Universal Man The Lives Of John Maynard Keynes:

Universal Man Richard Davenport-Hines, 2015-05-12 John Maynard Keynes 1883 1946 was the twentieth century's most influential economist. His ideas inspired Franklin D. Roosevelt to launch the New Deal and instructed Western nations on how to ward off revolutionary unrest, economic instability, high unemployment, and social dissolution. Keynes was nothing less than the Adam Smith of his time; his *The General Theory of Employment, Interest and Money* became as important in the twentieth century as Smith's *The Wealth of Nations* was in the eighteenth. Now, in the long wake of the 2008 global economic collapse, Keynesian economics is once again shaping our world. In *Universal Man*, acclaimed historian Richard Davenport Hines offers the first biography of Keynes that reveals the man in full. Like many Englishmen of his class and era, Keynes compartmentalized his life. Accordingly, Davenport Hines treats Keynes in turn as a youthful prodigy, a powerful government official, an influential public man, a bisexual living in the shadow of Oscar Wilde's persecution, a devotee of the arts, and an international statesman of worldwide renown. Delving into Keynes's experiences and thought, Davenport Hines shows us a man who was equally at ease socializing with the Bloomsbury Group as he was persuading heads of state to adopt his policies. Through Davenport Hines's nuanced portrait, we come to understand not just the most enduringly influential economist of the modern era but one of the most gifted and vital men of our times: a disciplined logician with a capacity for glee who persuaded people, seduced them, subverted old ideas, and installed new ones. Engaging, learned, and sparkling with wit and insight, *Universal Man* is the perfect match for its brilliant subject.

Universal Man Richard Davenport-Hines, 2015-10-08 From the bestselling and award-winning author of *An English Affair*, a dazzlingly original thematic biography which throws fresh light on the greatest economist of the twentieth century. John Maynard Keynes is the man who saved Britain from financial crisis not once but twice over the course of two World Wars. He remains a highly influential figure nearly 70 years after his death. But who was he? In this entertaining biography, Richard Davenport Hines gives us the man behind the economics, the connoisseur, intellectual, public official, and statesman who was equally at ease socialising with the Bloomsbury Group as he was persuading prime ministers and presidents. By exploring the desires and experiences that made Keynes think as he did, Davenport Hines reveals the aesthetic basis of Keynesian economics and explores why the ideas of this Great Briton continue to resonate so powerfully today.

The Elgar Companion to John Maynard Keynes Robert W. Dimand, Harald Hagemann, 2019 The most influential and controversial economist of the twentieth century, John Maynard Keynes was the leading founder of modern macroeconomics and was also an important historical figure as a critic of the Versailles Peace Treaty after World War I and an architect of the Bretton Woods international monetary system after World War II. This comprehensive Companion elucidates his contributions, his significance, his historical context, and his continuing legacy.

Keynes in Action Peter Clarke, 2022-11-24 John Maynard Keynes died in 1946, but his ideas and his example remain relevant today. In this distinctive new account, Peter Clarke shows how Keynes's own career was not simply that of an

academic economist nor that of a modern policy advisor Though rightly credited for reshaping economic theory Keynes s influence was more broadly based and is assessed here in a rounded historical political and cultural context Peter Clarke re examines the full trajectory of Keynes s public career from his role in Paris over the Versailles Treaty to Bretton Woods He reveals how Keynes s insights as an economic theorist were rooted in his wider intellectual and cultural milieu including Bloomsbury and his friendship with Virginia Woolf as well as his involvement in government business Keynes in Action uncovers a much more pragmatic Keynes whose concept of truth needs to be interpreted in tension with an acknowledgement of expediency in implementing public policy **New Ideas from Dead Economists** Todd G.

Buchholz,2021-01-26 An entertaining and widely praised introduction to great economic thinkers throughout history now in its fourth edition with updates and commentary on the 2020 great cessation Trump and Obama economic policies the dominance of Amazon and many other timely topics Through the teachings of Adam Smith Thomas Malthus Karl Marx John Maynard Keynes Milton Friedman and more renowned economist Todd Buchholz shows how age old ideas still apply to our modern world In this revised edition Buchholz offers fascinating insights on the most relevant issues of 2021 climate change free trade debates the refugee crisis growth and conflict in Russia and China game theory and behavioral economics New Ideas from Dead Economists found on the desks of university students prime ministers and Wall Street titans is a riveting guide to understanding both the evolution of economic theory and our complex contemporary economy **Keynes's**

Economic Consequences of the Peace after 100 Years Patricia Clavin,Giancarlo Corsetti,Maurice Obstfeld,Adam Tooze,2024-01-25 The Economic Consequences of the Peace is one of the most famous books in the history of economic thought It is also one of the most polemical Published as a response to what Keynes saw as the grave errors of the Treaty of Versailles the book predicted that war reparations and other harsh terms imposed on Germany would lead to its collapse which in turn would lead to devastating consequences for Europe and the wider world Predictions that we now know to have been all too accurate Keynes s Economic Consequences of the Peace after 100 Years brings together an international team of experts to assess the legacy of Keynes s best selling work It compiles a series of wide ranging chapters exploring the varied influence of his ideas and policy contributions Written in an accessible style it recovers the importance of this history and examines the continued relevance of Keynes s controversial book Mother of Invention Katrine Marçal,2021-10-19 An

illuminating and maddening examination of how gender bias has skewed innovation technology and history now in paperback It all starts with a rolling suitcase Though the wheel was invented some 5 000 years ago and the suitcase in the 19th century it wasn t until the 1970s that someone successfully married the two What was the holdup For writer and journalist Katrine Mar al the answer is both shocking and simple because real men carried their bags no matter how heavy Mother of Invention is a fascinating and eye opening examination of business technology and innovation through a feminist lens Because it wasn t just the suitcase Drawing on examples from electric cars to tech billionaires Mar al shows how gender bias stifles the

economy and holds us back delaying innovations sometimes by hundreds of years and distorting our understanding of our history While we talk about the Iron Age and the Bronze Age we might as well talk about the Ceramic Age or the Flax Age since these technologies were just as important But inventions associated with women are not considered to be technology in the same way as those associated with men Mother of Invention is a sweeping tour of the global economy with a powerful message If we upend our biases we can unleash our full potential Virginia Woolf and Motherhood Charlotte Taylor Suppe,2024-11-30 Motherhood is a recurrent theme in Virginia Woolf s writing yet Woolf scholarship has often overlooked this dynamic subject Exploring how Woolf engaged with themes of motherhood as a socially and politically motivated writer and a woman this book grounds her work in the maternal discourses of her time By reading Woolf s texts in dialogue with contemporary writing socio political events and medical and scientific advances Virginia Woolf and Motherhood establishes the significance of maternity across Woolf s oeuvre and exposes how public and personal matters of motherhood informed the links she drew between maternity femininity self worth and artistry With novel analysis of Woolf s writing on war eugenics food and psychoanalysis Charlotte Taylor Suppe demonstrates the substantive influence maternal discourses had on shaping Woolf s feminism political beliefs and creative practices **The Locomotive of War** Peter Clarke,2017-07-18 An innovative exploration of the origins impact and consequences of the First and Second World Wars from Peter Clarke one of our foremost historians War is the locomotive of history claimed Trotsky a remark often thought to acknowledge the opportunity that the First World War offered the Bolsheviks to seize power in Russia 1917 Here Peter Clarke broadens the application of this provocative suggestion in order to explore how war as much as socioeconomic forces or individuals is the primary mover of history Twentieth century warfare based on new technologies and vast armies saw the locomotive power of war heightened to an unprecedented level Through the unique prism of this vast tragedy Peter Clarke examines some of the most influential figures of the day on both sides of the Atlantic In Britain David Lloyd George without the strains of war would never have become prime minister in 1916 Winston Churchill except for the war crisis of 1940 would have been unlikely to be recalled to office and John Maynard Keynes likewise would hardly have seen his own economic ideas and authority so suddenly accepted In different ways the shadow of the great nineteenth century Liberal leader Gladstone hung over these men as it did also over Woodrow Wilson in the United States seeing his presidency transformed as he faced new issues of war and peace And it was Franklin Roosevelt who inherited much of Wilson s unfulfilled agenda with a second chance to implement it with greater success By following the trajectories of these influential lives Peter Clarke illuminates many crucial issues of the period not only leadership and the projection of authority but also military strategy war finance and the mobilization of the economy in democratic regimes And the moral dimension of liberalism with its Gladstonian focus on guilt is never forgotten The Locomotive of War is a fascinating examination of the interplay between key figures in the context of unprecedented all out warfare with new insight on the dynamics of history in an extraordinary period

Appeasement Tim Bouverie, 2020-06-02 A NEW YORK TIMES EDITORS CHOICE SUNDAY TIMES UK BESTSELLER A gripping history of the British appeasement of Hitler on the eve of World War II An eye opening narrative that makes for exciting but at times uncomfortable reading as one reflects on possible lessons for the present Antonia Fraser author of *Mary Queen of Scots* On a wet afternoon in September 1938 Prime Minister Neville Chamberlain stepped off an airplane and announced that his visit to Hitler had averted the greatest crisis in recent memory It was he later assured the crowd in Downing Street peace for our time Less than a year later Germany invaded Poland and the Second World War began *Appeasement* is a groundbreaking history of the disastrous years of indecision failed diplomacy and parliamentary infighting that enabled Hitler's domination of Europe Drawing on deep archival research and sources not previously seen by historians Tim Bouverie has created an unforgettable portrait of the ministers aristocrats and amateur diplomats who through their actions and inaction shaped their country's policy and determined the fate of Europe Beginning with the advent of Hitler in 1933 we embark on a fascinating journey from the early days of the Third Reich to the beaches of Dunkirk Bouverie takes us not only into the backrooms of Parliament and 10 Downing Street but also into the drawing rooms and dining clubs of fading imperial Britain where Hitler enjoyed surprising support among the ruling class and even some members of the royal family Both sweeping and intimate *Appeasement* is not only an eye opening history but a timeless lesson on the challenges of standing up to aggression and authoritarianism and the calamity that results from failing to do so

Whispering the Strategies of Language: An Emotional Journey through **Universal Man The Lives Of John Maynard Keynes**

In a digitally-driven world wherever monitors reign supreme and immediate transmission drowns out the subtleties of language, the profound techniques and emotional subtleties hidden within words frequently go unheard. However, situated within the pages of **Universal Man The Lives Of John Maynard Keynes** a fascinating literary treasure blinking with organic emotions, lies an extraordinary journey waiting to be undertaken. Published by a skilled wordsmith, this enchanting opus attracts readers on an introspective trip, softly unraveling the veiled truths and profound influence resonating within the material of every word. Within the psychological depths with this poignant evaluation, we shall embark upon a sincere exploration of the book is key subjects, dissect its interesting publishing design, and fail to the effective resonance it evokes serious within the recesses of readers hearts.
