classrooms worldwide Teachers spend a lot of time and energy making and using tests and learners spend of lot of time and energy taking them Nonetheless such assessments are under studied as they are considered routine This volume illuminates this little researched area Featuring fifteen classroom language tests made and used by Chinese English French German Italian Japanese Russian and Spanish teachers the book includes parallel teacher commentary and testing content chapters that transparently probe the teachers processes of making and using their tests Rather than view teachers tests as poor shadows of what professional test writers do this work identifies the reasoning behind teachers tests In addition focused testing content chapters take examples directly from the actual tests and the accompanying teacher commentary This book is an accessible applied resource for second and foreign language teachers language program administrators working with teachers students in teacher preparation and enrichment programs and scholars in language teaching learning and testing

Biting the Wax Tadpole Elizabeth Little,2008-11-11 When Chinese shopkeepers tried to find a written equivalent of Coca Cola one set of characters they chose was pronounced ke kou ke la It sounded right but it literally translated as bite the wax tadpole Language like travel is always stranger than we expect and often more beautiful than we imagine In Biting the Wax Tadpole Elizabeth Little takes a decidedly unstuffy and accessible tour of grammar via the languages of the world from Lithuanian noun declensions and imperfective Russian verbs to Ancient Greek and Navajo And in one of the most courageous acts in the history of popular grammar books she attempts to provide an explanation of verbal aspect that people might actually understand Other difficult and pressing questions addressed in Biting the Wax Tadpole include Just what exactly the Swedish names of IKEA products mean Why Icelandic speakers must decide if the numbers 1 4 are plural How Theodor Geisel aka Dr Seuss was able to take an otherwise unexceptional pair of breakfast foods and turn them into literary fodder for generations Why Joanie Loves Chachi was Korea s highest rated television show ever Why Basque grammar seems downright kooky to just about anyone who isn t a native speaker
