Celebrating Life Customs around the World Victoria R. Williams, 2016-11-21 This book documents hundreds of customs and traditions practiced in countries outside of the United States, showcasing the diversity of birth, coming of age and death celebrations worldwide. From the beginning of our lives to the end, all of humanity celebrates life's milestones through traditions and unique customs. In the United States, we have specific events like baby showers, rites of passage such as Bat and Bar Mitzvahs and sweet 16 birthday parties, and sober end of life traditions like obituaries and funeral services that honor those who have died. But what kinds of customs and traditions are practiced in other countries? How do people in other cultures welcome babies, prepare to enter into adulthood, and commemorate the end of the lives of loved ones? This three-volume encyclopedia covers more than 300 birth, life and death customs, with the book's content organized chronologically by life stage. Volume 1 focuses on birth and childhood customs; Volume 2 documents adolescent and early adulthood customs; and Volume 3 looks at aging and death customs. The entries in the first volume examine pre-birth traditions such as baby showers and other gift-giving events, and post-birth customs such as naming ceremonies, child-rearing practices and traditions performed to ward off evil or promote good health. The second volume contains information about rites of passage as children become adults, including indigenous initiations, marriage customs and religious ceremonies. The final volume concludes with coverage on customs associated with aging and death, such as retirement celebrations, elaborate funeral processions and the creation of fantasy coffins. The set features beautiful color inserts that illustrate examples of celebrations and ceremonies and includes an appendix of excerpts from primary documents that include legislation on government-accepted names, wedding vows and maternity/paternity leave regulations. They Do What? Javier A. Galván, 2014-06-19 This single-volume work covers many traditions, customs and activities. Westerners may find unusual or shocking, covering everything from the Ashanti people's funeral celebrations to wife-carrying competitions in Finland. In Maharashtra, India, a tradition exists to throw newborn babies off the tops of buildings. At the Vegetarian Festival in Phuket, Thailand, some people ritualistically pierce their cheeks and faces with swords and knives. How did these surprising customs come to be? From camel wrestling to cheese-rolling competitions to a tomato-throwing festival, this fascinating single-volume encyclopedia examines more than 100

customs traditions and rituals that may be considered strange and exotic to U S readers This work provides high school and undergraduate students with a compelling and fascinating exploration of world customs and traditions Comprising entries by anthropologists religious leaders scholars dancers musicians historians and artists from almost every continent in the world this encyclopedia provides readers a truly global and multidisciplinary perspective The entries explore the origins of the custom explain how it was established as a tradition and describe how and where it is practiced A thematic guide enables readers to look up entries by the type of tradition or custom such as birth coming of age courtship and wedding funeral daily customs holidays and festivals
