William Walling Bremer

War And The Intellectuals Collected Essays 1915 1919 Bourne:

The War and the Intellectuals Randolph Silliman Bourne, 1917 *War and the Intellectuals* Randolph Silliman Bourne, 1964 Although he died at the age of thirty two Randolph Bourne 1886 1918 left a body of writing on politics culture and literature that made him one of the most influential public intellectuals of the twentieth century and a hero of the American left The twenty eight essays of this volume among them *War and the Intellectuals* the analysis of the warfare state that made Bourne the foremost critic of American entry into World War 1 and *Trans National America* his manifesto for cultural pluralism in America show Bourne at his most passionate and incisive as they trace his search for the true wellsprings of nationalism and American culture **War and the Intellectuals-collected Essays-1915-1919** Randolph S. Bourne, Carl Resek, 1964 *War and the Intellectuals* Randolph Silliman Bourne, 1964 War and the Intellectuals Randolph Silliman Bourne, 1964 Transatlantic Intellectual Networks, 1914-1964 Hans Bak, Céline Mansanti, 2019-11-13 The twelve essays in this book by scholars from the U S France Germany the Netherlands and the Czech Republic offer new transnational perspectives in transatlantic historical literary and cultural studies They explore the special role of American and European intellectuals as agents of transatlantic cultural transfer and examine the mechanisms and instruments through which artists writers and intellectuals communicated across oceans and national borders in the half century between 1914 and 1964 Their focus is on transatlantic networks and the instruments of culture through which such networks become operative as sites of cross cultural exchange circulation and interaction magazines caf s publishing houses book fairs agents translators and mediators and last but not least transatlantic personal friendships Contending that the dynamics of transatlantic cultural transfer need to be understood as reciprocal and multi directional they also exemplify the shift within transatlantic intellectual history from a traditional concern with European U S relations to a multidirectional triangular exploration of cultural political and intellectual relations between Europe the United States and Latin America **The War and the Intellectuals** Randolph Bourne, 2020-02-17 The *War and the Intellectuals* 1917 was published in the early 20th century literary magazine *The Seven Arts* by Randolph Bourne **Randolph Bourne and the Politics of Cultural Radicalism** Leslie J. Vaughan, 1997 Reassesses the short life and career of American essayist critic and founder of cultural radicalism Bourne 1886 1918 known today mostly for his opposition to US military involvement in Europe and warnings about the military industrial complex Vaughan political science U of Minnesota Duluth argues that his stance from outside establishment perspectives was not a retreat from politics as many have claimed but a form of political engagement free from the suppositions that impede genuine debate and democratic change Annotation copyrighted by Book News Inc Portland OR **Heidegger in America** Martin Woessner, 2010-12-20 *Heidegger in America* explores the surprising legacy of his life and thought in the United States of America As a critic of modern life Heidegger often lamented the growing global influence of all things American However it was precisely in America where his thought inspired the work of generations of thinkers not

only philosophers but also theologians architects novelists and even pundits As a result the reception and dissemination of Heidegger s philosophical writings transformed the intellectual and cultural history of the United States at a time when American influence was itself transforming the world A case study in the complex and sometimes contradictory process of transnational exchange Heidegger in America recasts the scope and methods of contemporary intellectual and cultural history in the age of globalization challenging what we think we know about Heidegger and American ideas simultaneously

The Promise of Pragmatism John P. Diggins, 1994-05-02 For much of our century pragmatism has enjoyed a charmed life holding the dominant point of view in American politics law education and social thought in general After suffering a brief eclipse in the post World War II period pragmatism has enjoyed a revival especially in literary theory and such areas as poststructuralism and deconstruction In this sweeping critique of pragmatism and neopragmatism one of our leading intellectual historians traces the attempts of thinkers from William James to Richard Rorty to find a response to the crisis of modernism John Patrick Diggins analyzes the limitations of pragmatism from a historical perspective and dares to ask whether America s one original contribution to the world of philosophy has actually fulfilled its promise In the late nineteenth century intellectuals felt themselves in the grips of a spiritual crisis This confrontation with the acids of modernity eroded older faiths and led to a sense that life would continue in the awareness of absences knowledge without truth power without authority society without spirit self without identity politics without virtue existence without purpose history without meaning In Europe Friedrich Nietzsche and Max Weber faced a world in which God was dead and society was succumbing to structures of power and domination In America Henry Adams resigned from Harvard when he realized there were no truths to be taught and when he could only conclude Experience ceases to educate To the American philosophers of pragmatism it was experience that provided the basis on which new methods of knowing could replace older ideas of truth Diggins examines how in different ways William James Charles Peirce John Dewey George H Mead and Oliver Wendell Holmes Jr demonstrated that modernism posed no obstacle in fields such as science education religion law politics and diplomacy Diggins also examines the work of the neopragmatists Jurgen Habermas and Richard Rorty and their attempt to resolve the crisis of postmodernism Using one author to interrogate another Diggins brilliantly allows the ideas to speak to our conditions as well as theirs Did the older philosophers succeed in fulfilling the promises of pragmatism Can the neopragmatists write their way out of what they have thought themselves into And does America need philosophers to tell us that we do not need foundational truths when the Founders already told us that the Constitution would be a machine that would depend more upon the counterpoise of power than on the claims of knowledge Diggins addresses these and other essential questions in this magisterial account of twentieth century intellectual life It should be read by everyone concerned about the roots of postmodernism and its links to pragmatism and about the forms of thought and action available for confronting a world after postmodernism

The Dark Side of the Left Richard J. Ellis, 1998 Political correctness idealizing

the oppressed and an affinity for authoritarian and charismatic leaders are all parts of what Ellis calls the dark side of the left

War and the Intellectuals Randolph S. Bourne, 1964 *The Correspondent*, 1964 The American Intellectual Tradition: 1865 to the present David A. Hollinger, Charles Capper, 1989 *War and the Intellectuals. Essays by R.S. Bourne, 1915-1919. Edited with an Introduction by Carl Resek* Randolph Silliman BOURNE, Carl RESEK, 1964 Presidents and Civil Liberties from Wilson to Obama Samuel Walker, 2012-04-16 This book is a history of the civil liberties records of American presidents from Woodrow Wilson to Barack Obama It examines the full range of civil liberties issues First Amendment rights of freedom of speech press and assembly due process equal protection including racial justice women s rights and lesbian and gay rights privacy rights including reproductive freedom and national security issues The book argues that presidents have not protected or advanced civil liberties and that several have perpetrated some of worst violations Some Democratic presidents Wilson and Roosevelt moreover have violated civil liberties as badly as some Republican presidents Nixon and Bush This is the first book to examine the full civil liberties records of each president thus placing a president s record on civil rights with his record on national security issues and also to compare the performance on particular issues of all the presidents covered *The Development of an American Mass Culture Critique, 1910-1960* Paul R. Gorman, 1990 Union, Nation, Or Empire David C. Hendrickson, 2009 Shatters the conventional belief that American foreign policy was borne out of a reaction to Pearl Harbor revealing instead a rich history of debates over the direction of American international relations many of which persist to this day Radicalism Among the Ghetto Pioneers of New York's Jewish Immigrants, 1900-1917 William Walling Bremer, 1966 **Piety Versus Moralism** Joseph Haroutunian, 1970

Unveiling the Energy of Verbal Artistry: An Psychological Sojourn through **War And The Intellectuals Collected Essays 1915 1919 Bourne**

In a global inundated with displays and the cacophony of quick interaction, the profound energy and mental resonance of verbal beauty often fade into obscurity, eclipsed by the continuous barrage of sound and distractions. However, situated within the lyrical pages of **War And The Intellectuals Collected Essays 1915 1919 Bourne**, a captivating work of fictional brilliance that impulses with raw emotions, lies an remarkable journey waiting to be embarked upon. Written with a virtuoso wordsmith, that interesting opus manuals readers on a psychological odyssey, delicately revealing the latent potential and profound affect embedded within the intricate internet of language. Within the heart-wrenching expanse with this evocative examination, we will embark upon an introspective exploration of the book is central themes, dissect its charming writing style, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
