How Technologies Harm Mark A. Wood, 2025-10-30 Technologies contribute to harms in a variety of ways but can we ever say they are harmful in and of themselves This book offers a new way to understand how technologies while not intrinsically harmful are laden with values and dispositions that can contribute to negative outcomes Building on insights from postphenomenology realist social theory and the philosophy of action it provides a framework for examining technology harm relations relations with technology that are harmful by virtue of what they contribute to bringing about It is for anyone seeking to design regulate research or simply use technology in a way that prioritizes well being

The European Union and Its Eastern Neighbourhood Andriy Tyushka, Tobias Schumacher, 2021-11-29 This edited volume brings together some of the most important scholarly perspectives in the form of both journal article reprints and original contributions on the structure and dynamics of the EU's multi layered relations with its Eastern neighbours within the Eastern Partnership EaP framework and beyond In May 2019 the EU's EaP an ambitious and sophisticated policy framework conjoining elements of cooperation and integration with the EU's six eastern neighbours i.e. Ukraine Belarus Moldova Georgia Armenia and Azerbaijan turned ten years This anniversary in conjunction with repeatedly voiced critique by scholars and policy makers alike regarding the framework's effectiveness and utility led the EU to submit the EaP to a fundamental auditing and revision Structured around both enduring and emerging issues in the broader EU Eastern neighbourhood framework this book provides a retrospective analysis of key structural and relational challenges unfolding regional dynamics distinctive forms of bilateral multilateral engagement whilst also offering a critical perspective on the contested future relations between the EU and its Eastern neighbours Looking backwards and providing a critical and thorough assessment of the first ten years of the EaP in practice this book thinks forward and gauges its many potential future avenues This comes at a crucial moment as the EU and its six Eastern neighbours are in search of new and mutually acceptable forms of association
