Without Buddha I Could Not Be A Christian:

Without Buddha I Could Not be a Christian Paul F. Knitter, 2013-01-01 An honest unflinching tale of re finding one's faith from one of the world's most famous theologians Without Buddha I Could Not Be a Christian narrates how esteemed theologian Paul F Knitter overcame a crisis of faith by looking to Buddhism for inspiration From prayer to how Christianity views life after death Knitter argues that a Buddhist standpoint can encourage a more person centred conception of Christianity where individual religious experience comes first and liturgy and tradition second Moving and revolutionary this book will inspire Christians everywhere **Buddhist-Christian Dual Belonging** Gavin D'Costa, Ross

Thompson, 2017-05-15 A growing number of people describe themselves as both Buddhist and Christian but does such a self description really make sense Many people involved in inter faith dialogue argue that this dialogue leads to a mutually transformative process but what if the transformation reaches the point where the Buddhist or Christian becomes a Buddhist Christian Does this represent a fulfilment of or the undermining of dialogue Exploring the growing phenomenon of Buddhist Christian dual belonging a wide variety of authors including advocates sympathisers and opponents from both faiths focus on three key questions Can Christian and Buddhist accounts and practices of salvation or liberation be reconciled Are Christian theism and Buddhist non theism compatible And does dual belonging inevitably distort the essence of these faiths or merely change its cultural expression Clarifying different ways of justifying dual belonging contributors offer criticisms of dual belonging from different religious perspectives Theravada Buddhist Evangelical Reformed and Roman Catholic and from different methodological approaches Four chapters then carry the discussion forward suggesting ways in which dual belonging might make sense from Catholic Theravada Buddhist Pure land Buddhist and Anglican perspectives The conclusion clarifies the main challenges emerging for dual believers and the implications for interreligious dialogue **Stirring**

Waters Bart L. Brenner, Wayne E. Purinton, 2019-08-29 In Stirring Waters Brenner and Purinton tackle a host of questions surrounding the traditional understandings of Christian beliefs and present a variety of perspectives on the key topics of Bible God Yeshua spirit and more They go beyond the why to asking so what Through questions and discussion starters Stirring Waters offers a fresh way of making sense of faith and church It wrestles with the ambiguities uncertainties and risks of this age and discusses the possibilities the authors have discovered for making sense of life and death It delves into a conversation about faith and understanding of those mysteries Christians often associate with God and the religious life I can't tell you what kind of book this is theology spiritual autobiography memoir practical guide It is all of these and none of these Probably it is a category that has not been invented until this moment I can tell you that this book did for me today what Marcus Borg and Dom Crosson did for me at the end of the last century From the Preface by Dr David R Sawyer

Buddhist-Christian Dialogue as Theological Exchange Ernest M. Valea, 2015-04-14 This book is intended to encourage the use of comparative theology in contemporary Buddhist Christian dialogue as a new approach that would truly

respect each religious tradition's uniqueness and make dialogue beneficial for all participants interested in a real theological exchange. As a result of the impasse reached by the current theologies of religious exclusivism, inclusivism, and pluralism in formulating a constructive approach in dialogue, this volume assesses the thought of the founding fathers of an academic Buddhist-Christian dialogue in search of clues that would encourage a comparativist approach. These founding fathers are considered to be three important representatives of the Kyoto School: Kitaro Nishida, Keiji Nishitani, and Masao Abe, and John Cobb, an American process theologian. The guiding line for assessing their views of dialogue is the concept of human perfection as it is expressed by the original traditions in Mahayana Buddhism and Orthodox Christianity. Following Abe's methodology in dialogue, an Orthodox contribution to comparative theology proposes a reciprocal enrichment of traditions not by syncretistic means but by providing a better understanding and even correction of one's own tradition when considering it in the light of the other while using internal resources for making the necessary corrections.

Philosophical and Theological Responses to Syncretism Mika Vähäkangas, Patrik Fridlund, 2017-09-25. *Theological and Philosophical Responses to Syncretism: Beyond the Mirage of Pure Religion* by Patrik Fridlund and Mika Vähäkangas, eds. starts from the observation that there is a substantial gap between religions' self-understanding and the empirical results of religious studies concerning religious blending. Even in the theology of religion, one often portrays religions as if they were entities fundamentally separate from each other. The aims of this book are to elaborate theologically the consequences of syncretism to Christian faith and of syncretism to philosophy. By creating a critical interchange between theological, philosophical, and empirical approaches to religion, this book challenges the conventional views of the purity of religions prevailing in theology and philosophy as well as proposes theological and philosophical ways forward. Contributors are Jonas Adelin, Stephen Bevans, Gavin d Costa, Patrik Fridlund, Lotta Gammel, Elizabeth Harris, Jerker Karlsson, Paul Linjamaa, Kang San Tan, and Mika Vähäkangas.

Religious Diversity--What's the Problem? Rita M. Gross, 2014-04-24. Once upon a time, on grounds of both religion and common sense, people assumed that the earth was flat and that the sun literally rose and set each day. When newly developing knowledge made those beliefs untenable, giving them up was difficult. Today, the belief that only one of the world's various religions is true for all people on earth is equivalent to the belief in a flat earth. Both notions have become untenable given contemporary knowledge about religion. Even though many people are still troubled by the existence of religious diversity today, that diversity is a fact of life. Religious diversity should be no more troubling to religious people than the fact that the earth is round and circles the sun. This provocative book, based on the author's longtime practice of Buddhism and comparative study of religion, provides tools with which one can truly appreciate religious diversity as a gift and resource rather than as a deficiency or a problem to be overcome. After we accept diversity as inevitable and become comfortable with it, diversity always enriches life, both nature and culture.

Document Analysis Systems Giorgos Sfikas, George Retsinas, 2024-09-10. This book constitutes the refereed proceedings of the 16th IAPR International Workshop on Document Analysis Systems (DAS).

2024 held in Athens Greece during August 30 31 2024 The 27 full papers presented were carefully reviewed and selected from 43 submissions addressing topics like document analysis and understanding retrieval and VQA layout analysis document classification OCR correction and NLP recognition systems and historical documents Journeys of Transformation John D. Barbour,2022-03-31 Western Buddhist travel narratives are autobiographical accounts of a journey to a Buddhist culture Dozens of such narratives have since the 1970s describe treks in Tibet periods of residence in a Zen monastery pilgrimages to Buddhist sites and teachers and other Asian odysseys The best known of these works is Peter Matthiessen s *The Snow Leopard* further reflections emerge from thirty writers including John Blofeld Jan Van de Wetering Thomas Merton Oliver Statler Robert Thurman Gretel Ehrlich and Bill Porter The Buddhist concept of no self helps these authors interpret certain pivotal experiences of unselfing and is also a catalyst that provokes and enables such events The writers spiritual memoirs describe how their journeys brought about a new understanding of Buddhist enlightenment and so transformed their lives Showing how travel can elicit self transformation this book is a compelling exploration of the journeys and religious changes of both individuals and Buddhism itself The Grace of Being Fallible in Philosophy, Theology, and Religion Thomas John Hastings,Knut-Willy Sæther,2020-11-05 Why is epistemic fallibilism a viable topic for Christian thought and cultural engagement today Religious fundamentalists and scientific positivists tend to deal with reality in terms of knockdown arguments and such binary approaches to lived reality have helped to underwrite the belligerence and polarization that mark this age of the social media echo chamber For those who want to take both religion and science seriously epistemic fallibilism offers a possible moderating stance that claims neither too much nor too little for either endeavor nor forces a decision for one side over and against the other This book uses this epistemological approach to fallibilism as a positive resource for conversations that arise at the intersection of philosophy theology and religion The essays explore a range of openings into the interstices of these often siloed fields with the aim of overcoming some of the impasses separating diverse ways of knowing **Kierkegaard and the Paradox of Religious Diversity** George B. Connell,2016-02-24 S ren Kierkegaard 1813 1855 famously critiqued Christendom especially the religious monoculture of his native Denmark But what would he make of the dizzying diversity of religious life today In this book George Connell uses Kierkegaard s thought to explore pressing questions that contemporary religious diversity poses Connell unpacks an underlying tension in Kierkegaard revealing both universalistic and particularistic tendencies in his thought Kierkegaard s paradoxical vision of religious diversity says Connell allows for both respectful coexistence with people of different faiths and authentic commitment to one s own faith Though Kierkegaard lived and wrote in a context very different from ours this nuanced study shows that his searching reflections on religious faith remain highly relevant in our world today **Queering Christianity** Robert E. Shore-Goss,Thomas Bohache,Patrick S. Cheng,Mona West,2013-06-25 A fascinating read for anyone seeking to understand the conflict between Christianity and LGBTQI individuals this book is as its editors proclaim a fearlessly wide vision of queer Christians finding a

place within Christianity and claiming their authentic experience and voice Through essays by noted lesbian gay bisexual transgender queer or questioning and intersex LGBTQI religion scholars this important compilation summarizes the history and current status of LGBTQI theology exploring its relationship to the policies practices and theology of traditional Christianity Contributors contrast the radically inclusive thinking of LGBTQI theology with the exclusivity practiced by many Christian churches explaining the reasoning of each and clarifying contentious issues At the same time the book highlights ways in which queer theology and practice benefit Christian congregations Writing from the perspective of grassroots Christian LGBTQI movements many of the contributors draw upon their own experiences They provide graphic examples of the effects exclusion has on individuals congregations and denominations and also share examples of inclusion and its effects Equally important the work creates the basis for dialogue between traditional churches and followers of LGBTQI theology offering practical suggestions for Christian congregations that wish to put aside exclusionary policies and practices

Triangulating Religion, Belief, and Faith in the Twenty-First Century Bradford McCall, 2025-01-16 This book gives the reader the ability to make new inroads to understanding how faith belief and religion not only differ but also how they can contribute to comparative theology These three topics broadly covered herein can heighten the understanding of the Sacred by those who study them As to a few preliminaries what is faith Further what is belief Which one comes first in a person's journey toward the Sacred Moreover does religion factor into these two terms and if so where and how Does Augustine's well worn line faith seeking understanding mean anything today If it does would it mean belief comes prior to faith and or religion One can argue both sides of this debate and still be considered orthodox seemingly Perhaps it is the case that belief precedes faith most of the time but not all of the time Perhaps it is the other way around What exactly is the demarcation between belief and faith Many a person believes a thing to be true in their very bones such a stance borders on what is commonly referred to as faith Is religion the combination of belief and faith together into a coherent system of thought or is it emergent from the two existing as a separate mental or spiritual entity Explore these questions and more

What Christians Can Learn from Other Religions J. Philip Wogaman, 2014-03-24 Examining other religions provides Christians the opportunity to more deeply understand their own beliefs Learning about other religions is not the same as learning from other religions which can have great value to Christians who wish to strengthen their faith In this book's ten easy to read chapters Wogaman shows readers what Christians can learn from different religions such as Judaism Islam Hinduism Buddhism and even from atheism From these religions Christians can achieve insight into love sin ritual the importance of myth to convey truth the foundational roots of Christianity the dark side of Christian history and many other important ways to see and interpret the world and to understand God The book concludes with a chapter on what other religions can learn from Christianity Perfect for church study groups each chapter ends with questions for discussion

The Oxford Handbook of Christianity in Asia Felix Wilfred, 2014-05-23 Named by the International Bulletin of

Missionary Studies as an Outstanding Book of 2014 for Mission Studies Despite the ongoing global expansion of Christianity there remains a lack of comprehensive scholarship on its development in Asia This volume fills the gap by exploring the world of Asian Christianity and its manifold expressions including worship theology spirituality inter religious relations interventions in society and mission The contributors from over twenty countries deconstruct many of the widespread misconceptions and interpretations of Christianity in Asia They analyze how the growth of Christian beliefs throughout the continent is linked with the socio political and cultural processes of colonization decolonization modernization democratization identity construction of social groups and various social movements With a particular focus on inter religious encounters and emerging theological and spiritual paradigms the volume provides alternative frames for understanding the phenomenon of conversion and studies how the scriptures of other religious traditions are used in the practice of Christianity within Asia

Invitation and Belonging in a Christian Ashram Nadya Pohran, 2022-04-21 Based on 10 months of ethnographic fieldwork this book presents a social history of Sat Tal Christian Ashram STA an Ashram in the Kumaon foothills of northern India This book explores how some Christian missionaries have sought to inflect Christianity with Advaita Vedantic undertones in a number of Indian contexts it then analyses how STA draws upon but also differs from existing practices of inculturation In demonstrating the distinctions of STA this book offers new ethnographic data on the topics of Indian Christianity Christian missiology and Hindu Christian relations This book also contributes to emergent discussions of multiple religious orientation existential belonging and the negotiation that occurs as individuals and communities seek to invite or belong alongside individuals whose proclaimed faiths are different than their own It is written in a clear and accessible style making it suitable for undergraduate students while also offering specialists new qualitative data and insightful theoretical reflections

Interreligious Theology Ephraim Meir, 2015-08-17 This book is the first greater attempt to construct a dialogical theology from a Jewish point of view It contributes to an emerging new theology that promotes the interrelatedness of religions in which encounter openness hospitality and permanent learning are central The monograph is about the self and the other inner and outer own and strange about borders and crossing borders and about the sublime activities of passing and translating Meir analyses and critically discusses the writings of great contemporary Jewish dialogical thinkers and argues that the values of interreligious theology are moored in their thoughts In his view interreligious dialogue supposes attentive listening humility a critical attitude towards oneself and others a good amount of self relativism and humor It is about proximity dialogical reading engagement and interconnectedness

Meaning and Method in Comparative Theology Catherine Cornille, 2019-02-21 The first systematic overview of the field of comparative theology Meaning and Method in Comparative Theology offers a synthesis of and a blueprint for the emerging field of comparative theology It discusses various approaches to the field the impact of religious views of other religions on the way in which comparative theology is conducted and the particularities of comparative theological hermeneutics It also

provides an overview of the types of learning and of the importance of comparative theology for traditional confessional theology Though drawing mainly from examples of Christian comparative theology the book presents a methodological framework that may be applied to any religious tradition Meaning and Method in Comparative Theology begins with an elaboration on the basic distinction between confessional and meta confessional approaches to comparative theology The book also identifies and examines six possible types of comparative theological learning and addresses various questions regarding the relationship between comparative and confessional theology Provides a unique and objective look at the field of comparative theology for scholars of religion and theologians who want to understand or situate their work within the broader field Contains methodological questions and approaches that apply to comparative theologians from any religious tradition Recognizes and affirms the diversity within the field while advancing unique perspectives that might be the object of continued discussions among theologians Meaning and Method in Comparative Theology offers an important basis for scholars to position their own work within the broader field of comparative theology and is an essential resource for anyone interested in theology conducted in dialogue with other religious traditions 2021 PROSE Finalist in the Theology Religious Studies category **Readings in the Philosophy of Religion - Third Edition** Kelly James Clark, 2017-05-03 This anthology contains the best of both classical and contemporary sources offering a balanced historical approach to the philosophy of religion while reflecting the latest developments in the field The included readings grapple with issues that are existentially compelling and provocative regardless of one's religious leanings Topics are covered in a point counterpoint manner designed to foster deep reflection This third edition contains an entirely new section on early Chinese religion as well as new essays on religious language feminism and the cognitive science of religion Theology Without Walls Jerry L. Martin, 2019-10-01 Thinking about ultimate reality is becoming increasingly transreligious This transreligious turn follows inevitably from the discovery of divine truths in multiple traditions Global communications bring the full range of religious ideas and practices to anyone with access to the internet Moreover the growth of the nones and those who describe themselves as spiritual but not religious creates a pressing need for theological thinking not bound by prescribed doctrines and fixed rituals This book responds to this vital need The chapters in this volume each examine the claim that if the aim of theology is to know and articulate all we can about the divine reality and if revelations enlightenments and insights into that reality are not limited to a single tradition then what is called for is a theology without confessional restrictions In other words a Theology Without Walls To ground the project in examples the volume provides emerging models of transreligious inquiry It also includes sympathetic critics who raise valid concerns that such a theology must face This is a book that will be of urgent interest to theologians religious studies scholars and philosophers of religion It will be especially suitable for those interested in comparative theology inter religious and interfaith understanding new trends in constructive theology normative religious studies and global philosophy of religion **Twenty Observations on a World in Turmoil** Ulrich

Beck, 2013-04-26 Translated by Ciaran Cronin The world is a state of turmoil From the financial crisis to the chaos in the eurozone from the Arab uprisings to protests in Athens Barcelona New York and elsewhere many of the familiar frameworks are collapsing and we have to find new ways to orient ourselves in a world undergoing rapid change Of course it is necessary for political leaders to address local issues and react to people s specific demands but without a cosmopolitan outlook such a reaction is likely to be inadequate Ulrich Beck s Twenty one Observations on a World in Turmoil is a demonstration of cosmopolitan politics in practice It is more than a mirror it is a magnifying glass that brings into focus the processes that are transforming our world and highlights the great challenges we face today Global domestic politics the concept introduced and developed by Beck is much more than a political theory a philosophical utopia or dystopia a governance programme or a mental state it is the reality of our times Beck turns the argument that global domestic politics is an unrealistic ideology on its head arguing that it is the proponents of the national who are the idealists They view reality through the obsolete lenses of the nation state and thus cannot see the profound global changes that are transforming our reality Global domestic politics is therefore a perspective a political reality and a normative idea And it is the critical theory of our times since it challenges the most profound truths which we hold dear the truths of the nation
