Uncommon American Housewife Finding Your Connection To The Universe:

Uncommon American Housewife Paula Heindl, 2015-03-25 Around February 20th of this year they told me to write this book I was to write it quickly and to stay focused on two particular subjects Two weeks into my writing I was told the deadline was the weekend of March 22nd which I accomplished They also said We re almost out of time and There are millions who need to know what you re writing I did what I was told I wrote this book in one month Uncommon Not necessarily I believe these types of things are happening all over our planet at this time I am a product of Western civilization but seemed to have been set on a different path even as a young child I preferred the company of adults and their serious conversations to that of my childhood peers and their play I questioned what I was taught rather than accepting everything at face value When my teenage classmates were excitedly planning their careers I chose the traditional path of housewife and mother though I was far from being an ordinary wife and mother Even though I was born after WWII into a generation that enjoyed prosperity and endless possibilities I preferred to live a life style as my ancestors had I knew also there was a presence in my life that was a constant which I never feared but felt instead a significant degree of safety and security This presence seemed to nudge me towards making better decisions and helped me notice things I wouldn t have otherwise I didn t think about them when I was young just taking their constant presence for granted They guided me they taught me they helped me make sense of things I took them for granted I didn t know what it was like to not have them They have always been with me I had never even considered wondering who they were That all changed when I reached a crisis point in my life at the age of fifty two Because I had stripped from me all I had relied on for strength in my life up to this point I asked of the Universe in my moment of agony three key questions 1 Who am I 2 What is my purpose 3 If there is a God who is he I received answers I never anticipated over the following few short years Answers which also revealed who they are and my connectedness to them They are referred to by numerous titles such as Guardians Watchers Holy Spirit Angels ETs Spirit Guides and others and they are a very real presence in millions of people s lives but not something spoken of or hardly ever I also learned via synchronicities and coincidences the ancient history of our planet and who our true ancestors are I am one person and this is my story a story that might be unique to just me but might also be to millions of others I am only asking that people read my accounts of how things were revealed to me with an open mind for I realize fully there are as many paths as there are people It is my hope that people will decide to ask their own questions for that s all it takes to get answers My life has been rich and full because of their presence I have always trusted I ll be taken care of I know they somehow inform me of everything I need to know even when I am not aware of any need to know Maybe if enough of us seek answers we can open up a global dialogue and discover who we are and what our place is in the cosmos find peace within ourselves and ultimately with our entire planet Cincinnati Magazine ,1983-03 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region *The*
