United Nations Documents Index April June 2004:

United Nations Documents Index Dag Hammarskjöld Library, 2007 **United Nations Documents Index** United Nations, 2004-12-31 The United Nations Documents Index provides information on documents and publications issued by United Nations offices worldwide The information is presented in nine sections covering the areas of documents and publications official records sales publications United Nations maps included in UN documents United Nations sheet maps United Nations document series symbols author index title index and subject index The Index is a two volume set United Nations Documents Index, July-September 2005 United Nations, 2006-12 The United Nations Documents Index provides information on documents and publications issued by United Nations offices worldwide The information is presented in nine sections covering the areas of documents and publications official records sales publications United Nations maps included in UN documents United Nations sheet maps United Nations document series symbols author index title index and subject index The index is a two part set Publishing Agency United Nations UN **Encyclopedia of Law Enforcement** Larry E Sullivan, 2005 Vols 1 and 2 cover U S law enforcement Vol 3 contains articles on individual foreign nations together with topical articles on international law enforcement **Feminism, National Identity and European Integration in Modern Spain** Kathryn L. Mahaney, 2024-04-18 This book explores the evolution of Spanish feminism in the context of European feminisms and institutions from the 1960s to recent times Beginning with Seccin Femenina the official Francoist women s organization Feminism National Identity and European Integration in Modern Spain traces the interplay between Spanish women s policy and international policymaking In some cases as with the Seccin Femenina championed Law of Political Rights Ley de Derechos in 1961 Spanish women s policy at least appeared more progressive than what Western democracies offered notable at a time when Spain was considered backward After Franco s death in 1975 Spain s democratic transition seemingly consolidated forward thinking women s policy with a Constitution that guaranteed equality of the sexes in 1978 and with the creation of a national bureau charged with crafting women s policy the Instituto de la Mujer Women s Institute in 1983 Yet feminists found themselves marginalized in Spanish political decision making as Kathryn L Mahaney argues so successfully in this study Mahaney reveals that women ultimately influenced domestic policy not by acting within national networks but by leveraging European connections particularly after Spain joined the European Economic Community EEC in 1986 The book shows that Spanish feminists worked through the EEC to gain international approval of policies that had met domestic opposition and did so by representing them as necessary litmus tests of nations democratic integrity Their proposals were shaped by the specific context of Spanish feminism but also by Spanish debates about what rights democracies should grant women and what equality in a post fascist nation should encompass This ground breaking study explains that in turn these processes shaped both Spain s and the European Union s much prized self identities as democratic communities **The Socio-Political Practice of Human Rights** Kiran Kaur Grewal, 2016-06-23 This book examines

discourses of rights and practices of resistance in post conflict societies exploring the interaction between the international human rights framework and different actors seeking political and social change Presenting detailed new case studies from Sierra Leone Sri Lanka and Kosovo it reveals the necessity of social scientific interventions in the field of human rights The author shows how a shift away from the realm of normative political or legal theory towards a more sociological analysis promises a better understanding of both the limits of current human rights approaches and possible sites of potential Considering the diverse ways in which human rights are enacted and mobilised The Socio Political Practice of Human Rights engages with major sites of tension and debate examining the question of whether human rights are universal or culturally relative their relationship to forms of economic and political domination the role of law as a mechanism for social change and the ways in which the language of human rights facilitates or closes sites of radical resistance By situating these debates in specific contexts this book concludes by proposing new ways of theorizing human rights Empirically grounded and offering an alternate framework for understanding the fluid and ambiguous operation of power within the theory and practice of human rights this volume will appeal to scholars of sociology law and politics with interests in gender resistance international law human rights and socio legal discourse The Charter of the United Nations ,2024-07-04 Since the third edition of this commentary on the Charter of the United Nations was published in 2012 the text of the Charter has not changed DL but the world has Central pillars of the international order enshrined in the UN Charter are facing serious challenges notably the prohibition of the use of force Human rights too have come under increasing pressure now also from contemporary information technology Global warming poses fundamental challenges for the world community as a whole in its effort to stabilize global ecosystems Fully updated the commentary takes up these and other developments It features new chapters on Climate Change and the Human Rights Council The commentary remains the authoritative article by article account of the legislative history interpretation and practical application of each and every Charter provision Written by a team of distinguished scholars and practitioners this book combines academic research with the insights of practice It is an indispensable tool of reference for all those interested in the United Nations and its legal significance for the world community The Commentary will be crucial in combining solid legal foundations with new directions for the development of international law and the United Nations in the twenty first century *The Democratization Project* Ashok Swain,Ramses Amer,Joakim Öjendal,2011-07 This volume drawing on the work of a variety of scholars contributes to identifying and understanding the challenges and opportunities presented by the current wave of democratization to the peace and development of the world both at the domestic level in selected countries trends in regions of the world and in the global system of the post Cold War Era *Public-Private Partnerships and Responsibility under International Law* Lisa Clarke,2014-03-21 Partnerships between the public and private sectors are an increasingly accepted method to deal with pressing global issues such as those relating to health Partnerships comprised of states and international organizations

public sector and companies non governmental organizations research institutes and philanthropic foundations private sector are forming to respond to pressing global health issues These partnerships are managing activities that are normally regarded to be within the domain of states and international organizations such as providing access to preventative and treatment measures for certain diseases or improving health infrastructure within certain states to better manage the growing risk of disease In the shadow of the success of these partnerships lies however the possibility of something going wrong and it is to this shadow that this book sheds light This book explores the issue of responsibility under international law in the context of global health public private partnerships The legal status of partnerships under international law is explored in order to determine whether or not partnerships have legal personality under international law resulting in them being subject to rules of responsibility under international law The possibility of holding partnerships responsible in domestic legal systems and the immunity partnerships have from the jurisdiction of domestic courts in certain states is also considered The obstacles to holding partnerships themselves responsible leads finally to an investigation into the possibility of holding states and or international organizations as partners and or hosts of partnerships responsible under international law in relation to the acts of partnerships This book will be of interest to those researching and working in areas of global governance especially hybrid public private bodies the responsibility under international law of states and international organizations and also global health It provides doctrinal clarification and practical guidance in a developing field of international law

Encyclopedia of Environmental Health ,2019-08-22 Encyclopedia of Environmental Health Second Edition Six Volume Set presents the newest release in this fundamental reference that updates and broadens the umbrella of environmental health especially social and environmental health for its readers There is ongoing revolution in governance policies and intervention strategies aimed at evolving changes in health disparities disease burden trans boundary transport and health hazards This new edition reflects these realities mapping new directions in the field that include how to minimize threats and develop new scientific paradigms that address emerging local national and global environmental concerns Represents a one stop resource for scientifically reliable information on environmental health Fills a critical gap with information on one of the most rapidly growing scientific fields of our time Provides comparative approaches to environmental health practice and research in different countries and regions of the world Covers issues behind specific questions and describes the best available scientific methods for environmental risk assessment

The Imperial Presidency and the Consequences of 9/11 Mark R. Shulman,James R. Silkenat,2007-02-19 The issue of the imperial presidency which is raised in connection with the Bush administration s response to the legal issues flowing from the 9 11 attacks is one that now resonates broadly across the American political landscape not just with Democrats but with Republicans too and not just with lawyers but with the American public generally Are the legal powers of the President unlimited in cases of terrorist attacks on the United States Do the courts and legislatures have a role to play How relevant is the U S Constitution in these instances These reports

compiled by the NYC Bar Association merit wider distribution Thus Silkenat and Shulman have brought them together to give readers a clearer sense of what the rule of law really means to Americans As noted in a New York Times editorial in January 2006 Nothing in the national consensus to combat terrorism after 9 11 envisioned the unilateral rewriting of more than 200 years of tradition and law by the president embarked on an ideological crusade Over the past few years much lip service has been paid to the phrase rule of law At the same time the U S government has avoided basic rule of law principles by holding prisoners outside the law off the books and out of Red Cross supervision off shore or even on U S soil but without due process or urgent matter that bears on the security of this country In both volumes learned practitioners and scholars argue in favor of adherence to time tested principles Each report has a preface that places the material in historical and legal context

The United Nations and Human Rights Julie A Mertus, Julie Mertus, 2010-04-05 Julie Mertus highly acclaimed text continues to be the only completely up to date comprehensive yet succinct guide to the United Nations human rights system Today virtually all UN bodies and specialized agencies are undertaking efforts to incorporate the promotion or protection of human rights into their programs and activities The United Nations and Human Rights examines these recent initiatives within the broader context of human rights practice including the promotion of individual rights management of international conflict and the advancement of agendas of social movements The fully revised and updated second edition not only provides a complete guide to the development structure and procedures within the UN human rights system but also reflects the vital changes that have occurred within the UN system devoting considerable attention to expanding the range of issues discussed including new developments in the Office of the High Commissioner for Human Rights the current controversy surrounding the new Human Rights Council expanded treatment of economic and social rights A superb addition to any human rights syllabus this book maintains its position as essential reading for students and practitioners of human rights international relations and international law

The Opening Statement of the Prosecution in International Criminal Trials Sofia Stolk, 2021-04-20 This book addresses the discursive importance of the prosecution s opening statement before an international criminal tribunal Opening statements are considered to be largely irrelevant to the official legal proceedings but are simultaneously deployed to frame important historical events They are widely cited in international media as well as academic texts yet have been ignored by legal scholars as objects of study in their own right This book aims to remedy this neglect by analysing the narrative that is articulated in the opening statements of different prosecutors at different tribunals in different times It takes an interdisciplinary approach and looks at the meaning of the opening narrative beyond its function in the legal process in a strict sense discussing the ways in which the trial is situated in time and space and how it portrays the main characters It shows how perpetrators and victims places and histories are juridified in a narrative that whilst purporting to legitimise the trial the tribunal and international criminal law itself is beset with tensions and contradictions Providing an original perspective on the operation of international criminal law this book will be of considerable interest to

those working in this area as well as those with relevant interests in International Transnational Law more generally Critical Legal Studies Law and Literature Socio Legal Studies Law and Geography and International Relations **Forgotten Families** Jody Heymann, 2006-02-16 When the mountain won't come to Muhammad sometimes the mountain must be dynamited carted off and dropped upon him Heymann the founder and director of the Project on Global Working Families worked for a decade with her research team to drop such a mountain of information on governments and global organizations in order to inspire them to enact economic reforms Exhaustive in scope meticulous in detail her book is a damning indictment of what has gone wrong during the race to the bottom between developing countries amid globalizing markets The book is peppered with heartbreaking stories gleaned from surveys of more than 55 000 families depicting a worldwide squalor in which children if they survive infancy are usually doomed to re-enact their parents' lives at the sweatshop The portrait is bleak but Heymann is an optimist Her solutions though idealistic are reasonable paid maternity leave improved before and after school programs for children etc Most readers would have found a magazine article more persuasive as Heymann's book is burdened with statistics But in the breadth of its research this volume will become a valuable primary source for policy makers *International Organizations and the Law of the Sea 2002* Barbara Kwiatkowska, Harm Dotinga, Erik J. Molenaar, Alex G. Oude Elferink, Alfred H.A. Soons, 2005-04-01 This is the last volume in the Series Now in its 18th year the NILOS Documentary Yearbook provides the reader with an excellent collection of documents related to ocean affairs and the law of the sea issued each year by organizations organs and bodies of the United Nations system Documents of the UN General Assembly and Security Council Meeting of States Parties to the UN Law of the Sea Convention CLCS ISBA ITLOS Follow ups to the UN Fish Stocks and Small Island States Conferences WSSD ECOSOC UNEP and UNCTAD are reproduced first followed by the documents of FAO IAEA IMO and UNESCO IOC As in the previous volumes documents which were issued in the course of 2002 are reproduced while other relevant documents are listed The NILOS Documentary Yearbook has proved to be of invaluable assistance in facilitating access of the international community of scholars and practitioners in ocean affairs and the law of the sea to essential documentation The entry of the 1982 UN Law of the Sea Convention into force in 1994 and of the Part XI Agreement in 1996 as well as of the UN Fish Stocks Agreement in 2001 coupled with the ongoing follow up to review of the UNCED Agenda 21 by the 2002 Johannesburg World Summit make continuation of this assistance of particular significance in the years to come The members of the Yearbook's Advisory Board are Judges Abdul Koroma and Shigeru Oda of the ICJ UNDOALOS Director Dr Vladimir Golitsyn ITLOS President Dolliver Nelson and Judges Thomas Mensah and Tullio Treves as well as Rosalie Balkin Edward Brown Bernard Oxman and Shabtai Rosenne **Towards an African Peace and Security Regime** João Gomes Porto, 2016-02-24 Towards an African Peace and Security Regime Continental embeddedness transnational linkages strategic relevance provides an informed and critical reflection on the adequacy of the emerging African Peace and Security Architecture APSA to the medium and long term

challenges and opportunities of conflict prevention management and resolution in Africa Complementary to the editors Africa's New Peace and Security Architecture Implementing norms institutionalising solutions Ashgate 2010 this volume revolves around three main areas of focus the continental embeddedness of norms values and processes required for the gradual coming into shape of the African peace and security regime its transnational linkages as well as the wider collective security environment and the empirical analysis of the connections between the continental level and the regional economic communities with case studies on ECOWAS SADC and COMESA

Education, Indigenous Knowledges, and Development in the Global South Anders Breidlid, 2013 Through a series of case studies this book explores the question of whether Western educational discourse still the dominant discourse in many countries in the global South benefits the majority of pupils and helps promote sustainable development in these countries or whether pedagogies rooted in more indigenous ideologies and discourses would better serve this aim

The United Nations in the Twenty-first Century Marcus F. Franda, 2006 The United Nations is confronting a severe crisis at the beginning of the twenty first century Its capabilities have been called into question amid a rash of recent scandals and charges of leadership mismanagement bureaucratic ineptitude and corrupt activities Current world opinion seems to express elevated concern about the organization's ability to deal with the complexity of international relations in the new millennium Despite six decades of survival its membership still appears unable to maintain a consistent focus or set of practices to pursue common goals The United Nations in the Twenty First Century analyzes the significance of the many forces and events affecting the UN's efforts at reform It provides a detailed examination of these processes for all of the major UN organs and agencies including chapters on the Secretaries General the Secretariat the General Assembly the Security Council and ECOSOC The chapters on the Secretaries General are the only detailed discussion that compares contrasts and evaluates the tenures of the seven people who have headed the UN The book's concluding chapters focus on Kofi Annan's reform agenda as it relates to previous UN reform experiences and assess the future impact of recent UN related scandals and charges of mismanagement

No Rain in the Amazon Nikolas Kozloff, 2025-10-16 Acting as the planet's air conditioner the rainforest sucks up millions of tons of greenhouse gases and stores them safely out of the atmosphere South America's deforestation threatens to unleash a kind of carbon bomb that will add to our already deteriorating climate difficulties As he travels across Peru and Brazil recognized South America expert Nikolas Kozloff talks to locals scientists and activists about the rainforest and what should be done to avert its collapse Drawing on his expertise of South American politics Kozloff argues that cooperation between the world's countries is essential in turning back the tide of climate change and that the fate of the planet depends on our response to environmental problems within the southern hemisphere

The Oxford Handbook on the United Nations Thomas G. Weiss, Sam Daws, 2018-06-28 This Handbook provides in one volume an authoritative and independent treatment of the UN's seventy year history written by an international cast of more than 50 distinguished scholars analysts and practitioners It provides a

clear and penetrating examination of the UN's development since 1945 and the challenges and opportunities now facing the organization. It assesses the implications for the UN of rapid changes in the world from technological innovation to shifting foreign policy priorities and the UN's future place in a changing multilateral landscape. Citations and additional readings contain a wealth of primary and secondary references to the history, politics, and law of the world organization. This key reference also contains appendices of the UN Charter, the Statute of the International Court of Justice, and the Universal Declaration of Human Rights.
