Therapeutic Conversations:

Therapeutic Conversations Stephen G. Gilligan, Reese E. Price, 1993-11 We have waited a long time for this spell binding collection of therapeutic conversations which present state of the art theory followed by commentaries In combination these expand and challenge our thinking about the relationship of relative to language of language to ritual and the development of all these innovative conversations to research Peggy Penn MSW Ackerman Institute New York **Solution Talk** Ben Furman, Tapani Ahola, 1992-04 This welcome text brimming with examples solves human problems in a new and constructive way Utilizing ideas like inspiration days the authors present us with their format for thinking about families work systems and training Unique to this format is its inclusion of the client s approach to the problem and the construction of joint conversations involving all participants in the problem system The reader has many discoveries ahead that I suspect will encourage confidence in the generation of positive ideas in every systemic situation Peggy Penn Director of Training Ackerman Institute *Therapeutic Conversations with Queer Youth* Julie Tilsen, 2013-03-22 This is the first therapy book that focuses on clinical work with youth who construct queer identities as differentiated from essentialized gay or lesbian identities It s also the first practice based book that draws on queer theory constructionist philosophy and cultural studies to inform and guide therapeutic work with queer youth As such it offers fresh critical and hopeful resources for therapists committed to culturally responsive work with youth It also helps to make ideas from queer theory and cultural studies accessible to clinicians and widely applicable in therapeutic practice This book presents the perspicacious and provocative comments of the Q Squad five queer youth who served as cultural consultants to the research and writing of this book By bridging the gaps that exist between social science scholarship and therapeutic practice and between queer theory and the lived experiences of queer youth *Therapeutic Conversations with Queer Youth* breaks new ground in the conceptualization and practice of therapy with queer youth **Co-Constructing Therapeutic Conversations** Ivan B. Inger, Jeri Inger, 2018-06-04 This book illustrates the unique systemic approach of the Ingers who are well known teachers and co founders of the Family Studies Institute in Portland Oregon Their work combines elements of the reflective team approach with a model of co therapy It is a fresh and innovative application of systemic thinking to the field of family therapy The book consists of a full length description of one family consultation with detailed commentary on the process of the interview provided by the Ingers The theoretical basis of their model is a carefully explained and the interview itself is discussed by a range of American and British therapists taking part in a family therapy exchange **Therapeutic Conversations with Adolescents** Janet Sasson Edgette, 2023-10-12 *Therapeutic Conversations with Adolescents* takes readers into the office of a seasoned therapist where they can be a fly on the wall of live therapy sessions Full of actual dialogue and the processing behind the choice of responses and interventions this book stands in contrast to the dozens of books about adolescent therapy that discuss only theory conjecture and generic strategies Teenagers today need therapists who can offer robust and

unpretentious therapeutic relationships as well as conversations that matter enough to hold their clients attention and make them want to come back for more Readers will come away from this book understanding how to tread the delicate balance between the support and confrontation the forthrightness and discretion and the humor and tenacity that therapists need to make a real and lasting impact with teenagers
