 R H M Elwes Translator Written by the Dutch philosopher Baruch Spinoza the Tractatus Theologico Politicus or Theologico
 Political Treatise was one of the most controversial texts of the early modern period It was a preemptive defense of Spinoza's
 later work Ethics published posthumously in 1677 for which he anticipated harsh criticism Men would never be superstitious
 if they could govern all their circumstances by set rules or if they were always favoured by fortune but being frequently
 driven into straits where rules are useless and being often kept fluctuating pitifully between hope and fear by the uncertainty
 of fortune's greedily coveted favours they are consequently for the most part very prone to credulity The human mind is
 readily swayed this way or that in times of doubt especially when hope and fear are struggling for the mastery though usually
 it is boastful over confident and vain *Theologisch-Politische Abhandlung (Großdruck)* Baruch De Spinoza, Benedictus de
