Woman To Woman Sharing Jesus With A Muslim Friend:

Woman to Woman Joy Loewen, 2010-01-01 Like many women in the Church Joy Loewen didn't fully understand Muslim women or their roles in the Muslim culture and religion. In fact she was afraid of them and not particularly interested in befriending them. But with prayer, wisdom and a lot of love Joy overcame these obstacles, found that she actually liked them and that many of these women are irresistibly attracted to the love of Jesus. For the last thirty years she has used this knowledge to build authentic connections with Muslim women, reaching out to them in a sensitive, effective way. In this practical and very personal book Joy shares not only her insights into befriending Muslim women but many helpful stories from her own experiences. Her goal is to help readers move from fear to love and compassion so that they too can love as Christ does. Woman to Woman is essential reading for Christian leaders, ministries and any layperson who wants to grow in love for and understanding of Muslims.

Toward Respectful Understanding and Witness among Muslims Evelyne A. Reisacher, Joseph L. Cumming, Dean S. Gilliland, 2012-06-28 Fifteen preeminent Christian scholars of Islam present their latest research and reflections. The book is organized around three themes: encouraging friendly conversation, Christian scholarship and Christian witness. Published in honor of J. Dudley Woodberry, it is more than a collection of essays by friends and colleagues. It offers a seldom available synopsis of the theories of contemporary leading Christian academicians whose work is currently influencing a wide range of Christian institutions, agencies, churches and individuals. The authors provide cutting edge and greatly needed resources for developing a better understanding of Muslims. In an age of increasing challenges facing Muslim-Christian relations, this volume offers Christians a unique opportunity to rethink their assumptions. It also presents practical steps which can inform their daily encounters with Muslims. This book is essential reading for people with research interests in Islam, for Bible school and seminary students, for church leaders and for all those who want to be informed of the latest empirical research and theoretical perspectives affecting Muslim-Christian relations.
