Chang,Gary White,Jonathan Waugh,Ruben Restrepo,2020-01-13 Respiratory Critical Care is the first textbook that integrates mechanical ventilation and respiratory critical care into one user friendly resource This textbook focuses on the clinical application of critical care concepts that are essential for respiratory therapy students and practitioners *Swinburne* Samuel C. Chew,1929 **An Assumption of Sovereignty** Harry A. Kersey,1996-01-01 In the early 1950s the very existence of the Florida Seminoles was in jeopardy Mired in poverty poorly educated underemployed and without a tribal government they also faced the possibility that the U S Congress would terminate services to them Fortunately loss of reservation lands was averted and the situation began to improve When the federal government approved a charter and constitution for the tribe in 1957 it marked both the official resumption of tribal sovereignty after more than a century and the first agreement that did not force removal of the Seminoles from the reservation An Assumption of Sovereignty continues Harry A Kersey Jr s examination of Seminole history He studies the effects of shifting governmental attitudes and policies on the Florida Indians during the past quarter century He also charts the social economic and political

experiences of the tribe during these volatile decades By the end of the account readers understand that the Seminole tribe has become organized functioning and sovereign with a stable economic base The author has made extensive use of oral history from tribal elders as well as the memoirs and records of Florida congressional leaders Harry A Kersey Jr is a professor of history at Florida Atlantic University He is the author of *The Florida Seminole and the New Deal The Seminole and Miccosukee Tribes A Critical Bibliography* and *Pelts Plumes and Hides White Traders among the Seminole Indians 1870 1930*

Men in Color Josep M. Armengol, 2011-01-18 Comprising seven different chapters the collection *Men in Color* attempts to analyze and revisit the representation of ethnic masculinities both white and non white in and through contemporary U S literature and cinema If most of the existing studies on masculinity and race have centered on one specific model of racialized masculinities *Men in Color* attempts to provide an introductory perspective on different racialized masculinities simultaneously including African American Asian American Chicano Arab American and also white masculinity which is analyzed as another ethnic and gendered construct rather than as a paradigm of normalcy and universality By exploring several ethnic masculinities in relation to each other the present volume aims to highlight both the differences and the similarities between different patterns of masculinity showing how even as gender is inflected by race certain aspects or features of masculinity remain unchanged across the ethnic board Ultimately the volume as a whole illustrates both the changing nature of masculinities as well as the recurrence of certain stereotypes such as the hypersexualization and or the feminization of ethnic males which recur in and across several ethnicities The constant tension and intersection between gender and race is the subject of this book which hopes to contribute some notes and reflections on ethnic masculinities to the much more complex and larger discussion about gender and racial identities in our increasingly multicultural and globalized 21st century world

[Journey Home in American Film](#) Susan Mackey-Kallis,2010-08-03 In contemporary America myths find expression primarily in film What s more many of the highest grossing American movies of the past several decades have been rooted in one of the most fundamental mythic narratives the hero quest Why is the hero quest so persistently renewed and retold In what ways does this universal myth manifest itself in American cinema And what is the significance of the popularity of these modern myths *The Hero and the Perennial Journey Home in American Film* by Susan Mackey Kallis is an exploration of the appeal of films that recreate and reinterpret this mythic structure She closely analyzes such films as *E T* the *Star Wars* trilogy *It s a Wonderful Life* *The Wizard of Oz* *The Lion King* *Field of Dreams* *The Piano* *Thelma and Louise* and 2001 *A Space Odyssey* Elements of the quest mythology made popular by Joseph Campbell Homer s *Odyssey* the perennial philosophy of Aldous Huxley and Jungian psychology all contribute to the compelling interpretive framework in which Mackey Kallis crafts her study She argues that the purpose of the hero quest is not limited to the discovery of some boon or Holy Grail but also involves finding oneself and finding a home in the universe The home that is sought is simultaneously the literal home from which the hero sets out and the terminus of the personal growth he or she undergoes during the journey back Thus the quest Mackey Kallis asserts is an outward journey into the world of action and events which eventually requires a journey inward if the hero is to grow and ultimately necessitates a journey homeward if the hero is to understand the grail and share it with the culture at large Finally she examines the value of mythic criticism and addresses questions about myth currently being
