Verne's Journey to the Centre of the Self William Butcher, foreword by Ray Bradbury, 1990-07-09 Jules Verne écrivain Daniel Compère, 1991 Jules Verne Edmund J. Smyth, 2000-01-01 This collection of essays reflect the diversity of approaches currently being brought to bear on the writings of Jules Verne An indispensable book for those who want to see how far we have come along the path toward a better understanding of Verne Science Fiction Studies **Literature, Identity and the English Channel** D. Rainsford, 2002-03-13 This book concerns the significance of the English Channel in British and French literature from the 1780s onwards a timely subject given the intense debates in progress about the actual and desired relationships between Britain and mainland Europe The book addresses contemporary authors who use the Channel as a focus for cultural comment comparing their approaches to those of earlier writers from Charlotte Smith and Chateaubriand through Hugo and Dickens to historians and travel writers of the 1950s and 1980s **Le monde extraordinaire de Jules Verne** Hélène Péret, Jean-Claude Péret, 2006 **Going Abroad** Christine Geoffroy, Richard Sibley, 2009-10-02 Going Abroad is a book not only for scholars academics and students who are interested in different approaches to mobility but also for non specialists who wish to explore and understand what lies behind the various forms of travel tourism and migration that are central to today's and no doubt tomorrow's globalized world If you are tempted by emigration enjoy being a tourist or just love the adventure of travel real or imaginary you can embark on a journey of discovery through time and across the continents to explore and reflect on diverse visions of mobility The practical problems and the differing states of mind experienced by past and present emigrants to France Spain Morocco Capri Latin America Canada and Australia the impact of immigration on the host communities and the reactions of turn of the century French immigrants to Britain offer contrasting and complementary perspectives Along with the real and symbolic meanings of the apparently mundane act of crossing the Channel stranger forms of travel are also explored Filipino sailors who are neither at home nor abroad backpacking across four continents the real and the fantasized exotic in nineteenth century orientalist art and the sanitized utopias of today's theme parks Within an interdisciplinary and a cross cultural framework the book explores the terminology concepts and methodology of a subject which has become the focus of curricula in many academic courses **Viaje al centro del Verne desconocido** Ariel Pérez Rodríguez, 2009-02-17 Acuciosa biografía de Jules Verne el autor de los Viajes Extraordinarios enriquecida con textos e información novedosa Constituye un mágico paseo por los sinuosos y complejos acontecimientos vitales que propiciaron la creación de su obra **Journey to the Centre of the Earth** Jules Verne, 2008-06-12 Journey to the Centre of the Earth has been consistently praised for its style and its vision of the world It explores the prehistory of the globe but can also be read as a psychological quest for the journey itself is as important as arrival or discovery Professor Lidenbrock and his nephew Axel travel across Iceland and then down through an extinct crater towards a sunless sea where they enter a living past and are confronted with the origins of man A classic of

nineteenth century French literature the novel's distinctive combination of realism and Romanticism has marked figures as diverse as Sartre and Tournier Mark Twain and Conan Doyle This new translation of the complete text is faithful to the lyricism verve and humour of the original ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more
