Parables Workbook John F. MacArthur, 2016-03-01 Jesus was a master storyteller and the parables He told were ingeniously simple word pictures Some of them were no more than fleeting remarks about commonplace incidents objects or persons In fact the most compact of all Jesus short stories does not even fill a complete verse of Scripture Yet the all were filled with profound spiritual lessons that He wanted His listeners to hear and understand Jesus told these parables so they would clearly comprehend His message about the kingdom of God and the reason He had come to earth In the *Parables Workbook* master expositor and Bible commentator John MacArthur draws on his years spent studying and explaining the Word of God to guide readers through some of the most famous and influential short stories that Jesus told Each session contains the following Biblical focus the primary passages on which the session draws Another look questions to facilitate review of content in the book Biblical connections questions that focus on the main Bible passage Highlighting the lesson questions that focus on the central teaching points Lasting implications questions to help draw out personal conclusions Daily assignments five sets of questions that reflect on the parable the point the purpose the principles and the practical application This workbook has been designed to enhance readers experience of reading the book and is intended both for individual use and for study in a small group setting

Parables of the Bible Paul X. Halbeck, 2017-08-05 The book first defines what a parable is it is a comparison of two things telling us about the one through familiarity with the other Thirty five parables that Jesus gave us are reviewed plus a few short sayings of His that are also marked as parables each one having a short and concise summary after it The parables that Jesus gave us can be categorized as teaching parables kingdom parables prophetic and warning parables The book tells us of the importance of understanding the parables and puts them in a logical teaching progression that they were given to us over the ministry of Jesus The book ends by showing you a few parable from the Old Testament some of them marked as such and some not We should all become familiar the parables that Jesus gave us For if the book of Proverbs that Solomon wrote is oftentimes referred to as the book of wisdom And now a greater one than Solomon is here Jesus Christ Matthew 12 42 How much greater will be our blessing be when we understand the parables that Jesus gave us
