The Standard Code Of Parliamentary Procedure 4th Edition

Diane P. Tuccillo

The Standard Code Of Parliamentary Procedure 4th Edition:

Standard Code of Parliamentary Procedure Alice Sturgis, 1950 The purpose of parliamentary law is to assist an assembly in carrying out its purposes It is the code of ethics of working together the rules of the game Parliamentary law is concerned with the means by which beliefs and ideas are best translated into effective group action from Preface

The Standard Code of Parliamentary Procedure, 4th Edition Alice Sturgis, 2000-12-28 Already the acclaimed choice of thousands of successful organizations including the American Library Association the Fourth Edition features an all new chapter that considers the ways the Internet and other state of the art technologies have rewritten the rules of today s meetings and conventions This easy to use paperback volume the popular alternative to Robert s Rules is the most comprehensive understandable and logical guide to smooth running professional meetings Alice Sturgis was a practicing parliamentarian and consultant to national and international professional and business organizations She taught at Stanford University and the University of California

Sturgis Standard Code of Parliamentary Procedure Alice Sturgis, 1950 **Standard Code of Parliamentary Procedure** Alice Fleenor Sturgis, 1950 *Notes and Comments on Robert's Rules, Fourth Edition* Jim Slaughter, Gaut Ragsdale, Jon L Ericson, 2012-11-13 While Robert s Rules of Order has long been the standard guide to parliamentary procedure many readers find the manual too daunting and complex to utilize its full potential In Notes and Comments on Robert s Rules fourth edition authors Jim Slaughter Gaut Ragsdale and Jon Ericson skillfully guide users through the intricate pathways of the latest edition of Robert s Rules transforming the often intimidating parliamentary guidebook into an easy to use tool Notes and Comments explains in simple terms the individual motions found in Robert s Rules presents extensive tips and suggestions regarding possible modifications to Robert s practices allows readers to witness the vigorous debate about the rules within the notes section and compares major parliamentary authorities A reader friendly question and answer format provides immediate solutions to the most common quandaries that arise during the meeting process and a card featuring simplified charts of parliamentary motions is available for the user s quick reference An essential volume for members of nonprofits voluntary associations unions condo and homeowner associations student organizations and government bodies Notes and Comments on Robert s Rules makes parliamentary procedure accessible to meeting participants as never before Each section of this authoritative straightforward guide is designed to empower participants with the confidence and knowledge necessary to navigate any meeting large or small with the utmost efficiency 2013 Winner of the Phifer Award from the National Communication Association

Notes and Comments, 3rd Edition , This third edition of Jon Ericson s Notes and Comments on Robert s Rules updates all references and page numbers to the tenth edition of Robert s Rules of Order Newly Revised published in 2000 Ericson s guide to the authoritative parliamentary resource clarifies many of the concepts and rules that intimidate or confuse the members of organizations who use it stressing that they have a choice in and may in fact modify the rules by which they are bound Ericson begins with the Order

of Precedence which he defines as the key concept in understanding and utilizing parliamentary procedure He then uses a question and answer format in which a logical progression of essential parliamentary questions is explicitly answered with a rationale for each rule Throughout he provides specific page references to Robert s Rules Through these three elements he makes classic doctrine intelligible and workable leading the reader step by step through the rules and their applications and in the process encouraging people to feel more positive about parliamentary procedure and their ability to use it Far too many members armed or more accurately disarmed with a misconception of parliamentary procedure choose to spend a lifetime wondering what is going on and lamenting or blaming others when things fail to go their way writes Ericson in the Introduction Understanding parliamentary procedure also allows a person to have more fun not just the fun of socializing outside the business meeting but the fun of performing in the public arena A popular concise and clear handbook Notes and Comments on Robert s Rules emphasizes the simple machinery of the system relates its concepts to the procedures most commonly used in meetings and conventions and encourages members to obtain and study rather than shy away from Robert s Rules of Order Newly Revised This new edition also expands the number of question and answer sections and surveys the research in and commentary on the field since 1991 A laminated removable card featuring simplified charts of parliamentary motions serves as an additional resource and is included with the volume
