Theories Of Personality Understanding Persons 6th Edition:

The Alchemical Harry Potter Anne J. Mamary, 2021-01-05 When Harry Potter first boards the Hogwarts Express he journeys to a world which Rowling says has alchemy as its internal logic The Philosopher's Stone known for its power to transform base metals into gold and to give immortality to its maker is the subject of the conflict between Harry and Voldemort in the first book of the series But alchemy is not about money or eternal life it is much more about the transformations of desire of power and of people through love Harry's equally remarkable and ordinary power to love leads to his desire to find but not use the Philosopher's Stone at the start of the series and his wish to end the destructive power of the Elder Wand at the end This collection of essays on alchemical symbolism and transformations in Rowling's series demonstrates how Harry's work with magical objects people and creatures transfigure desire power and identity As Harry's leaden existence on Privet Drive is transformed in the company of his friends and teachers the Harry Potter novels have transformed millions of readers inspiring us to find the gold in our ordinary lives

Introduction to Psychology and Behaviour Science Vidya Bhagat, 2017-05-07 In the field of psychology there are many books which are of interest to the students of psychology However I had felt a need for a book which offers a comprehensive account of topics related to the introduction to psychology and behavioural science to the best possible extent which emphasises on easy and understandable language for undergraduate students Working in Malaysia and being a part of the health and medical education system here I was inspired by the support and encouragement prevailing in the atmosphere which was conducive for expressing my ideas in simple form of this book for the benefits of our students I considered it apt to use my knowledge to meet this dire need which led to the penning of this book It will hopefully serve as a very useful aid to students in their curriculum The students will benefit from the information covered in this book which articulates thoughts and ideas related to the subject matter This effort is aimed at helping the students gain knowledge effectively

Understanding Happiness Saamdu Chetri, Tanusree Dutta, Manas Kumar Mandal, Priyadarshi Patnaik, 2023-08-03 This book provides a comprehensive and enriching understanding of the construct of happiness from diverse perspectives It provides readers with an overview of the issues problems and challenges related to well being and happiness The book is divided into three sections It brings together researchers and practitioners from various disciplines including psychology sociology and development studies Each section includes chapters from leading academicians from across the world The first section helps the reader understand happiness from a neuroscientific perspective and explores the relationship between happiness and subjective well being The second section of the book discusses the importance of building personal resources for happiness from a positive psychology point of view The last section examines the importance of happiness in the workplace and suggests a sustainable development plan for happiness It is a must buy book for individuals nurturing critical thought and searching for a quintessential understanding of happiness It presents a unique contribution to the literature with its multidisciplinary focus on specific
