 2002-01-01 Intonation rhythm and general melody of language are among the first aspects of speech that infants attend to and produce themselves Yet these same features are among the last to be mastered by adult L2 learners Why is this and how can L2 learners be helped This book first presents the latest linguistic theories of intonation in particular how intonation functions in discourse not only to signal sentence types and attitudinal meanings but also to provide turn taking and other conversational cues The second part of the book examines the research in applied linguistics on the acquisition of L2 phonology and intonation The third section offers practical applications of how to incorporate the teaching of intonation into L2 instruction with a focus on using new speech technologies The accompanying CD ROM makes a unique addition in allowing for simultaneous audio playback and visual display of the pitch contours of utterances contained in the book Users can start or stop the playback at any point in the utterance and can observe first hand how such visual and audio representations could be useful for L2 learners

Chinese Aspectual Particle le Chungeng Zhu, 2019-10-21 The Chinese language has no tense but has aspects It relies on aspectual particles to express how an action or state relates to the flow of time Among all Chinese aspectual particles *le* is the most frequently used and is notoriously elusive for non native speakers to grasp *Chinese Aspectual Particle le A Comprehensive Guide* is entirely devoted to *le* It presents a systematic analysis of *le* and includes detailed illustrations of its usage Breaking *le* down into *le* and *le* this book illustrates how *le* forms the perfective aspect when it is obligatory incompatible or optional and when *le* can be interchangeable with *guo* and *zhe* It shows how *le* denotes a change of state performs as a modal particle and is used in discourse By comparing Chinese grammar with that of English whenever relevant the book makes the usage of *le* more assessable to English speakers It also contains a plethora of illustrative sentences a wide range of vocabulary and abundant cultural information This book is designed to demystify and clarify the various usages of the particle *le* for English speakers With great clarity the author addresses certain misunderstandings and simplistic characterizations of Chinese grammar that

have plagued students for decades Especially helpful are the examples which are idiomatic and natural enabling students to obtain that elusive feeling for the language that is essential to speaking fluently David Moser associate dean at the Yenching Academy Peking University Le is one of the most frequently used words in Chinese yet it rarely becomes an exclusive theme of a book In this monograph Chungeng Zhu explains le in a reader friendly manner with interesting examples and insightful comments offering a significant contribution to Chinese linguistics and Chinese teaching and learning Yang Zhao professor and dean School of Chinese as a Second Language Peking University Child Care and Development Occupations Atlanta Public Schools.
