eight Zen stories of spiritual awakening called public cases or gong'ans known as k'ans in Japanese and kongans in Korean. This book presents a new English translation with close readings and creative analyses of the Gateless Barrier from both scholarly and practitioner perspectives allowing a range of readers to venture into the rich world of Chan and Zen. Specialist contributors offer insights on historical context, literary structure, philosophical implications and gendered dimensions as well as the embodied practice and contemporary experience of the stories in the Gateless Barrier. By bringing together academic expertise with experiential insight from Zen teachers, this book provides a grounded and nuanced account of how the Gateless Barrier has been and continues to be practiced and lived in China, Korea, Japan and the West. An innovative and sophisticated study, this book is ideal for university classroom use and it also makes the Gateless Barrier accessible to other first-time readers, Buddhist practitioners and scholars. Mindfulness J. Mark Williams, Jon Kabat-Zinn, 2013-10-18

Mindfulness-based approaches to medicine, psychology, neuroscience, healthcare, education, business, leadership and other major societal institutions have become increasingly common. New paradigms are emerging from a confluence of two powerful and potentially synergistic epistemologies: one arising from the wisdom traditions of Asia and the other arising from post-enlightenment empirical science. This book presents the work of internationally renowned experts in the fields of Buddhist scholarship and scientific research as well as looking at the implementation of mindfulness in healthcare and education settings. Contributors consider the use of mindfulness throughout history and look at the actual meaning of mindfulness whilst identifying the most salient areas for potential synergy and for potential disjunction. Mindfulness: Diverse Perspectives on its Meanings, Origins and Applications provides a place where wisdom, teachings, philosophy, history, science and personal meditation practice meet. It was originally published as a special issue of *Contemporary Buddhism*.

Christianity and Religious Diversity Harold A. Netland, 2015-05-12 This book explores how religions have changed in a globalized world and how Christianity is unique among them. Harold Netland, an expert in philosophical aspects of religion and pluralism, offers a fresh analysis of religion in today's globalizing world. He challenges misunderstandings of the concept of religion itself and shows how particular religious traditions such as Buddhism undergo significant change with modernization and globalization. Netland then responds to issues concerning the plausibility of Christian commitments to Jesus Christ and the unique truth of the

Christian gospel in light of religious diversity The book concludes with basic principles for living as Christ's disciples in religiously diverse contexts

The Buddha's Footprint Johan Elverskog, 2020-02-21 A corrective to the contemporary idea that Buddhism has always been an environmentally friendly religion In the current popular imagination Buddhism is often understood to be a religion intrinsically concerned with the environment The Dharma the name given to Buddhist teachings by Buddhists states that all things are interconnected Therefore Buddhists are perceived as extending compassion beyond people and animals to include plants and the earth itself out of a concern for the total living environment In *The Buddha's Footprint* Johan Elverskog contends that only by jettisoning this contemporary image of Buddhism as a purely ascetic and apolitical tradition of contemplation can we see the true nature of the Dharma According to Elverskog Buddhism is in fact an expansive religious and political system premised on generating wealth through the exploitation of natural resources Elverskog surveys the expansion of Buddhism across Asia in the period between 500 BCE and 1500 CE when Buddhist institutions were built from Iran and Azerbaijan in the west to Kazakhstan and Siberia in the north Japan in the east and Sri Lanka and Indonesia in the south He examines the prosperity theology at the heart of the Dharma that declared riches to be a sign of good karma and the means by which spiritual status could be elevated through donations bequeathed to Buddhist institutions He demonstrates how this scriptural tradition propelled Buddhists to seek wealth and power across Asia and to exploit both the people and the environment Elverskog shows the ways in which Buddhist expansion not only entailed the displacement of local gods and myths with those of the Dharma as was the case with Christianity and Islam but also involved fundamentally transforming earlier social and political structures and networks of economic exchange *The Buddha's Footprint* argues that the institutionalization of the Dharma was intimately connected to agricultural expansion resource extraction deforestation urbanization and the monumentalization of Buddhism itself

Buddhist Studies Richard Francis Gombrich, Cristina Anna Scherrer-Schaub, 2008-01-01 The impressive growth of Buddhist Studies in recent years is the result of several factors Important collections of manuscripts have been found and monuments unearthed in nearly all parts of Asia where Buddhism existed political and social events bringing East and West together have increased interest in both scholarly research and Buddhist religious practices The spread of Buddhism outside its birthplace Madhyadesa first in India and soon throughout Asia prompted its followers constantly to invent new discursive strategies and to adjust the rules to local customs and administrations The essays presented here illustrate how why Buddhist literature adapted to a new and specific context particularly in North west India They also discuss hermeneutical and exegetical practices of Indian Buddhism the complex interrelation between the Brahmanical and the Buddhist milieu as well as the role of the social and political context in determining the rules of the monastic code vinaya
