**A Trinity Harbor Complete Collection** Sherryl Woods, 2019-07-15 Don't miss the Trinity Harbor Complete Collection containing three romance novels by New York Times 1 bestselling author Sherryl Woods. **About That Man** Originally published in 2001. Sensible Sunday school teacher Daisy Spencer expected taking in the orphaned ten-year-old caught hot wiring her car to be easy, what she didn't expect was an obstacle in the form of the boy's uncle Walker Ames, a tough DC cop who sees his unexpected nephew as his last chance at redemption. Soon he's commuting to the charming fishbowl town of Trinity Harbor where everyone assumes he's seduced Daisy, their best Sunday school teacher. But to Walker, Daisy is a disconcerting mix of charming innocence and smart-mouthed excitement in a town that's not as sleepy as it looks. Ask Anyone. Originally published in 2002. When Bobby Spencer receives a literal rude awakening one quiet Sunday morning, he's far from pleased with the woman responsible. Desperate Jenna Pennington Kennedy is seeking to capture Bobby's attention, so he'll hire her to plan the town's new riverfront development so that she can prove to her father she's a responsible woman, not the reckless kid of old. But the last thing Bobby wants in his life is a sexy single mom with grand ambitions, and Jenna doesn't need any more rollercoaster romances. However, in Trinity Harbor, love has a way of defying expectations. Ask Anyone. **Came Trouble** Originally published in 2002. Sheriff Tucker Spencer has seen some action, but finding his almost-naked ex asleep in his bed leaves him speechless. Mary Elizabeth, who broke Tucker's heart six years ago by marrying a charismatic Virginia politician, needs Tucker's help proving her innocence in her husband's murder. Mary Elizabeth needs Tucker, period. But along with her return comes all the town gossip about their reunion romance. In the end, he'll confront a mystery even more confusing than murder: how the heart makes room for forgiveness and a new start. **Riot** Ronie Kendig, JJ Samie Myles, 2024-03-05. Navy SEAL K-9 handler Beau Danger Maddox is at the top of his game until an op goes south, leaving him physically and mentally scarred. Separated from the Navy, he's determined to requalify as operational and get back in the action, so he can take down the deadly South American cartel that killed his team. The last thing he needs is a distraction in the form of a beautiful new neighbor and her dog. Trafficking survivor Paisley Reyna became a trauma counselor to help others after a harrowing captivity at the hands of the notorious Guerrero Cartel. When she unexpectedly inherits her cousin's home and retired military working dog Riot, she seizes the chance to eke out a quiet life in a small town in Texas. However, the Dutch shepherd upends her plans, destroys her belongings, and repeatedly escapes next door to the intense former SEAL who poses a threat to her peace and maybe even her heart. When the local sheriff asks for Danger's expertise and Paisley's dog to intercept a trafficking deal, they're quickly caught up in a battle against the very cartel that marked both their souls. Along with a paramilitary team, they plunge deeper and deeper into the Venezuelan jungle, all too aware that making it out alive a second time will take nothing short of a miracle. **A BREED APART LEGACY** Book 1 Havoc Book 2 Chaos Book 3 Riot Book 4 Fury coming soon Book 5 Surge coming soon **Chaos** Ronie Kendig, Steffani Webb, 2023-12-26 Buckle up for an edge of

*More Than You Can Handle* Miguel Sancho,2022-03-01 Now in paperback

The personally harrowing and medically enthralling story of a family's struggle to save a child from a deadly immune deficiency. A journey through the deepest valleys and highest peaks of parenting. When a two-month-old baby falls ill, his apparently ordinary symptoms turn out to signal a rare and lethal immune deficiency. For parents Miguel Sancho and Felicia Morton, the discovery that their son Sebastian has chronic granulomatous disease (CGD) upends their lives and leaves the family with few options, all of them terrifying. With Sebastian at constant risk of deadly infection, they spend the next six years in some degree of self-quarantine with all its attendant anxieties and stressors as they struggle to keep their son alive, their marriage intact, and themselves sane. The quest for a cure leads them into the alternate universe of the rare disease community and to the cutting edge of modern medicine as their personal crises send them fumbling through various modalities of self-help, including faith, therapy, and meditation. With brutal honesty, Sancho describes how his struggles derail his career, put his marriage on life support, get his family evicted from a Ronald McDonald House, and ruin a Make-A-Wish trip. Sancho's riveting tale of the diagnosis and treatment of his son's illness takes us deep inside the workings of the immune system and into the radically innovative treatment used to repair it. Ultimately, Sebastian is saved with a stem cell transplant using discarded umbilical cord blood, a groundbreaking technique pioneered and practiced by the medical wizards at Duke University Hospital. Deeply researched and darkly humorous, this is a wrenching tale with a triumphant ending.
