The Work Of The Spirit Pneumatology And Pentecostalism:

The Work of the Spirit Michael Welker, 2006 This book is the result of a consultation entitled Pneumatology exploring the work of the Spirit from contemporary perspectives held in New York City in November 2004 Acknowledgments The Spirit and Suffering in Luke-Acts Martin W. Mittelstadt, 2004-10-12 This work illuminates the tension between divine empowering and the neglected element of the work of the Spirit in contexts of opposition This lacuna not addressed in previous Pentecostal scholarship is at the heart of Mittelstadt's exegesis Thus Jesus not only lives and ministers in the power of the Holy Spirit but also experiences opposition and persecution as a man of the Spirit Further the Lukan Jesus not only transfers the Spirit to his disciples but also anticipates a similar fate for his followers Finally Luke forecasts that this divine enablement of the Spirit also available for future witnesses brings with it a similar anticipation of the same rejection and opposition as was experienced by Jesus and the disciples While Pentecostals owe a debt of gratitude for the pioneering work of Pentecostal scholars this book furthers their efforts by exploring the implications of Spirit led witness in Luke Acts **The Spirit throughout the Canon**, 2022-08-15 Pentecostal forms of Christianity have now taken a dynamic role in contemporary Christianity often at the vanguard of new movements and spiritual vitality among Christians in the late modern world The many movements which constitute global Pentecostalism share in common an intense commitment to the Bible and life in the Spirit Over the past several decades Pentecostal biblical scholarship has played an important role in resourcing Pentecostal theologies These elements come together in this volume in which leading Pentecostal biblical scholars from around the world account for the appearance of the divine Spirit putting forth a defining work from a seminal generation of scholars Contributors are J Ayodeji Adewuya Kenneth J Archer Melissa Archer Emma M Austin Holly Beers Michael L Brown Blaine Charette Jacob Cherian Roger D Cotton Daniel K Darko Finny Philip Roji Thomas George Jacqueline Grey Alicia R Jackson Wonsuk Ma Lee Roy Martin Robert P Menzies Brian Neil Peterson Rebecca Skaggs Joe Thomas John Christopher Thomas Robby Waddell Rick Wadholm Nimi Wariboko Cynthia Long Westfall **The Use and Abuse of the Spirit in Pentecostalism** Mookgo S. Kgatle, Allan H. Anderson, 2020-11-29 This book is a pneumatological reflection on the use and abuse of the Spirit in light of the abuse of religion within South African Pentecostalism Both emerging and well established scholars of South African Pentecostalism are brought together to reflect on pneumatology from various approaches which includes among others historical biblical migration commercialisation of religion discernment of spirits and human flourishing From a broader understanding of the function of the Holy Spirit in different streams of Pentecostalism the argument is that this function has changed with the emergence of the new Prophetic churches in South Africa This is a fascinating insight into one of the major emerging worldwide religious movements As such it will be of great interest to academics in Pentecostal Studies Christian Studies Theology and Religious Studies as well as African Studies and the Sociology of Religion **Theological Hermeneutics in the Classical Pentecostal Tradition** L. William Oliverio

Jr.,2012-08-01 In Theological Hermeneutics in the Classical Pentecostal Tradition A Typological Account L William Oliverio Jr accounts for the development of Classical Pentecostal theology as theological hermeneutics through four types the original Classical Pentecostal hermeneutic the Evangelical Pentecostal hermeneutic the contextual Pentecostal hermeneutic and the ecumenical Pentecostal hermeneutic Oliverio gives special attention to key figures in shaping Pentecostal theology and the underlying philosophical assumptions which informed their theological interpretations of reality The text concludes with a philosophical basis for future Pentecostal theological hermeneutics within the contours of a hermeneutical realism that affirms both the hermeneutical nature of all theology and the implicit affirmation of realism within theological accounts

Sacred Sustainability, Polyhedral Christianity and Cosmic Challenges Jojo M. Fung,2025-03-31 This book explores the concept of Polyhedral Christianity that has the capacity to embrace the inter multicultural religious complexities of our contemporary world taking inspiration from Pope Francis use of the image of a polyhedron The author suggests that Polyhedral Christianity calls for an Enspirited Leadership This spirit driven leadership is grounded in creational pneumatology and cosmicism to promote resilient religiocultural communities that enjoy a more relational harmony of all life forms on Earth conscious of an interdependent interconnected oneness in the sacred web of life in the cosmos creation The chapters engage with indigenous notions of sacred sustainability from the primal as well as the Buddhist Hindu and Islamic religious traditions This innovative corpus will be of particular interest to the scholars of theology theolog a del pueblo World Christianity and interreligious relations *The Doctrine of the Holy Spirit* Yacob Godebo,2025-07-03 The Scriptures teach the church that in biblical times the coming of the Holy Spirit equally entailed objective gift of divine reality and subjective experience of his presence gifts and works There was objective pouring out and imparting of the Holy Spirit from the divine side and subjective experiential demonstration from the receivers side which resulted from the gifts endowed and power imparted along with the Holy Spirit Having given them either verbally uttered or visibly performed gifts the Holy Spirit then moved believers towards practical demonstration through subjective experience Believers subjective experience took place only as a result of the objective gift of the Holy Spirit and the resulting endowment and empowerment Thus in the objective content of his manifestation the Holy Spirit is the objective gift of God to indwell his people In the subjective content of his manifestation the Holy Spirit endows people with audibly uttered or visibly performed gifts The subjective experience of the Holy Spirit s presence therefore is an original theological input from God just like the objective impartation of the Holy Spirit Practitioners were just objects of divine purpose and their subjective experience was divine provided and divine initiated genuine experience beyond their consciousness and calculation Reception of the Holy Spirit therefore means equally an experience of his presence gifts power and works in the church and in with and through believers from Hosanna to Maranatha Science and the Spirit James K. A. Smith,Amos Yong,2010-08-26 What might be described as a Pentecostal worldview has become a powerful cultural phenomenon but it is often at odds with modernity and globalization Science and

the Spirit confronts questions of spirituality in the face of contemporary science The essays in this volume illustrate how Pentecostalism can usefully engage with technology and scientific discovery and consider what might be distinctive about a Pentecostal dialogue with the sciences The authors conclude that Pentecostals with their unique perspectives on spirituality can contribute new insights for a productive interaction between theology and science Pneumatology Veli-Matti Kärkkäinen, 2002-06-01 One of the most exciting recent developments in theology has been an unprecedented interest in the person and work of the Holy Spirit In fact Veli Matti Karkkainen describes this phenomenon as a pneumatological renaissance But such discussion should be informed he contends by two overarching principles First we must acknowledge the variety of approaches to the experience of the Holy Spirit ecumenically No church can claim a monopoly on the Spirit and no tradition is specifically spirited Second talk about the Spirit must always be contextual and therefore culture specific The spirit of God indwells believers and creation in specific and tangible ways Working from this perspective the book introduces readers to pneumatology the theology and spirituality of the Holy Spirit in current international theology As such the work offers a biblical historical and theological assessment of the Third Person of the Trinity However unlike most textbooks on pneumatology Karkkainen takes a fresh innovative approach Rather than focusing on any single topic his aim is to chart the various territories of contemporary writings and reflections on pneumatology Consequently the volume examines various theological and denominational understandings of the Spirit all major Christian traditions are reviewed assesses key contemporary theologians of the Spirit e g Pannenberg Moltmann and Pinnock and inquires into several contextual approaches e g liberation feminist and green These distinctives and the emphasis on the contemporary global scene make this a unique volume An up to date survey of the most noteworthy and theologically pregnant orientations to the Spirit in the worldwide ecumenical and intercultural scene this work will guide readers in discerning the Holy Spirit's activity at the beginning of the third millennium discusses ecumenical international and contextual pneumatologies ecumenical emphasis ranges from Eastern Orthodox to Pentecostal charismatic international scope gives voice to African and Latin American perspectives covers major pneumatologies provides a comprehensive bibliography *Pentecostal Theology and Ecumenical Theology*, 2019-09-16 Pentecostal Theology and Ecumenical Theology Interpretations Intersections and Inspirations brings together globally recognized and newer scholars to address the complex relationship between Pentecostalism and the Ecumenical Movement Historical essays address topics such as early Pentecostal responses to and participation in ecumenism explicit convergences between Pentecostal and ecumenical initiatives and the particular contributions of Pentecostals and ecumenists outside North America and Europe Constructive theological essays address intersections between ecumenical theology and systematic loci in Pentecostal perspective in the hope that mutual exchange and criticism will lead to ways to improve both Never before have this many scholars of Pentecostalism combined their efforts in order to focus on the relationship between Pentecostal theology and ecumenical theology past present and future Pneumatology

and Union Peter Ross, 2019-07-11 Peter Ross examines how John Calvin might assist Pentecostals in the development of a global Pentecostal theology by examining the views of each on pneumatology and the Christian's union with Christ. He conducts a conversation between the two within the contexts of the assurance of faith, providence and guidance and justification, each an area in which the Spirit and the union are substantially involved for both parties. He also looks closely at Spirit release, showing that this Pentecostal distinctive can sit well as an extension from Calvin's thought. Ross shows that affinities exist between Pentecostals and Calvin in these contexts. These affinities clearly identify Calvin's thought as a rich resource for Pentecostals; one they should not hesitate to mine as they develop their own global theology. *Wesleyan Pneumatology, Pentecostal Mission, and the Missio Dei* Jody B. Fleming, 2021-05-18 In *Wesleyan Pneumatology, Pentecostal Mission, and the Missio Dei* Jody B. Fleming argues that missiology in a Wesleyan context has been heavily influenced by the Western worldview and needs renewal. Spirituality is central to living in many non-Western cultures integrated with the physical world of everyday life. Wesleyan traditions may need to renew and strengthen the pneumatology found in their mission theory and praxis. As the center of Christianity is shifting to the global south, Pentecostal and charismatic expressions of the faith are becoming more prominent. Without forfeiting their solid foundations, what might the Wesleyan traditions learn from their theological cousins about engagement with the Holy Spirit? How might pneumatology be renewed in order to address spiritual beliefs found in other cultures in both global and local settings? Renewal also includes the indigenous voice as essential for understanding cultural dynamics and spirituality. Contextualization is not new to missiology and so mission theory is explored from Latin American scholars as another point for renewal. Partnerships in mission and the role of the Holy Spirit are highlighted in the field work conducted in Venezuela. In *Renewing the Spark*, the author suggests that a fresh look at pneumatology will more effectively articulate the gospel in holistic and spirit-centered non-Western cultures.

Defining Issues in Pentecostalism Steven M. Studebaker, 2008-03-01 This book brings together the papers presented at the McMaster Divinity College 2007 Pentecostal Forum. *Defining Issues in Pentecostalism: Classical and Emergent* highlights the defining topics past and present of Pentecostal theology. The chapters are grouped under Pentecostal theology and biblical studies with selections on classical and contemporary issues in each category. This book provides an introduction to the classical doctrines of Pentecostalism and key contemporary developments in Pentecostal theology in one volume. Professors desiring to introduce students to Pentecostalism will find here a concise and accessible introduction to the defining historical and contemporary issues. *Perspectives in Pentecostal Eschatologies* Peter Althouse, Robby Waddell, 2010-09-08 During the mid-twentieth century, Pentecostal theology was co-opted by fundamentalism and its dispensational brand of millennial eschatology. Fundamentalist dispensationalism not only reinterpreted the original Pentecostal vision of the latter rain outpouring of the Spirit in the last days but undercut its *raison d'être* as a people empowered by the Spirit of Pentecost to participate in the kingdom of God. Yet eschatology is much broader than twentieth

century dispensationalism and Pentecostal eschatology is diverse reflecting the diversity of Pentecostal and Charismatic spiritualities There is no one Pentecostal eschatology but many Pentecostal eschatologies This collection of essays from established scholars and rising stars offers fresh perspectives in eschatology for the Pentecostal and Charismatic movements The fresh readings of eschatology in this volume are valuable because they demonstrate that Pentecostals no longer need to look to others to interpret their theology for them but can stand as scholars and thinkers in their own right

Pentecostal Theology and Jonathan Edwards Amos Yong, Steven M. Studebaker, 2019-11-14 This volume brings America's theologian and one of the fastest growing forms of Christianity into dialogue Edwards is a fruitful source for Pentecostal investigation for historical and theological reasons Edwards and Pentecostals descend from a common historical tradition North American Evangelicalism From revivalism and religious charismatic experience to pneumatology they also share common theological interests Though sharing a common history and core theological concerns no critical conversation between Pentecostals and Edwards and their fields of scholarship has occurred This is the first volume that provides Pentecostal readings of Edwards theology that contribute to Pentecostal theology and Edwards scholarship The contributing essays offer examination of affections and the Spirit God and Salvation Church and culture and mission and witness

Pentecostalism: A Guide for the Perplexed Wolfgang Vondey, 2012-12-18 Pentecostalism is the fastest growing religious movement of our time The unexpected birth of the modern day Pentecostal movement at the doorsteps of the twentieth century is as perplexing as its continuing existence and unprecedented expansion worldwide Once marginalized from public discourse Pentecostals have entered into mainstream culture religion politics academia and social action However the unprecedented growth of Pentecostalism in all its diversity has led to characterizations ripe with platitudes stereotypes and misrepresentations This Guide for the Perplexed sheds light on the most persistent contrasts characterizing the Pentecostal movement the tension between local manifestations and global Pentecostalism the inconsistency between spiritual discernment and charismatic excess the gap between rampant denominationalism and the pursuit of Christian unity the disparity between poverty among many Pentecostals and the popularity of the prosperity gospel the division between Oneness Pentecostals and their trinitarian counterparts and the worldview of Pentecostals beyond the confines of a religious movement Those tensions form the essence of global Pentecostalism and represent the emergence of a global Christian world

The Spiritual Soul Matthew J. Churchouse, 2024-04-30 What is the human soul What does it do How does it relate to the brain and body What is happening in the soul when a person encounters the Holy Spirit These are some of the questions addressed in The Spiritual Soul as it advances towards its overall goal of proposing a re new ed Pentecostal Charismatic understanding of what constitutes a human being In pursuing this overarching intention Churchouse responds to the anthropology of two leading Pentecostal scholars Amos Yong and Veli Matti K rkk inen specifically their theological models concerning what a human is constituted essentially made up of to offer an enhanced Pentecostal model in preference to their monistic view Drawing upon

the sources of biblical studies the philosophy of mind and upon the pneumatology that flows from Pentecostal spirituality Churchouse advances a renewed understanding of the human soul one illumined by the spirit and the Spirit to engender his distinctive Pentecostal model of human constitution *Reformed Theology* Wallace M. Alston, Michael Welker, 2003

Christian theology classically defined is faith's intellectual work of seeking understanding not in order to prove its truth but to persuade those who hear it proclaimed Theology done from within the Reformed tradition has long displayed this quality and it continues to develop in response to our changing world *Reformed Theology Identity and Ecumenicity* is an excellent resource for readers interested in examining current trends and motifs in Reformed thought Written by systematic theologians from around the world this book explores the meaning of the Reformed tradition and its relevance for the contemporary church The contributors highlight ways that Reformed theology can enrich the church ecumenical even as they seek to realize a more catholic Reformed community of inquiry Contributors P Mark Achtemeier Wallace M Alston Jr H Russel Botman Eberhard Busch Dawn DeVries Margit Ernst Gabriel Fackre Douglas Farrow David Fergusson Botond Gaal Colin Gunton George Hunsinger William Stacy Johnson Yung Han Kim Ulrich H J Kortner Jan Mili Lochman Bruce L McCormack Peter McEnhill Daniel L Migliore Piet J Naude Milan Opocnsky Jan Rohls Dirk Smit George W Stroup A van de Beek Leanne Van Dyk Michael Weinrich Michael Welker Myung Yong Kim Carver T Yu *Pentecostalism, Postmodernism, and Reformed Epistemology* Yoon Shin, 2021-12-27 In *Pentecostalism Postmodernism and Reformed Epistemology* Yoon Shin critically builds on James K A Smith's postmodern Pentecostal epistemology with the aid of Reformed epistemology It takes the reader through an interdisciplinary journey that exposit and illumines the relationship among Pentecostal spirituality continental and analytic philosophy postliberalism moral psychology and philosophy of emotion This work clarifies misunderstandings of Smith in Smith and between continental and analytic epistemology constructively and coherently synthesizing the sources through interdisciplinary analysis and thereby demonstrating the value of mashup philosophy The resulting epistemology strengthens the mostly descriptive epistemology of Smith with the warrant criteria of Alvin Plantinga

Catholicism and the Spirit Stephen Ebo Annan, 2018-02-22 The resurgence of Pentecostal charismatic Christianity epitomized in the global South has thrown Catholicism back on itself and has challenged it to reassess its ecclesial self understanding The Catholic Church has been accused of having forgotten the Spirit Despite the progress made by the Catholic Church to redress this so called pneumatological deficit it nonetheless remains the case that Roman Catholicism and charismatic Christianity seems to be mutually exclusive Why and how does the Roman Catholic Church today still lack a fully developed pneumatological charismatic ecclesiology Catholicism and the Spirit sets out to address such questions and argues that the Church must overcome its ultraconservatism and re envision a robust Spirit led ecclesiology to meet the demands of ecclesial renewal
