The Squatter And The Don Modern Library Classics:

The Squatter and the Don María Amparo Ruiz de Burton, Jennifer M. Acker, 2004-11-09 The Squatter and the Don like its author has come out a survivor notes Ana Castillo in her Introduction The fact that it has resurfaced after more than a century from its original publication is a testimony to its worthiness Inviting comparison to Uncle Tom s Cabin María Amparo Ruiz de Burton s illuminating political novel is also an engaging historical romance Set in San Diego shortly after the United States annexation of California and written from the point of view of a native Californio the story centers on two families the Alamars of the landed Mexican gentry and the Darrells transplanted New Englanders and their tumultuous struggles over property social status and personal integrity This Modern Library Paperback Classic is set from the first edition of 1885 Ana Castillo is a poet essayist and novelist whose works include the recent poetry collection I Ask the Impossible and the novel Peel My Love Like an Onion She lives in Chicago and teaches at DePaul University **From the Edge** Allison E. Fagan, 2016-07-14 Chicana o literature frequently depicts characters who exist in a vulnerable liminal space living on the border between Mexican and American identities and sometimes pushed to the edge by authorities who seek to restrict their freedom As this groundbreaking new study reveals the books themselves have occupied similarly precarious positions as Chicana o literature has struggled for economic viability and visibility on the margins of the American publishing industry while Chicana o writers have grappled with editorial practices that compromise their creative autonomy From the Edge reveals the tangled textual histories behind some of the most cherished works in the Chicana o literary canon tracing the negotiations between authors editors and publishers that determined how these books appeared in print Allison Fagan demonstrates how the texts surrounding the authors words from editorial prefaces to Spanish language glossaries from cover illustrations to reviewers blurbs have crucially shaped the reception of Chicana o literature To gain an even richer perspective on the politics of print she ultimately explores one more border space studying the marks and remarks that readers have left in the margins of these books From the Edge vividly demonstrates that to comprehend fully the roles that ethnicity language class and gender play within Chicana o literature we must understand the material conditions that governed the production publication and reception of these works By teaching us how to read the borders of the text it demonstrates how we might perceive and preserve the faint traces of those on the margins *A Companion to American Agricultural History* R. The End of Eden Terry Beers, 2018-05-31 The story of the Joad family s journey from their ravaged farm in dustbowl Oklahoma to the storied paradise of California helped inform a nation about the brutality poverty and vicious competition among fellow immigrants desperate for work But Steinbeck is only one successor to a rich and esteemed literary tradition in California Drawing on history and cultural theory The End of Eden traces the rise of the California social novel its embrace of the agrarian dream and its ambivalence about technology and the development it enables It relies on various cultural conceptions of space

among them the American Public Land Survey the source of the grid allotments shaping homestead claims Mexican era diseases and Native American traditions that defined a fluid relationship between human beings and the land This animation of four California social novels of the late eighteenth and early nineteenth centuries demonstrates how conflicts over space and place signify cultural conflict It is deeply informed by the author's understanding of historical land issues The works include Joaquin Miller's *Unwritten History Life Amongst the Modocs* Helen Hunt Jackson's *Ramona* Frank Norris' *The Octopus* and Mary Austin's *The Ford* Miller's *Unwritten History Life Amongst the Modocs* and Jackson's *Ramona* examine the tragic but inevitable consequences for native people of making space inhabited already by Native American and Hispanic populations safe for Americans who pursue the agrarian dream without regard to its effects upon those who claim prior tenure on the land Norris' *The Octopus* and Austin's *The Ford* examine the murkier story of trying to preserve or to reclaim the agrarian dream when confronted by the unchecked materialist interests of American capitalism A wide reaching interdisciplinary approach to various cultural conceptions of space *The End of Eden* provides a crucial understanding of the conflicts depicted in social novels that lament the ways in which land is allocated and developed the ways in which American agrarianism and its promise of local sustainable land use is undermined and how it applies to contemporary California In an era where California confronts yet again the complicated patterns of land use fracking water use and water rights coastal regulation and management and agribusiness this groundbreaking work provides an ever relevant context
