Bibliography of Agriculture ,1998 Alpha Colony Cyndi Friberg,2019-11-17 Untamed Hunger Major Sasha Young has
been stationed at Alpha Colony for the past three years part of an elite military team assigned to maintain order and resolve
conflicts between the shapeshifters She has watched the hostile morphs secretly fascinated by their predatory grace and
animal magnetism The colonies were established to protect defenseless humans from these genetic anomalies So why does
she feel like the morphs are the ones being victimized Grayson Evans a rare white tiger shifter is frustrated and appalled by
how little their human keepers understand the average morph After an especially violent altercation between leopard and
tiger shifters he decides it s time to educate them He s had his eye on Sasha ever since she arrived and introducing the feisty
beauty to the full potential of a felidae morph is going to be his pleasure and hers United Passion As a Pride leader Maddox
knows unification is the only chance the cat shifters have of surviving the harsh conditions at Alpha Colony His reputation for
ruthlessness is well known so the other pride leaders quickly fall in line Convinced any form of cooperation is unacceptable
Dyauna and her followers are determined to defy their human captors at every turn Still the rest of the rebels will accept

unification if Maddox can recruit Dyauna Their relationship has always been tempestuous but he knows how to make her purr Her radical ideals once drove them apart and he can't let it happen again He'll take her captive for a few days and focus entirely on her pleasure Then she'll be forced to admit they are meant to be together just like the cat shifter clans Unwanted Desire When Barbary Pride lions are blamed for the brutal murder of a she wolf shifter animosity flares and tempers ignite In a moment of desperation the victim's mate kidnaps Jizette and threatens to return her one piece at a time until the murderer is turned over to Timberline pack Kash is afraid his grief stricken friend will follow through with his grisly threat so he hides the terrified cat giving her pride time to investigate the murder Jizette isn't sure what to think of her rescuer He's gruff and aggressive and stirs feelings she doesn't want to feel Interspecies couples are shunned Forbidden Yet the flash of his eyes and the press of his muscular body make her burn as never before To protect her Kash must take her beyond the walls of Alpha Colony and expose her to a world she's never experienced before His rash plan might incinerate the sheltered beauty or free her to become more than she ever dreamed possible Uninhibited Fire After a lifetime of trading passion for ambition Doctor Emily Hillard is determined to catch a killer Instead of being awed by her technology the morphs pair her with the most exasperating man she has ever encountered He's barbaric domineering and unapologetically savage She should be frightened or at least repelled by his lack of sophistication Instead she finds him refreshing and pictures herself crushed beneath his strong body as he skillfully peels away her civility Cruz a panther shifter with pyrokinetic abilities spent eleven years as an assassin before being allowed a reprieve He is finally enjoying some down time when a murderous rogue chooses his territory for a hideout Now half of Alpha Colony is searching for the rogue and Cruz's handlers are desperate to get their hands on Emily's prototype Ordinarily Cruz would have ignored their threats and ultimatums but he's intrigued by the delectable doctor So he decides to show the hothouse flower what life in the wild is all about
