

Undoing Border Imperialism

Harsha Walia

Foreword by Andrea Smith

Undoing Border Imperialism Anarchist Interventions

Gilberto Rosas

Undoing Border Imperialism Anarchist Interventions:

Undoing Border Imperialism Harsha Walia, 2014-02-15 Harsha Walia has played a central role in building some of North America's most innovative, diverse, and effective new movements. That this brilliant organizer and theorist has found time to share her wisdom in this book is a tremendous gift to us all. Naomi Klein, author of *The Shock Doctrine*. *Undoing Border Imperialism* combines academic discourse, lived experiences of displacement, and movement-based practices into an exciting new book. By reformulating immigrant rights movements within a transnational analysis of capitalism, labor exploitation, settler colonialism, state building, and racialized empire, it provides the alternative conceptual frameworks of border imperialism and decolonization. Drawing on the author's experiences in *No One Is Illegal*, this work offers relevant insights for all social movement organizers on effective strategies to overcome the barriers and borders within movements in order to cultivate fierce, loving, and sustainable communities of resistance striving toward liberation. The author grounds the book in collective vision with short contributions from over twenty organizers and writers from across North America. Harsha Walia is a South Asian activist, writer, and popular educator rooted in emancipatory movements and communities for over a decade. Praise for *Undoing Border Imperialism*: Border imperialism is an apt conceptualization for capturing the politics of massive displacement due to capitalist neoglobalization. Within the wealthy countries, Canada's *No One Is Illegal* is one of the most effective organizations of migrants and allies. Walia is an outstanding organizer who has done a lot of thinking and can write not a common combination. Besides being brilliantly conceived and presented, this book is the first extended work on immigration that refuses to make First Nations sovereignty invisible. Roxanne Dunbar Ortiz, author of *Indians of the Americas* and *Blood on the Border*. Harsha Walia's *Undoing Border Imperialism* demonstrates that geography has certainly not ended, and nor has the urge for people to stretch out our arms across borders to create our communities. One of the most rewarding things about this book is its capaciousness, astute insights that emerge out of careful organizing linked to the voices of a generation of strugglers trying to find their own analysis to build their own movements to make this world our own. This is both a manual and a memoir, a guide to the world and a guide to the organizer's heart. Vijay Prashad, author of *The Darker Nations: A People's History of the Third World*. This book belongs in every wannabe revolutionary's war backpack. I addictively jumped all over its contents, a radical mixtape of ancestral wisdoms to present-day grounded organizers theorizing about their own experiences. A must for me is Walia's decision to infuse this volume's fight against border imperialism, white supremacy, and empire with the vulnerability of her own personal narrative. This book is a breath of fresh air and offers an urgently needed movement-based praxis. *Undoing Border Imperialism* is too hot to be sitting on bookshelves; it will help make the revolution. Ashanti Alston, Black Panther elder and former political prisoner. *Border Abolition Now* Sara Riva, Simon Campbell, Brian Whitener, Kathryn Medien, 2024-07-20 Outstanding. A rich, hopeful, and indispensable guide that shows us how the world could be borderless, flourishing, free. Luke de Noronha, co-author *Against Borders: The Case For Abolition*.

Groundbreaking This is learning at its most powerful reframing thinking and activism with the aim of building justice Bridget Anderson Professor University of Bristol Borders must be abolished Borders produce and are produced by carceral racist classist sexist and xenophobic regimes Border Abolition Now demands transformative politics to dismantle these systems of oppression Taking the key tenets of abolitionism and applying them to the debate around borders the contributors bring a rich understanding of the history and context of carceral and policing systems Heralding from different countries disciplines and activist struggles they show how their theories are being realized through feminist decolonial praxis and how personal experiences of borders and organizing against them inform abolition Expanding the debate to areas including asylum detention camps mobility and climate change Border Abolition Now offers new tools for anyone working to defend freedom of movement for all Sara Riva is a Marie Skłodowska Curie Research Fellow at the Spanish National Research Council and the University of Queensland Simon Campbell is an activist researcher focusing on border infrastructures state violence and abolitionist struggles against the border regime Brian Whitener is an Associate Professor of Spanish at the University at Buffalo and author of Crisis Cultures The Rise of Finance in Mexico and Brazil Kathryn Medien is a Lecturer in Sociology at The Open University

The Epistemology of Disasters and Social Change Jordan Pascoe, Mitch Stripling, 2024-05-09 An earthquake in Mexico City spurs the rise of democracy A plague in South Africa lays the foundations for apartheid A terrorist attack on New York City triggers massive shifts in global security A global pandemic sets the stage for the largest civil rights protests in generations Beyond their physical impact disasters assault our certainty and shape a narrow space to alter the structure of what we believe That change can lead us toward disinformation and authoritarianism or it can lead us toward greater solidarity and human rights It all depends on the choices we make as we live through crisis on how in fact we choose to know each other The Epistemology of Disasters and Social Change draws on social epistemology disaster sociology psychology and feminist philosophy to investigate how disasters function as cauldrons of social transformation for good and ill We wrestle with how disasters change us moment by moment and provide new strategies to help these tragic events produce positive social transformation leading to a brighter future during this century of crisis

Unsettling Gilberto Rosas, 2023-03-28 Analyzes how border and immigration enforcement culminated in a mass shooting in El Paso Texas Honorable Mention for the American Ethnological Society Senior Book Prize On August 3 2019 a far right extremist committed a deadly mass shooting at a major shopping center in El Paso Texas a city on the border of the United States and Mexico In Unsettling Gilberto Rosas situates this devastating shooting as the latest unsettling consequence of our border crisis and currents of deeply rooted white nationalism embedded in the United States Tracing strict immigration policies and inhumane border treatment from the Clinton era through Democratic and Republican administrations alike Rosas shows how the rhetoric around these policies helped lead to the Trump administration's brutal crackdown on migration and the massacre in El Paso Rosas draws on poignant stories and compelling testimonies from workers in immigrant justice

organizations federal public defenders immigration attorneys and human rights activists to document the cruelties and indignities inflicted on border crossers Borders as sites of crossings and spaces long inhabited by marginalized populations generate deep anxiety across much of the contemporary world Rosas demonstrates how the Trump administration amplified and weaponized immigration and border policy including family separation torture and murder None of this dehumanization and violence was inevitable however The border zone in El Paso which translates to the Pass was once a very different place one marked by frequent and inconsequential crossings to and from both sides and with more humane immigration policies it could become that once again

Against Borders Alex Sager, 2020-01-13 This book provides a philosophical defence of open borders Two policy dogmas are the right of sovereign states to restrict immigration and the infeasibility of opening borders These dogmas persist in face of the human suffering caused by border controls and in spite of a global economy where the mobility of goods and capital is combined with severe restrictions on the movement of most of the world's poor Alex Sager argues that immigration restrictions violate human rights and sustain unjust global inequalities and that we should reject these dogmas that deprive hundreds of millions of people of opportunities solely because of their place of birth Opening borders would promote human freedom foster economic prosperity and mitigate global inequalities Sager contends that studies of migration from economics history political science and other disciplines reveal that open borders are a feasible goal for political action and that citizens around the world have a moral obligation to work toward open borders

The Permanence of Anti-Roma Racism Margareta Matache, 2025-12-29 Anti Roma racism one of Europe's oldest and most enduring racisms has been neglected in mainstream theories and discourse This book situates anti Roma racism within national and intra continental histories and global scholarship exploring its specific and universal underpinnings and manifestations and its interconnectedness with other systems of oppression The Permanence of Anti Roma Racism offers a theoretical perspective on the roots of anti Roma racism tracing its genesis in the system of racialized slavery in the principalities of Moldavia and Wallachia and the politics of killings expulsions and entry bans across Europe in the late Middle Ages Furthermore employing theoretical frameworks of structural oppressions anti colonial and decolonial thought racialization and intersectionality this book analyzes how deep historical legacies continue to shape anti Roma racism as an enduring structural form of oppression This scholarly work is essential for policymakers practitioners scholars and students working on the sociology of racialization global race and structural racisms and European history It defines categorizes and unpacks the processes and mechanisms of racialization and anti Roma racism shedding light on a system of oppression too often left unspoken

Viapolitics William Walters, Charles Heller, Lorenzo Pezzani, 2021-11-15 Vehicles their infrastructures and the environments they traverse are fundamental to the movement of migrants and states attempts to govern them This volume's contributors use the concept of viapolitics to name and foreground this contested entanglement and examine the politics of migration and bordering across a range of sites They show how these elements constitute a key

site of knowledge and struggle in migratory processes and offer a privileged vantage point from which to interrogate practices of mobility and systems of control in their deeper histories and wider geographic connections This transdisciplinary group of scholars explores a set of empirically rich and diverse cases from the Spanish and European authorities attempts to control migrants entire trajectories to infrastructures of escort of Indonesian labor migrants from deportation train cars in the 1920s United States to contemporary stowaways at sea from illegalized migrants walking across treacherous Alpine mountain passes to aerial geographies of deportation Throughout Viapolitics interrogates anew the phenomenon called migration questioning how different forms of contentious mobility are experienced policed and contested Contributors Ethan Blue Maribel Casas Cortes Julie Y Chu Sebastian Cobarrubias Glenda Garelli Charles Heller Sabine Hess Bernd Kasperek Clara Lecadet Johan Lindquist Renisa Mawani Lorenzo Pezzani Ranabir Samaddar Amaha Senu Martina Tazzioli William Walters

One-Dimensional Man 50 Years On Terry Maley,2017-06-27T00:00:00Z Herbert Marcuse's One Dimensional Man has been called one of the most important books of the post WWII era Published in 1964 Marcuse's work was highly critical of modern industrial capitalism its exploitation of people and nature its commodified aesthetics and consumer culture the military industrial complex and new forms of social control at the height of the Keynesian era Contributors to this collection assess the key themes in One Dimensional Man from a diverse range of critical perspectives including feminist ecological Indigenous and anti capitalist In light of the current struggles for emancipation from neoliberalism in Canada and across the globe this critical look at Marcuse's influential work illustrates its relevance today and introduces his work to a new generation

Carbon Criminals, Climate Crimes Ronald C. Kramer,2020-04-17 2020 Choice Outstanding Academic Title Carbon Criminals Climate Crimes analyzes the looming threats posed by climate change from a criminological perspective It advances the field of green criminology through a examination of the criminal nature of catastrophic environmental harms resulting from the release of greenhouse gases The book describes and explains what corporations in the fossil fuel industry the U S government and the international political community did or failed to do in relation to global warming Carbon Criminals Climate Crimes integrates research and theory from a wide variety of disciplines to analyze four specific state corporate climate crimes continued extraction of fossil fuels and rising carbon emissions political omission failure related to the mitigation of these emissions socially organized climate change denial and climate crimes of empire which include militaristic forms of adaptation to climate disruption The final chapter reviews policies that could mitigate greenhouse gas emissions adapt to a warming world and achieve climate justice

Démanteler les frontières Harsha Walia,2015-09-24T00:00:00-04:00 Alliant th orie politique Fanon Foucault Negri et d autres et exp rience de terrain l auteure aborde la question des droits migratoires dans le cadre d une analyse critique du capitalisme mondialis de l exploitation et du racisme qui sont l origine des fronti res et de l tat nation

The politics of unbelonging Andreja Zevnik,Andrew Russell,2025-05-06 This book offers a comprehensive study of racialisation of Romani communities in Europe and beyond

Drawing on the idea of unbelonging it demonstrates how Romani communities are placed in a position of visceral visibility by local national and international institutions as well as public media discourses It shows how such positionality impacts the ability of Roma to self represent politically and build capacity for change From the position of unbelonging the book offers an account of Romani agency which both challenges the mainstream representations of Roma but also develops an alternative none nation state sense of belonging In doing so the book outlines an account of Romani alternative expressions in order to take control of their relationship with their own history future knowledge and identity and the rest of the society Joyful Militancy Carla Bergman,Nick Montgomery,2017-10-30 Absolutely what we need in these days of spreading gloom John Holloway author of Crack Capitalism A guide to a fulfilling militant life Michael Hardt co author of Assembly Rigid radicalism is the congealed and debilitating practices that suck life and inspiration from the fight for a better world Joyful Militancy investigates how fear self righteousness and moralism infiltrate and take root within liberation movements what to do about them and ultimately how tenderness and vulnerability can thrive alongside fierce militant commitment Carla Bergman co edited Stay Solid A Radical Handbook For Youth Nick Montgomery is an organizer and writer currently at Queen s University

The Routledge Encyclopedia of Citizen Media Mona Baker,Bolette B. Blaagaard,Henry Jones,Luis

Pérez-González,2020-10-21 This is the first authoritative reference work to map the multifaceted and vibrant site of citizen media research and practice incorporating insights from across a wide range of scholarly areas Citizen media is a fast evolving terrain that cuts across a variety of disciplines It explores the physical artefacts digital content performative interventions practices and discursive expressions of affective sociality that ordinary citizens produce as they participate in public life to effect aesthetic or socio political change The seventy seven entries featured in this pioneering resource provide a rigorous overview of extant scholarship deliver a robust critique of key research themes and anticipate new directions for research on a variety of topics Cross references and recommended reading suggestions are included at the end of each entry to allow scholars from different disciplinary backgrounds to identify relevant connections across diverse areas of citizen media scholarship and explore further avenues of research Featuring contributions by leading scholars and supported by an international panel of consultant editors the Encyclopedia is essential reading for undergraduate and postgraduate students as well as researchers in media studies social movement studies performance studies political science and a variety of other disciplines across the humanities and social sciences It will also be of interest to non academics involved in activist movements and those working to effect change in various areas of social life *Challenging Borders* Sheila

McManus,2025-04-15 Borders are known for their paradoxical qualities Sometimes they are shifting and porous lines in the sand constituted more by subjective experience than by legal definition at other times they harden into walls are heavily securitized and their primary function becomes keeping the unwanted out Challenging Borders Contingencies and Consequences sets out to explore the concrete complex effects of borders on human aspirations and lives while at the same

time underscoring the diversity of individual encounters with these deceptively invisible lines Drawing on insights from history geography Indigenous studies political science refugee and migration studies the visual arts and even physics contributors to the collection examine the role of borders in the ongoing negotiation of national identities in contested claims of sovereignty and belonging in the tensions between freedom of movement and restrictions on entry and in the use of violence in the name of security As the essays illustrate in the context of migration borders are inherently a site of struggle at once a source of hope for those seeking sanctuary and an excuse for others to deny it Indigenous nations migrants and refugees have long known how destructive colonial boundaries can be and this volume offers compelling new angles from which to map the geographies of oppression and resistance

La migration forcée au Canada Adèle Garnier, Sarah Dubuc, Christina R. Clark-Kazak, 2025-12-11 Les migrations forcées ont façonné la création du Canada en tant qu'état colonisateur et de peuplement Elles constituent une caractéristique déterminante de nos réalités nationales et mondiales contemporaines De nombreuses personnes au Canada ont une expérience directe ou indirecte de la réinstallation et de la protection des réfugiés de la traite des personnes et des déplacements causés par le changement climatique La migration forcée au Canada est une ressource d'envergure dans le domaine en plein essor des études sur les migrations L'ouvrage s'appuie sur des perspectives disciplinaires multiples Des auteures et auteurs issus des mondes de la recherche de la pratique et des savoirs autochtones mettent en lumière les expériences vécues de déplacement et les politiques migratoires tous les paliers municipal provincial territorial et fédéral avec une attention particulière portée à l'expérience québécoise et aux minorités francophones du Canada Depuis les premiers déplacements d'Autochtones et le colonialisme de peuplement en passant par l'esclavage des Noirs jusqu'à l'apatridie la traite des personnes et la migration climatique les chapitres montrent comment la migration humaine est façonnée par des identités et des structures qui se recoupent Les discussions sur le handicap la race la classe le genre social et l'identité de genre sont particulièrement novatrices Situant le Canada dans le cadre de tendances de normes et de structures internationales plus larges la fois passées et présentes La migration forcée au Canada fournit des outils incontournables pour valuer les informations manant des journalistes des représentants du gouvernement des collèges et d'organisations non gouvernementales L'ouvrage propose également de nouvelles pistes d'enquête de discussion de recherche et d'action

Representing Radicals Tilted Scales Collective, 2021-05-04 Representing Radicals helps lawyers understand ways to work with radical defendants with an explicit focus on how to help them achieve ends that go beyond traditional legal goals For example many radical defendants want to use their trials to discuss political issues even if doing so could lead to a conviction when a standard criminal defense might lead to an acquittal Understanding radical defendants' goals and political priorities is a crucial part of providing them with the most robust criminal defense while helping them strengthen and defend their social movements This book and its precursor A Tilted Guide to Being a Defendant are based on the Tilted Scales Collective's belief that lawyers and radical defendants can work together in shared struggle in ways that

strengthen movements when fighting criminal charges **Anarchism** Carissa Honeywell, 2021-01-28 Is it possible to abolish coercion and hierarchy and build a stateless egalitarian social order based on non domination There is one political tradition that answers these questions with a resounding yes anarchism In this book Carissa Honeywell offers an accessible introduction to major anarchist thinkers and principles from Proudhon to Goldman non domination to prefiguration She helps students understand the nature of anarchism by examining how its core ideas shape important contemporary social movements thereby demonstrating how anarchist principles are relevant to modern political dilemmas connected to issues of conflict justice and care She argues that anarchism can play a central role in tackling our major global problems by helping us rethink the essentially militarist nature of our dominant ideas about human relationships and security Dynamic urgent and engaging this new introduction to anarchist thought will be of great interest to both students as well as thinkers and activists working to find solutions to the multiple crises of capitalist modernity **Migration Policy and Practice** Harald Bauder, Christian Matheis, 2016-04-29 Building on contemporary efforts to theorize conflicts related to borders migration and belonging this book transforms existing analyses in order to propose critical interventions The chapters are written from multiple disciplinary perspectives and present rigorous empirical and theoretical analyses to advocate progressive transformation **Border Walls Gone Green** John Hultgren, 2015-10-15 How is it that self identified environmental progressives in America can oppose liberalizing immigration policies Environmentalism is generally assumed to be a commitment of the political left and restrictionism a commitment of the right As John Hultgren shows the reality is significantly more complicated American environmentalists have supported immigration restrictions since the movement first began in the late 1800s and anti immigration arguments continue to attract vocal adherents among contemporary mainstream and radical greens Border Walls Gone Green seeks to explain these seemingly paradoxical commitments by examining what is actually going on in American debates over the environmental impacts of immigration It makes the case that nature is increasingly being deployed as a form of walling which enables restrictionists to subtly fortify territorial boundaries and identities without having to revert to cultural and racial logics that are unpalatable to the political left From an environmental point of view the location of borders makes little sense the Mexican landscape near most border crossings looks exactly like the landscape on the American side And the belief that immigrants are somehow using up the nation s natural resources and thereby accelerating the degradation of the environment simply does not hold up to scrutiny So Hultgren finds the well intentioned efforts of environmentalists to sustain America are also sustaining the idea of the nation state and in fact serving to reinforce exclusionary forms of political community How then should socially conscious environmentalists proceed Hultgren demonstrates that close attention to the realities of transnational migration can lead to a different brand of socio ecological activism one that could be our only chance to effectively confront the powerful forces producing ecological devastation and social injustice A World Without Cages Sharry Aiken, Stephanie J.

Silverman,2022-04-19 This book is the first collection to bring together scholars and activists working to end criminal and immigration detention Employing an intersectional lens and an impressive variety of case studies the book makes a compelling case to rethink what justice could mean for refugees citizens and everyone in between The book connects immigration detention and prison justice towards reimagining a newer better future The ten chapters probe the intersections of immigration detention with current and potential forms of citizenship membership belonging and punishments Deprivation of liberty is one of the most serious harms that someone can experience Immigration control is a nation building project where racial gender class ableist and other lines of discrimination filter and police access to permanent residence Employing a kaleidoscope of interdisciplinary backgrounds the contributors bring this focus to bear on case studies spanning North America Europe and Asia In conversation with social movements challenging police brutality the contributors are thinking through the implications of de funding the police overhauling the criminal justice system eradicating prisons penal abolitionism and ending all forms of containment carceral abolitionism Neither the prison nor the detention centre is an inevitable feature of our social lives This book collectively argues that abolishing detention could pave the way for new visions of justice to emerge The chapters in this book were originally published as a special issue of Citizenship Studies

Undoing Border Imperialism Anarchist Interventions Introduction

In today's digital age, the availability of Undoing Border Imperialism Anarchist Interventions books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Undoing Border Imperialism Anarchist Interventions books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Undoing Border Imperialism Anarchist Interventions books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Undoing Border Imperialism Anarchist Interventions versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Undoing Border Imperialism Anarchist Interventions books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Undoing Border Imperialism Anarchist Interventions books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded.

Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Undoing Border Imperialism Anarchist Interventions books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system.

Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Undoing Border Imperialism Anarchist Interventions books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Undoing Border Imperialism Anarchist Interventions books and manuals for download and embark on your journey of knowledge?

FAQs About Undoing Border Imperialism Anarchist Interventions Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Undoing Border Imperialism Anarchist Interventions is one of the best book in our library for free trial. We provide copy of Undoing Border Imperialism

Anarchist Interventions in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Undoing Border Imperialism Anarchist Interventions. Where to download Undoing Border Imperialism Anarchist Interventions online for free? Are you looking for Undoing Border Imperialism Anarchist Interventions PDF? This is definitely going to save you time and cash in something you should think about.
