Management, Vulnerability & Restoration

Neven Kresic

The background image is a photograph of a karst landscape. It shows a waterfall cascading over a rocky ledge into a pool of water. The surrounding rocks are covered in moss and vegetation, and the overall scene is lush and green. The waterfall is the central focus, with water flowing over a series of small ledges and creating white rapids as it moves downstream. The rocks are dark and wet, with patches of bright green moss and small plants growing on them. The background shows more of the rocky terrain, with some areas covered in more dense vegetation. The lighting is natural, suggesting a daytime scene in a forested or semi-wooded area.
