Zu Mechthilds Von Magdeburg Das Fliessende Licht Der Gottheit German Edition:

Mechthild of Magdeburg and Her Book Sara S. Poor, 2013-03-26 Sometime around 1230 a young woman left her family and traveled to the German city of Magdeburg to devote herself to worship and religious contemplation Rather than living in a community of holy women she chose isolation claiming that this life would bring her closer to God Even in her lifetime Mechthild of Magdeburg gained some renown for her extraordinary book of mystical revelations *The Flowing Light of the Godhead* the first such work in the German vernacular Yet her writings dropped into obscurity after her death many assume because of her gender In *Mechthild of Magdeburg and Her Book* Sara S Poor seeks to explain this fate by considering Mechthild's own view of female authorship the significance of her choice to write in the vernacular and the continued if submerged presence of her writings in a variety of contexts from the thirteenth through the nineteenth century Rather than explaining Mechthild's absence from literary canons Poor's close examination of medieval and early modern religious literature and of contemporary scholarly writing reveals her subject's shifting importance in a number of differently defined traditions high and low Latin and vernacular male and female centered While gender is often a significant factor in this history Poor demonstrates that it is rarely the only one Her book thus corrects late twentieth century arguments about women writers and canon reform that often rest on inadequate notions of exclusion *Mechthild of Magdeburg and Her Book* offers new insights into medieval vernacular mysticism late medieval women's roles in the production of culture and the construction of modern literary traditions

A Companion to Mysticism and Devotion in Northern Germany in the Late Middle Ages Elizabeth Andersen, Henrike Lähnemann, Anne Simon, 2013-11-01 The volume explores the hitherto uncharted late medieval religious landscape of Northern Germany from 13th century Helfta to the 15th century Lüneburg convents The mystical and devotional writing of Northern Germany is contextualised through chapters on the Netherlands Scandinavia and East Prussia The seminal influence of the liturgy on these texts and their transmission is revealed in the creative interplay of Latin and Low German Through the individual chapters and their appendices which also contain translations into English the reader can access a wealth of texts produced by communities of religious and lay women who write learnedly in Latin and fervently in Low German Together the chapters and appendices reveal a fascinating regional mystical culture which also reverberated across Northern Europe Contributors include Jürgen Bartsch Anne Bollmann Veerle Fraeters Ulrike Hascher Burger Ernst Hellgardt Tanja Mattern Balázs Nemes Sara S Poor Eva Schlottheuber Almut Suerbaum and Geert Warnar

From the Material to the Mystical in Late Medieval Piety Racha Kirakosian, 2021-09-30 The German mystic Gertrude the Great of Helfta c 1256-1301 is a globally venerated saint who is still central to the Sacred Heart Devotion Her visions were first recorded in Latin and they inspired generations of readers in processes of creative rewriting The vernacular copies of these redactions challenge the long standing idea that translations do not bear the same literary or historical weight as the originals upon which they are based In this study Racha Kirakosian argues that manuscript

transmission reveals how redactors serve as cultural agents Examining the late medieval vernacular copies of Gertrude's visions she demonstrates how redactors recast textual materials reflected changes in piety and generated new forms of devotional practices She also shows how these texts served as a bridge between material culture in the form of textiles and book illumination and mysticism Kirakosian's multi-faceted study is an important contribution to current debates on medieval manuscript culture authorship and translation as objects of study in their own right

Suffering and the Christian Life Rachel Davies, 2019-12-26 This volume approaches questions concerning the status and meaning of suffering in Christian life and Christian theology through the lens of a variety of theological disciplines biblical historical practical political and systematic theology Scholars from this range of fields concentrate on a number of questions Is love intrinsically linked with suffering Are suffering and loss on some level fundamentally good How is and how should suffering and diminishment be viewed in the Christian tradition Featuring leading voices that include Linn Tonstad Bernard McGinn Anna Rowlands John Swinton and Paul Murray this volume brings together essays touching on concrete issues such as cancer mental health and the experience of refugees and discusses broad themes including vulnerability kenosis and tragedy In correlating these themes with the examination of texts ranging from Paul's letters to works of the Cappadocians Thomas Aquinas John of the Cross and Mother Teresa *Suffering and the Christian Life* offers fresh and accessible academic approaches to a question of vital personal existential significance

The Daughter Zion Allegory in Medieval German Religious Writing Annette Volting, 2017-07-14 The Daughter Zion allegory represents a particular narrative articulation of the paradigm of bridal mysticism deriving from the Song of Songs the core element of which is the quest of Daughter Zion for a worthy object of love Examining medieval German religious writing verse and prose and Dutch prose works Annette Volting shows that this storyline provides an excellent springboard for investigating key aspects of medieval religious and literary culture In particular she argues the allegory lends itself to an exploration of the medieval sense of self of the scope of human agency within the mystical encounter of the gendering of the religious subject of conceptions of space and enclosure and of fantasies of violence and aggression Volting suggests that Daughter Zion adaptations increasingly tended to empower the religious subject to seek a more immediate relationship with the divine and to embrace a wider range of emotions the mediating personifications are gradually eliminated in favour of a model of religious experience in which the human subject engages directly with Christ Overall the development of the allegory from the twelfth to the fifteenth centuries marks the striving towards a greater sense of equality and affective reciprocity with the divine within the context of an erotic union

Literarischer Stil Elizabeth Andersen, Ricarda Bauschke-Hartung, Silvia Reuvekamp, 2015-08-31 In der derzeit intensiv geführten Debatte um eine historische Poetik der volkssprachigen Literatur des Mittelalters spielt die Kategorie Stil eine untergeordnete Rolle obwohl sich doch in der Gestaltung und Formgebung der sprachlichen Oberfläche literarisches Selbstverständnis sowie zeitgenössische Auffassungen von Ästhetik und Artificialität zuallererst konkretisieren Die Beiträge des Bandes versuchen diese Lücke in ersten Ansätzen zu schließen indem sie Phänomene sprachlicher Gestaltung oder Formgebung als eigene Ebene poetischer und poetologischer Sinnbildung untersuchen die begrifflichen Implikationen des Konzepts Stil genauer auszuloten und neue Ansätze zu einer literaturwissenschaftlichen Operationalisierung dieser Kategorie machen Perspektivisch blickt der Band damit auf eine methodisch neu ausgerichtete Stilforschung innerhalb der germanistischen Mediävistik die Phänomene sprachlicher Gestaltung konsequent im Schnittfeld von Gattungsdispositionen text oder autorspezifischen Schreibweisen funktionalen Registern und zeit bzw epochentypologischen Konfigurationen in den Blick nimmt

My Secret is Mine Hildegard Elisabeth Keller, 2000 Erotic sexual and marital images belong to the fundamental stock of human symbols for commitment and union as well as for the endangering of such a union Their inexhaustible potential has shaped religious and cultural history giving rise to rich artistic creations during the Christian Middle Ages Such pictorial and textual sources here

drawn mainly from German secular and religious literature between the 12th and the 17th centuries form a veritable archive of gender history What from a Christian point of view had been presented as a principal purpose of human existence being God's free daughter His Son's bride took on an increasingly sexual character and became the particular domain of religious women Beginning with this eroticized concept of God this book examines its multiple implications for the texts themselves as well as their authors and readers for the relationship with a transcendent partner and for the secular experience of marriage After the initial theoretical groundwork a general survey exemplifying brides of God precedes a detailed study of prominent individuals My Secret is Mine thus invites very diverse literary brides and their beloveds to shed some light on their experience of that inexpressible and yet immensely productive promise of union with love itself *An Introduction to Middle High German* Howard Jones, Martin H.
