The Solace Of Fierce Landscapes Exploring Desert And Mountain Spirituality:

The Solace of Fierce Landscapes Belden C. Lane, 2007-02-26 In the tradition of Kathleen Norris Terry Tempest Williams and Thomas Merton *The Solace of Fierce Landscapes* explores the impulse that has drawn seekers into the wilderness for centuries and offers eloquent testimony to the healing power of mountain silence and desert indifference Interweaving a memoir of his mother's long struggle with Alzheimer's and cancer meditations on his own wilderness experience and illuminating commentary on the Christian via negativa a mystical tradition that seeks God in the silence beyond language Lane rejects the easy affirmations of pop spirituality for the harsher but more profound truths that wilderness can teach us There is an unaccountable solace that fierce landscapes offer to the soul They heal as well as mirror the brokenness we find within It is this apparent paradox that lies at the heart of this remarkable book that inhuman landscapes should be the source of spiritual comfort Lane shows that the very indifference of the wilderness can release us from the demands of the endlessly anxious ego teach us to ignore the inessential in our own lives and enable us to transcend the false self that is ever obsessed with managing impressions Drawing upon the wisdom of St John of the Cross Meister Eckhardt Simone Weil Edward Abbey and many other Christian and non Christian writers Lane also demonstrates how those of us cut off from the wilderness might make some desert in our lives Written with vivid intelligence narrative ease and a gracefulness that is itself a comfort *The Solace of Fierce Landscapes* gives us not only a description but a performance of an ancient and increasingly relevant spiritual tradition

The Great Conversation Belden C. Lane, 2019-05-01 We are surrounded by a world that talks but we don't listen We are part of a community engaged in a vast conversation but we deny our role in it In the face of climate change species loss and vast environmental destruction the ability to stand in the flow of the great conversation of all creatures and the earth can feel utterly lost to the human race But Belden C Lane suggests that it can and must be recovered not only for the sake of endangered species and the well being of at risk communities but for the survival of the world itself *The Great Conversation* is Lane's multi faceted treatise on a spiritually centered environmentalism At the core is a belief in the power of the natural world to act as teacher In a series of personal anecdotes Lane pairs his own experiences in the wild with the writings of saints and sages from a wide range of religious traditions A night in a Missourian cave brings to mind the *Spiritual Exercises* of Ignatius of Loyola the canyons of southern Utah elicit a response from the Chinese philosopher Laozi 500 000 migrating sandhill cranes rest in Nebraska and evoke the Sufi poet Farid ud Din Attar With each chapter the humility of spiritual masters through the ages melds with the author's encounters with natural teachers to offer guidance for entering once more into a conversation with the world

Landscape as Sacred Space Steven Lewis, 2005-07-15 Steven Lewis's *Landscape as Sacred Space* Metaphors for the Spiritual Journey invites new discussions about our spiritual journeys and allows seekers to rethink approaches to Christian spirituality and theology in light of postmodernity Landscape metaphors provide a common and accessible language to articulate one's spiritual journey

Spiritual mountains deserts and valleys are dominant landscapes on our journey through life Most people have experienced the joy of a mountaintop spiritual experience the pain of spiritual deserts or perhaps the dreariness too often associated with spiritual valleys There is a tendency however to highlight spiritual mountaintops while avoiding spiritual deserts and ignoring spiritual valleys This leaves many Christians ill equipped either to deal with crises or to integrate God into ordinary life Each landscape offers rich lessons that when combined together lead us toward a maturing faith and into a deeper relationship with God Landscape as Sacred Space is intended to aid those who search for more meaningful ways to articulate their faith journey The book grants permission to struggle with life s landscapes provides safe spaces to reflect on the journey and introduces language that enables exploration and discovery

The Spiritual Way Philip Sheldrake, 2019-09-06 In *The Spiritual Way* Classic Traditions and Contemporary Practice Philip Sheldrake aims to make the wisdom of Christian spirituality better known to contemporary readers After an introductory chapter on the foundations of Christian spirituality Sheldrake describes its diverse riches through the centuries in terms of five distinctive types of Christian spiritual wisdom illustrated by a rich selection of classical examples The five types are The Way of Discipline The Contemplative Mystical Way The Way of Practical Action The Way of Beauty and The Prophetic Way This book also briefly explores the contemporary interest in spirituality within and beyond conventional religion and suggests how we might engage with these five types on our spiritual journeys in today s world

Backpacking with the Saints Belden C. Lane, 2014-11-03 *Backpacking with the Saints* is a captivating account of solo wilderness backpacking as spiritual practice On his solitary hikes Belden Lane has as companions the great spiritual texts of the world s religions The wilderness he argues offers an enlightening approach to the texts presenting the opportunity to explore the interior landscape and the spiritual realm of nature The book thoughtfully examines the place of nature in the spiritual life and the dynamics of reading in the wild

The Sacred Desert David Jasper, 2008-04-15 *The Sacred Desert* is a reflection on the role of the desert in theology history literature art and film An original reflection on the role of the desert in theology history literature art and film Discusses figures as diverse as Jesus the early Christian Desert Fathers T E Lawrence T S Eliot Georgia O Keefe Wim Wenders and Jim Crace Makes connections across millennia of desert literature Deepens the reader s understanding of the desert as a real place as an interior space and as a textual site Concludes with comments on the recent conflicts in Iraq Written in a r

[Unlocking the Fountains](#) Andrew D. Mayes, 2025-10-17 This book unleashes hidden secrets and forgotten messages of the rivers and springs that flow through the Bible alerting us both to ecological realities and spiritual challenges To understand the biblical story we must attend to these features of the land for they are important threads in the tapestry of the scriptural narratives the context and matrix of the workings of the Divine They become literally and symbolically sources of faith But it is impossible for us to revisit the rivers and springs of the biblical story today without attending to their present physical state of degradation The varied crises facing the rivers and springs furnish us with a hermeneutical tool for approaching ancient biblical stories confronting

us with demanding questions that become an interpretative lens refocusing our attention as we approach the texts The environmental dangers they face today raise issues with which we revisit the biblical accounts helping us to discover there elements and questions that have not addressed us before To assist our quest we go in search of those who have lived on the riverbanks in past times and listen to their ancient and abiding wisdom which speaks uncannily to us across the centuries

Being Truly Human Mark Mah,2012-10-12 Our busy exterior may be a cover up for an undernourished interior soul Modern life is so packed with things to do that we have not learned to be truly human It is difficult to nurture the spiritual life in a media saturated world filled with relentless information ongoing activities material wants worrisome uncertainties and seductive addictions Being Truly Human challenges readers to give space in their busy life for God to do the work of transformation in the inner self It takes inspiration from the Desert Fathers of the fourth and fifth centuries whose directness simplicity and concreteness to life s struggles provide a fresh perspective for modern saints Like the desert saints modern Christians are challenged to begin a spiritual odyssey in the wilderness of their soul to become their true selves To be truly human means the freedom to love in concrete acts of humility and hospitality acts which are truly lacking in our world today The practice of solitude and silence will lead us to be indifferent to the crying needs of our false selves and to give God our undivided attention which is necessary for the spiritual formation of our true selves Desert Spirit Places Brad
