Otto Friedmann Kernberg

The Supervisory Encounter A Guide For Teachers Of Psychodynamic Psychotherapy And Psychoanalysis:

The Supervisory Encounter Daniel Jacobs, Paul David, Donald Jay Meyer, 1995 Good supervision is crucial to the training of any therapist Yet most who are asked to supervise receive little instruction in how best to proceed What is missing is a theory and technique of supervision that can help them be effective teachers no matter from what mental health discipline they come The authors of this book who have supervised in a variety of educational settings and have taught students from a wide range of mental health disciplines now provide a theoretical and technical framework for understanding and deepening the supervisory process They clearly describe phases of supervision from the opening session to termination its goals and the nature and purpose of a number of supervisory interventions They delineate modes of thinking that are essential to being a good therapist and discuss how best to foster them They demonstrate how supervision can be intimate personal and honest without becoming a form of therapy Through clinical vignettes they show how to diagnose impediments to learning and describe strategies for overcoming them While providing an interesting history of supervision and a portrait of Freud as supervisor they focus mainly on how newer theories such as self psychology intersubjectivity and an interactive two person psychology influence the practice of supervision *Psychodynamic Psychotherapy* Deborah L. Cabaniss, 2016-07-26 An updated and expanded new edition of a widely used guide to the theory and practice of psychodynamic psychotherapy Cabaniss *Psychodynamic Psychotherapy A Clinical Manual* 2nd Edition provides material for readers to apply immediately in their treatment of patients The Complete Systemic Supervisor , 1997 A preparatory text for students preparing to write the Supervisory Philosophy Statement and Case Study required for the Approved Supervision application for the American Association of Marriage and Family Therapy The 26 contributors outline contextual variables such as gender sexual orientation ethnicity and class to increase sensitivity and the contexts in which supervision occurs including academic settings agencies and private practices Additionally discussions of supervision philosophy and pragmatics help students develop their own game plan to meet supervision challenges and requirements Annotation copyrighted by Book News Inc Portland OR *Handbook of Clinical Social Work Supervision* Carlton Munson, 2012-11-12 Take social work supervision into the new millennium This newly revised edition of the classic text is a thorough comprehensive guidebook to every aspect of supervision including learning styles teaching techniques emotional support for supervisors and supervision in different settings Its detailed discussions of ethics and legal issues in practice are invaluable Designed for use by busy supervisors *Handbook of Clinical Social Work Supervision* Third Edition offers a new partnership model of supervision Thoroughly revised and updated *Handbook of Clinical Social Work Supervision* Third Edition addresses the dramatic changes in the field brought by new technologies and managed care Numerous case illustrations and exercises supplement the text to facilitate classroom discussion or continuing education seminars Assessment scales have been modified to conform to more recent data and the questionnaires have been extensively revised In addition you will find significant new material on crucial topics

including using DSM IV categories for diagnosis and assessment how managed care has changed treatment planning practice protocols documentation and other aspects of social work issues of cultural diversity including respect for persons with disabilities and handling gender issues dealing with specific problems and populations including domestic violence substance and alcohol abuse and child and adolescent treatment a model for managing organizational change social worker stress and burnout new directions for social work as a profession Handbook of Clinical Social Work Supervision Third Edition will help you change your practice with the times by incorporating the capabilities of the Internet and other advanced technologies It will also teach you to work around the restrictions created by managed care insurance plans This bestselling textbook is ideal for classroom use as well as being an essential resource for any supervisor

Group Analytic Supervision Margaret Smith, Margaret Gallop, 2023-12-06 Group Analytic Supervision uses group analytic concepts to cast light on how group supervision works covering history theory and practice Margaret Gallop and Margaret Smith illustrate the benefits that supervision can provide for post qualification group supervision This book offers a model of group analytic supervision the clinical hexagon to support supervisors of groups in thinking about their supervision group and its process Gallop and Smith use vignettes to illustrate how supervision groups work together to broaden and deepen their understanding of their clients including examples that demonstrate the benefits of this multi perspective approach for therapists providing dyadic therapy Group Analytic Supervision addresses several of the key tasks for supervisors of groups including establishing and maintaining boundaries around the work establishing good working relationships working with parallel process transference and countertransference It describes using difference and diversity to enrich learning and it stresses the importance of self care Group Analytic Supervision will be essential reading for anyone who is providing group supervision particularly therapists who undertake group analytic training It will also be of great interest to counsellors and therapists social workers probation officers and healthcare staff who both provide and receive group supervision

Making Sense Together Peter Buirski, Pamela Haglund, Emily Markley, 2020-09-15 The second edition of Making Sense Together provides a greater examination of the clinical practice of the intersubjective perspective Listening and responding intersubjectively is concerned with attuning to affect putting words to affective experience and maintaining a caring relationship that offers the kind of needed self objective experience missing in development In addition the intersubjective perspective co constructs a developmental narrative that contextualizes the evolution of the person s troubles In this new and updated edition authors Peter Buirski Pamela Haglund and Emily Markley draw on more than twenty years of combined experience teaching and supervising in the practice of the intersubjective perspective

Supervision in Clinical Practice Joyce Scaife, 2013-12-19 Since the publication of the first edition of this book supervision has become of even greater significance in health education and social care settings with continuing pace in the trend towards mandatory registration managed care and clinical governance This fully updated and expanded edition includes new chapters on issues of diversity and the managerial role of

the supervisor in context Packed with practical examples in the key areas of personal and professional development Joyce Scaife and her contributors draw on three decades of clinical experience to explore frequently encountered dilemmas including how supervisors facilitate learning the ethical bases of supervision creating and maintaining a good working alliance how supervisors can balance management and supervision roles working equitably in an increasingly diverse and pluralistic world Supervision in Clinical Practice offers a range of suggestions for providing supervision that are stimulating creative and fun using methods that ensure safe and open practice It is an indispensable text for supervisors and supervisees who practice clinically in a range of professions including applied psychology counselling psychotherapy psychiatry nursing and social work

Psychoanalytic Education at the Crossroads Otto Friedmann Kernberg, 2016-02-26 Training in psychoanalysis is a long and demanding process However the quality of education available is hugely variable across the world The structure of psychoanalytic education centered on the hierarchical training analysis system reflected a concerted effort to maintain a stable and high quality educational process However throughout time this system has become a major source of institutional contradictions that affect the training of candidates the scientific developments within psychoanalysis and the nexus of psychoanalytic theory and practice with the surrounding scientific social and cultural world Psychoanalytic Education at the Crossroads examines the ways in which group processes the hierarchical culture in institutes the influence of individual personalities the lack of research and the faults in supervision can all stifle creativity and hinder candidates progress In this compelling work Otto Kernberg sets out clear suggestions for how these issues can be addressed and how he sees the future of psychoanalytic education across all psychoanalytic settings and schools of thought The first part of this volume is focused primarily on the analysis of the nature of these problems and their effects on the personal analysis and supervision of candidates on theoretical and clinical seminars on selection progression and graduation on educational principles and requirements developments of theory and technique and in particular limitation versus expansion of the realm of interests and applications of psychoanalysis The second part of this volume deals with

proposals of solutions to the problems encountered and major suggestions for innovation in psychoanalytic education. The author's work in this area has been hugely influential. Kernberg has made a substantive difference in the development of psychoanalytic institutes and education and continues to do so. *Psychoanalytic Education at the Crossroads* will be essential reading to anyone involved in psychoanalytic education whether as a psychoanalyst, psychoanalytic psychotherapist, trainee, trainer or supervisor.
