Silas Kanyabigega DMin, 2017-02-24 God required the price to remove his anger against the humankind who offended him He wanted to see in that price a death with bloodshed as evidence demonstrating a sacrifice for the forgiveness of the sinners For God all sinners had to die So when Jesus died the corpse of Jesus represented the corpse of all sinners God was satisfied when he saw the corpse of Jesus God put in his mind that he had killed all mankind The punishment was then given and the problem between him and the humankind was resolved Jesus Christs corpse has ability to be the price required by God His blood as a killed sacrifice is the evidence of the death required by God The blood of animals was not needed in the mankinds salvation process The blood required by God was to be a mankinds blood This blood had to come from the death of a perfect person perfect as God himself The problem was only to be solved by the blood of God himself because only God is perfect But God could only die by taking human form that is why the Second Person of the Trinity Jesus Christ descent to earth to die in the place of humankind through an agonizing death at the cross of Golgotha and therefore he paid the price required by God Then God died as self substitution for men He was God man In beliefs of different world religions we cant find any other god who died for people Only God in whom Christians believe in died for humankind and he had risen He is alive Only the Faith in God propitiated for sinners is True Faith and other beliefs are false faith Perspectives on Church Government Daniel L. Character Theology Tom Steffen, Ray Neu, 2024-02-21 Character Theology provides a natural universal way for the world to engage God through his chosen cast of characters As the media eras continue to change oral to print to digital virtual too many Bible scholars and consequently pastors and Bible teachers in the West and beyond lack capability to effectively communicate Scripture to Millennials Gen Z and Gen Alpha These generations find little if any relevance in the Christianity promoted by those stuck in modernity s sticky abstract systematic theology Character Theology relates sticks and transforms these generations Why Because people grasp and engage God most naturally and precisely through his interaction with biblical characters and their interaction with each other Characters communicate the Creator s characteristics The roadmap to the recovery and expansion of Christianity in the twenty first century will be through Bible characters

Three Views on Israel and the Church Andrew David Naselli, Jared Compton, 2019-01-26 A comparison of three major views on the relationship between Israel and the church The relationship between Israel and the church is a longstanding debate in Christian theology and Romans 9:11 are the most important chapters for understanding it How one interprets these chapters determines how one understands biblical theology how the New Testament uses the Old Testament and how the old and new covenants are related To help readers draw their own conclusion four leading scholars on this issue present a case for their viewpoint followed by a response and critique from the others Michael Vlach argues for a future mass conversion and a role for ethnic Israel in the church Fred Zaspel and Jim Hamilton present a case for a future mass conversion that does not include a role for ethnic Israel And Benjamin Merkle contends that Romans 9:11 promises neither a future mass conversion nor a role for ethnic Israel General editor Andrew David Naselli helpfully sets the debate in its larger biblical theological context in the introduction while Jared Compton provides a useful summary of the views and interactions at the end of the volume

Bob Raymond, 2018-03-21 Imagine a Creator designing every intricacy of the universe and creating His crowning jewel mankind in His image Now imagine that same Creator with such a passionate unquenchable love for them that when they introduced sin into the world He came as a man to die an excruciating death for them Ask yourself these questions Did that Creator give His life for all mankind or just some Did that creator give all mankind an opportunity for salvation Does He love some more than others The author explores these questions and many more in this inspiring work Is God Calvinist or Arminian I highly recommend every layman as well as every Pastor include this book in their library Dr Randal Helms Senior Pastor Forestbrook Baptist Church Bob has a knack for taking the profoundly complex issues of soteriology and making them incredibly simple for anyone to understand Is God Calvinist or Arminian is an honest evaluation of some of the more troubling aspects of reformed soteriology presented in a non threatening manner and laced with down to earth language This brief volume serves as a suitable entry point for any individual looking to further their understanding of soteriology and the practical response to it Samuel L Schmidt Ed D Pastor Edgewood Baptist Church President The Samuel Ministry There are three principles that establish the basis for our understanding of God's will for mankind His purpose for creation His omniscient wisdom to choose the best way to achieve His purpose and the power of His omnipotent will to perfectly execute His plan Applying these principles to the teachings of Calvinism and Arminianism Bob Raymond has shown that God created a plan for the salvation of mankind that is simple and orderly **A Theology for the Church** Dr. Daniel L. Akin, 2014-06-01 The revised edition of A Theology for the Church retains its original structure organized under these traditional theological categories revelation God humanity Christ the Holy Spirit salvation the church and last things Each chapter within these sections contains answers to the following four questions What does the Bible say What has the church believed How does it all fit together How does this doctrine impact the church today Contributions from leading Baptist thinkers R Albert Mohler Jr Paige Patterson and Mark Dever among others will also appeal to the broader evangelical community Included in this revision are new chapters on theological method from a missional perspective Bruce Ashford and Keith Whitfield and theology of creation providence and Sabbath that engages current research in science and philosophy Chad Owen Brand Chapters on special revelation David Dockery and human nature John Hammett have also been updated **Revisioning, Renewing, Rediscovering the Triune Center** Derek J. Tidball, Brian S. Harris, Jason S. Sexton, 2014-11-10 An international cast of theologians come together in this volume to offer essays in tribute to the late Stanley J Grenz one of the leading theologians of his generation Accordingly the volume includes timely explorations in some of the most exciting areas in contemporary theology It is only fitting that these very explorations revolve around the key motifs of Grenz's theology Trinity

community eschatology and the key sources from which he drew for theology's construction Scripture tradition culture While engaging key features seen in Grenz's work some of the essays here interact with Grenz's own writings reflecting on his theological journey and his contributions to evangelical theology In these ways this volume highlights the kind of evangelical theology that so many have experienced in recent years and of which Stan Grenz was a leading proponent Revisioning Renewing Rediscovering the Triune Center then makes a significant contribution to discussions in contemporary theology while itself setting out to honor the life and work of an eminent theologian who did so much for evangelical theology

hand in Hand Randy Alcorn, 2014-10-14 A careful guide through Scripture hand in Hand shows us why God's sovereignty and meaningful human choice work together in a beautiful way If God is sovereign how can I be free to choose But if God is not sovereign how can he be God Is it possible to reconcile God's sovereignty with human choice This is one of the most perplexing theological questions It's also one of the most personal In hand in Hand Randy Alcorn says that the traditional approach to this debate has often diminished our trust in God and his purposes Instead of making a one sided argument from select verses Alcorn examines the question in light of all Scripture By exploring what the whole Bible says about divine sovereignty and human choice hand in Hand helps us Carefully and honestly examine the different views on this issue Gain a deeper understanding of God Appreciate God's design in providing us the freedom of meaningful choice See the value in better understanding what we cannot fully understand Learn how to communicate about the issue in clear and

compassionate ways More fully experience the unity Christ intends for his Church Includes small group discussion questions

Doctrine in Shades of Green Andrew J. Spencer,2022-01-13 How we come to our conclusions about ethical issues matters as much as the specific policies or practices we commend This book argues that four key doctrines form a theological perspective for environmental ethics They are the key ideas upon which people build their ethics of the environment By looking at the doctrines of revelation creation anthropology and eschatology we can find points of contact to work together more effectively for the common good and have more meaningful debates when our positions differ This book uses examples from four different theological positions ecotheology theological liberalism fundamentalism and evangelicalism to show that a creation positive ethic is possible from all of these positions and it explores why people who stand within various theological streams may engage in environmental issues in diverse ways
