The Czech Republic constitutional system. Ediz. italiana e inglese Karel Schelle, 2011 L'anno 2009 costituisce il 20° anniversario dalla caduta del regime totalitario della Cecoslovacchia basato sulla dittatura di un unico partito politico. I profondi cambiamenti economici, politici e sociali avvenuti in Cecoslovacchia dopo l'anno 1989 hanno gradualmente influito su tutte le sfere di vita della società includendo anche il sistema giudiziario. I cambiamenti del sistema giudiziario della Cecoslovacchia socialista si manifestarono soprattutto sul diritto costituzionale. Oltre ai cambiamenti personali avvenuti sulla gestione dello Stato fu necessario effettuare trasformazioni basilari anche sul sistema giudiziario corrispondenti alle necessità di uno stato democratico.

Breve Dizionario Di Politica Europea. Ediz. Italiana E Inglese Marco Marazzi e Stefania Schipani, 2014-04-29 Come si struttura l'attuale Unione europea. Quali sono le sue caratteristiche e come deve modificarle se vuole compiere davvero un salto di qualità per portare a compimento il disegno originario di una terra che sia culla di nazioni diverse ma vicine per diventare una Europa unita e rappresentativa degli Stati e dei cittadini in una parola Federale. L'Europa di oggi è una grande porta con tante serrature ma per trovare l'Europa del futuro e guardare oltre bisogna aprirle tutte e di tutte trovare le chiavi. Ecco il perché di questo libro che fotografa alcuni dei principali aspetti che caratterizzano la nostra Europa attuale: ognuno dei quali una serratura da aprire e quelle che proponiamo sono per noi le chiavi giuste. Le chiavi di una Federazione europea. How is the European Union structured? What are its features and how should it change to take that qualitative step and achieve the original idea of a land that is the cradle of different but close nations and turn itself into a united Europe which represents the States but also the citizens. In one word a Federation. Today's Europe is a great door with many locks to discover the Europe of the future and look ahead of us we need to find all the keys and open all these doors. This is why we wrote this book which takes a picture of some of the main features of today's Europe each one of which is a lock that needs to be opened and for which we try to suggest the right keys. The keys of our European federation.

typological study analyzes the grammatical means which are employed in the languages of Europe to express the comparative of inequality superiority The extant theories and hypotheses about the morphosyntactic structure and the cross linguistic distribution of construction types are reviewed The behavior of comparatives under the conditions of language contact is discussed Data from more than 170 standard and nonstandard varieties of European languages are scrutinized systematically The synchronic picture is complemented by a chapter on the diachrony of comparative constructions The European facts are compared to those of the geographically adjacent Asian and African regions It is argued that cross linguistic investigations must take account also of so called secondary options These secondary options suggest strongly that the supposedly dominant role of the particle comparative cannot be upheld for Europe Moreover only the secondary options allow us to draw isoglosses which cross the borders between Europe and Asia and Africa The British Library General Catalogue of Printed Books, 1986 to 1987 British Library,1988 Verzeichniss der hinterlassenen Bibliothek des Herrn Professors Th.
