Uncommon Finding Your Path To Significance:

Uncommon Tony Dungy, 2011-03-15 The New York Times bestseller is now in softcover with a bonus chapter on how the Dare to Be Uncommon movement is reaching schools teams and families across the country and an update on Tony's life since retiring as head coach of the Indianapolis Colts What does it take to live a life of significance When Indianapolis Colts coach Tony Dungy took home the trophy in Super Bowl XLI fans around the world looked to him as the epitome of success Athletic victory professional excellence fame and celebrity awards and honors he had it all But even in that moment he knew those achievements had little to do with his ultimate significance as a man Coach Dungy still passionately believes that there is a different path to significance a path characterized by attitudes ambitions and allegiances that are all too rare but uncommonly rewarding In the New York Times best seller Uncommon Dungy reveals secrets to achieving significance that he has learned from his remarkable parents his athletic and coaching career his mentors and his walk with God Let Your Path Find You Bob Logan, 2023-01-15 Every person on the planet has their own unique path assigned just to them Has your path found you By some estimates eighty percent of us are on autopilot just doing work every day to make a paycheck but not doing the ONE thing we do better than ten thousand other people the thing we are wired for that thing that gives us a chance to do world class work and make a difference in the world and leave a legacy that matters our path that we were destined to walk Author and speaker Bob Logan's path found him many years ago and that path has taken him on a glorious adventure filled with love heartache joy pain and enduring and unforgettable memories of a life well lived Three times he has walked the 1500 year old Camino de Santiago the 500 mile spiritual journey across Northern Spain learning valuable life lessons he shares here From an early age he was brave enough to step out and try new adventures along his assigned path some successful and some not so successful But all were important Every step led him to where he is today and he wouldn't change a single thing He has gleaned many valuable lessons that he shares here to help you live your best life In this book you will learn how to Overcome fear of failure Not be afraid of stepping outside your comfort zone Tune out the naysayers in your life and find your own path Raise your ambitions and be bolder with your actions Listen to your inner voice more Live a joyful life in spite of the trials and tribulations we all face Live YOUR life not the life someone else wants you to live Don't settle for someone else's version of success Let your path find you Then follow it wherever it leads The Ripple Effect Bob Wilson, 2018-03-20 My grandchildren and I were standing at the edge of a still lake feeding the ducks when my granddaughter picked up a pebble and tossed it into the lake The pebble quickly sank to the bottom of the lake but the effect of the pebble created many ripples They keep spreading and spreading from the center and there was no way to stop them The Ripple Effect is based on the concept that we are connected We can and do affect each other The result is a building of community that will affect how we treat others and the way we live our lives All of us have passion for something as well as a vision and hope to use our gifts and talents for a greater purpose The Ripple Effect was originally written as a textbook for a

character class curriculum using an athletic medium designed to change the culture of sport that provided collegiate student athletes with application model for character driven athletics Today it has become a resource that provides a guide that can apply to anyone who has an interest in desiring to pursue competitive excellence that emulates Christ We live in a culture today that promotes comfort not challenges We want instant gratification free from consequences of our choices Our choices and actions represent who we are what we believe and define our character The ripple effect provides a foundation for a person to better understand who they can become The most important relationship a person will ever have is with themselves The question is are we doing the best they can to become more than they have become Each ripple has a message which is the pebble a theme which is the ripple effect and an application that provides the action necessary to develop and improve character To reach significance in the athletic arena as well as life one needs to be able to embrace competition establish quality relationships and develop values rules of the road that become the lifestyle What happens when we experience the ripple effect We become a person with a Christ like perspective with a renewed purpose a new sense of direction and enhanced relationships
