Understanding Asexuality Understanding Asexuality:

Understanding Asexuality Anthony F. Bogaert, 2012-08-09 Asexuality can be defined as an enduring lack of sexual attraction Thus asexual individuals do not find and perhaps never have others sexually appealing Some consider asexuality as a fourth category of sexual orientation distinct from heterosexuality homosexuality or bisexuality However there is also recent evidence that the label asexual may be used in a broader way than merely as a lack of sexual attraction People who say they have sexual attraction to others but indicate little or no desire for sexual activity are also self identifying as asexual Distinct from celibacy which refers to sexual abstinence by choice where sexual attraction and desire may still be present asexuality is experienced by those having a lack of sexual attraction or a lack of sexual desire More and more those who identify as asexual are coming out joining up and forging a common identity The time is right for a better understanding of this sexual orientation written by an expert in the field who has conducted studies on asexuality and who has provided important contributions to understanding asexuality This timely resource will be one of the first books written on the topic for general readers and the first to look at the historical biological and social aspects of asexuality It includes firsthand accounts throughout from people who identify as asexual The study of asexuality as it contrasts so clearly with sexuality also holds up a lens and reveals clues to the mystery of sexuality

Asexual Experiences in Romantic Relationships Jillian Spencer, 2023. A growing body of research on asexuality, defined as the quality or characteristic of not experiencing sexual attraction, has recently emerged in the psychological and sociological literature. This literature has focused largely on understanding asexuality as both a phenomenological and an individual experience. However, less attention has been given to the ways that asexual individuals experience, navigate, and negotiate relationships, romance, and intimacy. The existing research on this topic suggests that asexual individuals who do pursue romantic relationships tend to do so with non-asexual partners and often struggle to navigate and negotiate intimacy in these relationships.

Ace Angela Chen, 2020-09-15. An engaging exploration of what it means to be asexual in a world that's obsessed with sexual attraction and what the ace perspective can teach all of us about desire and identity. What exactly is sexual attraction, and what is it like to go through life not experiencing it? What does asexuality reveal about gender roles, about romance and consent, and the pressures of society? This accessible examination of asexuality shows that the issues that aces face—confusion around sexual activity, the intersection of sexuality and identity, navigating different needs in relationships—are the same conflicts that nearly all of us will experience. Through a blend of reporting, cultural criticism, and memoir, *Ace* addresses the misconceptions around the A of LGBTQIA and invites everyone to rethink pleasure and intimacy. Journalist Angela Chen creates her path to understanding her own asexuality with the perspectives of a diverse group of asexual people. Vulnerable and honest, these stories include a woman who had blood tests done because she was convinced that not wanting sex was a sign of serious illness, and a man who grew up in a religious

household and did everything right only to realize after marriage that his experience of sexuality had never been the same as that of others Disabled aces aces of color gender nonconforming aces and aces who both do and don't want romantic relationships all share their experiences navigating a society in which a lack of sexual attraction is considered abnormal Chen's careful cultural analysis explores how societal norms limit understanding of sex and relationships and celebrates the breadth of sexuality and queerness Inheritance in the Asexual Reproduction of Centropyxis Aculeata Francis Metcalf
