The Zinn Reader Writings On Disobedience And Democracy:

The Zinn Reader Howard Zinn, 2011-01-04 No other radical historian has reached so many hearts and minds as Howard Zinn. It is rare that a historian of the Left has managed to retain as much credibility while refusing to let his academic mantle change his beautiful writing style from being anything but direct, forthright and accessible. Whether his subject is war, race, politics, economic justice or history itself, each of his works serves as a reminder that to embrace one's subjectivity can mean embracing one's humanity; that heart and mind can speak with one voice. Here in six sections is the historian's own choice of his shorter essays on some of the most critical problems facing America throughout its history and today. Disobedience and Democracy Howard Zinn, 2012-09-24 Howard Zinn's cogent defense of civil disobedience. *Reading, Learning, Teaching Howard Zinn* Ed. Welch, 2009 Howard Zinn is one of the most celebrated historians and social activists of our time. Raised in a working class family in Brooklyn, he was a shipyard worker and union organizer when World War II began. He served as a bombardier in the European Theatre, and this experience shaped his opposition to war as an instrument of foreign policy. He became active in the civil rights movement as well as the anti-war movement from the 1950s to the 1970s. He is perhaps best known as the author of *A People's History of the United States*, published in 1980. This study of Zinn's life and work opens the door to many aspects of historical study generally untouched in traditional secondary and collegiate survey courses in United States history. To Zinn, history is not an objective account of the past to be indelibly carved into the brains of American citizens; rather, history is an ever-changing palette of events as people react to the contexts and cultures they find themselves immersed in. By considering the lives and thoughts of less politically and socially prominent individuals, students have the opportunity to re-examine their own beliefs and assumptions about contemporary American life. Students will gain insight into how history is constructed and recorded through a consideration of the life and writings of Howard Zinn.

Disobedience in Western Political Thought Raffaele Laudani, 2013-08-19 The global age is distinguished by disobedience, from the protests in Tiananmen Square to the fall of the Berlin Wall to the anti-G8 and anti-WTO demonstrations. In this book, Raffaele Laudani offers a systematic review of how disobedience has been conceptualized, supported and criticized throughout history. Laudani documents the appearance of disobedience in the political lexicon from ancient times to the present and explains the word's manifestations, showing how its semantic wealth transcended its liberal interpretations in the 1960s and 1970s. Disobedience, Laudani finds, is not merely an alternative to revolution and rebellion but a different way of conceiving radical politics, one based on withdrawal of consent and defection in relation to the established order. Rethinking Multicultural Education for the Next Generation Nadine Dolby, 2012-04-23 *Rethinking Multicultural Education for the Next Generation* builds on the legacy of social justice multicultural education while recognizing the considerable challenges of reaching today's college students. By drawing on breakthrough research in two fields, neuroscience and animal studies, Nadine Dolby argues that empathy is an underlying element of all living beings. Dolby

shows how this commonality can provide a scaffolding for building an exciting new approach to developing multicultural and global consciousness one that has the potential to transform how our students see and relate to the world around them This book features classroom vignettes and reflections discussion of research with pre service teachers on the concept of empathy and pedagogical suggestions for fostering the new empathy in students Incorporating discussions of animal emotions sustainability and our responsibilities to all living creatures and the planet Dolby challenges multicultural educators to rethink both curriculum and pedagogy and to begin new and bolder conversations about how empathy for humans animals and the planet must be part of a new approach to teaching

Considering Class Kevin M. Cahill (Professor of Philosophy), Lene Johannessen, 2007 In the 21st century hardly any aspects of human existence are left unexplored by postmodern theories and discourses of subjectivity and individuality of hybridity and identity of race gender and ethnicity Conspicuous however among these critical inquiries is the relatively little attention devoted to the category of class This absence is particularly alarming at a time when neo liberalism and post capitalism feed on cultural fragmentation and ideological relativism The contributions in Considering Class Essays on the Discourse of the American Dream address the dysfunctional position of class in American socio political and cultural reality from a variety of disciplinary perspectives While it is open to debate whether class is more resistant to being relativized than other categories there is increasing recognition that class remains a critical category with the potential to transcend the rifts and divisions that run along lines of race ethnicity and gender and with the potential to reconfigure the current American political landscape

Theological Perspectives for Life, Liberty, and the Pursuit of Happiness A. Isasi-Diaz, M. Fulkerson, R. Carbine, 2013-11-07 Rather than wield religion as a weapon or a ruse in irrational appeals the book attempts to reimagine a shared American mythos and ethos by reminding us of our shared stake in creating an America committed to the life of all peoples and species and to the full developments of our capabilities as an exercise of liberty

NEWSPEAK in the 21st Century David Edwards, David Cromwell, 2009-08-20 Media Lens mission is to correct the distorted vision of the liberal media A thorn in the side of the Guardian Independent Channel 4 and the BBC among many others it is constantly under counterfire by those it attacks These responses are collected in Newspeak They expose the arrogance and servility to power of our leading journalists and editors starring Andrew Marr Alan Rusbridger Roger Alton Jon Snow Jeremy Bowen and even George Monbiot Packed with forensic media analysis revealing the lethal bias in balanced reporting Even the best UK media turn out to be cheerleaders for government business and war Alongside an A Z of BBC propaganda and chapters on Iraq and climate change Newspeak focuses on the demonisation of Iran and Venezuela the Israel Palestine conflict the myth of impartial reporting and the dark art of smearing dissidents

A Promise And A Way Of Life Becky Thompson,2001-08-07 The first in depth look at white people s activism in fighting racism during the past fifty years Not since the Civil Rights Movement of the 1950s and 1960s when many white college students went south to fight against Jim Crow laws has white antiracist activity held the public s attention Yet there have always been white people involved in fighting racism In this passionate work Becky Thompson looks at white Americans who have struggled against racism offering examples of both successes and failures inspirations practical philosophies and a way ahead *A Promise and a Way of Life* weaves an account of the past half century based on the life histories of thirty nine people who have placed antiracist activism at the center of their lives Through a rich and fascinating narrative that links individual experiences with social and political history Thompson shows the ways both public and personal in which whites have opposed racism during several social movements the Civil Rights and Black Power movements multiracial feminism the Central American peace movement the struggle for antiracist education and activism against the prison industry Beginning with the diverse catalysts that started these activists on their journeys this book demonstrates the contributions and limitations of white antiracism in key social justice movements Through these stories crucial questions are raised Does antiracist work require a repudiation of one s whiteness or can that identity be transformed through political commitment and alliances What do white people need to do to undermine white privilege What would it take to build a multiracial movement in which white people are responsible for creating antiracist alliances while not co-opting people of color Unique in its depth and thoroughness *A Promise and a Way of Life* is essential for anyone currently fighting racism or wondering how to do so Through its demonstration of the extraordinary personal and social transformations ordinary people can make it provides a new paradigm for movement activity one that will help to incite and guide future antiracist activism

Why Are We The Good Guys? David Cromwell,2012-09-28 One of the unspoken assumptions of the Western world is that we are great defenders of human rights a free press and the benefits of market economics Mistakes might be made along the way perhaps even tragic errors of judgement such as the 2003 invasion of Iraq But the prevailing view is that the West is essentially a force for good in the wider world *Why Are We The Good Guys* is a provocative challenge of this false ideology David Cromwell digs beneath standard accounts of crucial issues such as foreign policy climate change and the constant struggle between state corporate power and genuine democracy The powerful evidence based analysis of current affairs is leavened by some of the formative experiences that led the author to question the basic myth of Western benevolence from schoolroom experiments in democracy exposure to radical ideas at home and a mercy mission while at sea to an unexpected encounter

with former Foreign Secretary Robin Cook the struggles to publish hard hitting journalism and the founding of Media Lens in 2001

Educating the Right Way Michael W. Apple, 2013-01-11 In this book Apple explores the conservative restoration the rightward turn of a broad based coalition that is making successful inroads in determining American and international educational policy It takes a pragmatic look at what critical educators can do to build alternative coalitions and policies that are more democratic Apple urges this group to extricate itself from its reliance on the language of possibility in order to employ pragmatic analyses that address the material realities of social power

Blessed Peacemakers Kerry Walters, Robin Jarrell, 2013-02-12 All of us yearn for a peaceable and just world but some roll up their sleeves and set to work to make the dream real Blessed Peacemakers celebrates 365 of them one for each day of the year Their stories are richly diverse They share a commitment to peace and justice but the various contexts in which they work make each of their stories uniquely instructive The peacemakers include women men and children from across the globe spanning some twenty five hundred years Many are persons of faith but some are totally secular Some are well known while others will be excitingly new They are human rights and antiwar activists scientists and artists educators and scholars songwriters and poets film directors and authors diplomats and economists environmentalists and mystics prophets and policymakers Some are unlettered but all are wise A few died in the service of the dream All sacrificed for it The world is a better place for the presence of blessed peacemakers Their inspiring stories embolden readers to join them in nonviolent resistance to injustice and the creative pursuit of peace

The United States and the Japanese Student Movement, 1948-1973 Naoko Koda, 2020-09-30 The author argues that interactions between the movement and US Cold Warriors had a profound and lasting impact on Japanese society and Japan US relations

The Politics of Constructing the International Criminal Court M. Struett, 2008-05-12 This book examines the political process that led to the establishment of the International Criminal Court in 2002 It accounts for the main features of the court including its strong independent prosecutor by analyzing the discourse surrounding the ICC negotiations and particularly highlights the role of human rights NGOs

Generations of Social Movements Hélène Le Dantec Lowry, Ambre Ivol, 2015-11-17 French political culture has long been seen as a model of leftist militancy while the left in the United States is often perceived in terms of organizational discontinuity Yet the crisis of social democracy today suggests that at a time when the archetypal European welfare state is in danger critics and citizens interested in understanding or reviving progressive politics are invited to consider the United States where modes of creative activism recurrently demonstrate potentialities for a renewed leftist culture Using a transatlantic perspective this volume identifies activist influence through the designation or rejection of specific intellectual and militant figures across generations and it examines various narrative modes used by militants to write their own history

A Chance for Change Crystal R. Sanders, 2016-02-10 In this innovative study Crystal Sanders explores how working class black women in collaboration with the federal government created the Child Development Group of Mississippi CDGM in 1965 a Head Start

program that not only gave poor black children access to early childhood education but also provided black women with greater opportunities for political activism during a crucial time in the unfolding of the civil rights movement. Women who had previously worked as domestics and sharecroppers secured jobs through CDGM as teachers and support staff and earned higher wages. The availability of jobs independent of the local white power structure afforded these women the freedom to vote in elections and petition officials without fear of reprisal. But CDGM's success antagonized segregationists at both the local and state levels who eventually defunded it. Tracing the stories of the more than 2,500 women who staffed Mississippi's CDGM preschool centers, Sanders's book remembers women who went beyond teaching children their shapes and colors to challenge the state's closed political system and white supremacist ideology and offers a profound example for future community organizing in the South.

Crossing the Line Rosalie G. Riegler, 2013-01-01 Of course let us have peace we cry but at the same time let us have normalcy let us lose nothing let our lives stand intact let us know neither prison nor ill repute nor disruption of ties. There is no peace because there are no peacemakers. There are no makers of peace because the making of peace is at least as costly as the making of war at least as exigent at least as disruptive at least as liable to bring disgrace and prison and death in its wake. Daniel Berrigan. No Bars to Manhood. More than sixty-five peacemakers have contributed oral narratives to this compelling history of those who say no to war making in the strongest way possible by engaging in civil disobedience and paying the consequences in jail or prison. *Crossing the Line* gives voice to often neglected social history and provides provocative stories of actions, trials, and imprisonment. This fascinating volume serves as an excellent supplement to conventional histories. Almost all the storytellers here are people of faith or are inspired by those who live by faith. Many work at conventional careers; some do full-time peacemaking by living in Catholic Worker houses or in the Jonah House community; several are priests and nuns who minister worldwide. Also featured are three resisters prominent in War Resisters League history. From World War II conscientious objectors to contemporary activists, these narrators have refused to be helpless in the face of a violent world and have said with their bodies that they do not accept the status quo of permanent war and war preparation. In short, the voices illustrate hope at a time when it seems in short supply.

Diversity, Conformity, and Conscience in Contemporary America Bradley C. S. Watson, 2019-02-19 America is a nation that celebrates diversity and freedom of conscience. Yet as Alexis de Tocqueville observed, democratic times often demand conformity. Nowadays, conformity might be enforced in the name of diversity itself and go so far as to infringe on the rights of conscience, expression, association, and religious freedom. Americans have recently been confronted by this paradox in various ways, from federal health care mandates to campus speech codes to consumer boycotts to public intimidation to vexatious litigation to private corporations dismissing employees for expressing certain political views. In this book, Bradley C. S. Watson brings together leading thinkers from a variety of disciplines to examine the manner and extent to which conformity is demanded by contemporary American law and social practice. Contributors also consider the long-term results of such demands for

conformity for the health and even survival of a constitutional republic
