Zero Belly Diet by David Zinczenko | Key Takeaways & Analysis Instaread, 2015-04-13 Zero Belly Diet by David Zinczenko Key Takeaways Analysis Preview Zero Belly Diet written by David Zinczenko outlines not only a particular diet plan but it also delves into the science behind the meal plan as well as dieting and nutrition in general. It also tackles exercise suggesting a high intensity interval training style of workout to be used in conjunction with the diet plan. The Zero Belly diet plan focuses primarily on targeting visceral fat, a particular type of belly fat that can cause serious health issues including heart problems, cancer, and Alzheimer's disease. The diet employs nine groups of food that specifically contribute different nutrients that perform various functions in the body. These groups are organized into meals, drinks, and snacks that are recommended within the daily meal plans. When together on a plate or in a cup, the foods contribute to the three factors the author says should be in every meal: protein, fiber, and healthy fats.

Zero Sugar Diet David Zinczenko, Stephen Perrine, 2016 A science based plan for rapid fat burning and long term weight loss builds on a two week starter diet designed to eliminate added sugars and replace empty calories with essential ones for initial rapid weight reduction without calorie counting or portion limits.

Zero Belly Cookbook Olivia Dunham, 2016-03-16 Achieving your ideal weight and body takes dedication, commitment, and discipline. Aside from a well designed and scheduled exercise routine, you will also need a well balanced diet. Unlike other rabbit food diet programs, the Zero Belly diet is designed to ensure that you achieve your body goals without sacrificing your enjoyment for food. With this diet program, you'll be able to eat without restriction and even let your food watch your weight for you. This recipe book for Zero Belly diet includes main dish, breakfast, dessert, and even recipes for beverages that you can pair with your meals all throughout the day. Oh, and did I mention desserts? Yes, desserts, but not just any ordinary dessert, chocolate desserts. For years, diet gurus have been maligning desserts as a mortal sin for dieters when it ought to be a well deserved reward after a long day's work. Studies even show that dieters who give in to their cravings are more successful in achieving their weight goals compared to those who don't. As a bonus, I've also listed a few teas you may want to try if you're not already a drinker to boost your fat melting capabilities to compliment your workout. I hope you find this book useful in your journey to a better you. Good luck and have fun with your Zero Belly diet. Start your transformation now with a Limited time offer 0.99.
